HARRISBURG

Wednesday Afternoon, February 27, 1861.

THE "TIGER." - We learn that this ferocious animal is open for a fight nightly in Harrisburg during the sitting of the Legislature.

LOOK OUT FOR THEM .- A large amount of Beverly, New Jersey, are now in circulation. There is no such Bank, so beware of them. A charter for such a Bank exists, but as the laws of the State have not been complied with, the issue of bills is illegal and irresponsible.

Workingmen's Meeting .- The officers of the late Workingmen's meeting, and the members of the various ward committees, are requested to meet in the Sheriff's office, adjoining the Court room, to-morrow evening at seven o'clock, for the transaction of special business relating to a more thorough and permanent organization of the Workingmen's party.

ZOUAVES .- We learn that about fifty young men belonging to the Hope Fire Company have enrolled themselves as members of the new military Zouave corps about to be organized in Harrisburg. From present indications, the movement will be successful. Our own opinion is that a company or regiment similar to the National Guard of Philadelphia, would be more creditable to the city.

GENEROUS CONTRIBUTION.—The employees of the Harrisburg Car Factory, following the example of their worthy Superintendent, Mr. Hildrup, have contributed, in the aggregate, erous one.

A MAN Found DEAD .- Mr. Thomas Neal, of Lower Chanceford township, York county, was found dead in the tail race at Grove's mill recently. Mr Neal was seen on his way home with a horse and buggy, after dark on Saturday night, and in crossing the bridge over the race, it is supposed the animal became frightened and was unfortunately thrown from the side of it into the water, a distance of some ten or so many children into one room for hours with about forty years of age.

CARRYING THE WAR INTO AFRICA.-At a late hour last night a white man, whose name ner's alley-a locality where colored rowdies this class. Being armed with a formidable turned upon his assailants, severely wounding one of them, and putting the other to flight. Tanner's alley, as well as "Bassa Cove" generally, is a dangerous locality for white men, especially strangers, to visit late at night. There are several dens there, regularly frequented by colored rowdies armed with razors, 'waiting for something to turn up' in their line of business, and taking advantage of every opportunity to assault and plunder white men who venture among them.

PETROLEUM PREPARATION FOR THE JUDGMENT DAY.—A number of wicked editors are much distressed about the theory lately advanced by distressed about the theory lately advanced by philosophers that Tophet is near by, and that a forerunner to its coming is the breaking out of innumerable oil wells in various sections of of innumerable oil wells in various sections of the country. One of our frightened cotemporaries says that the latest and most feasible theory growing out of the sudden appearance of oil in such immense quantities in region<sup>8</sup> where it could not have existed but a compara tively short space of time, is, "that the internal fires of the earth known to exist are making their way to the surface, where, in accord ance with the prophecy, 'the elements are to melt with fervent heat.' The caloric from these subterranean fires has just reached the coal strata, and the oil which forms the igneous portion of that carbonic compound is driven from it, and forced by superincumbent pressure to occupy fissures and the softer formations of the earth below, until relieved by apertures from the surface. Those living in the coal refirst. Watch and pray."

THE WILLIAMSPORT TRAGEDY .- DEATH OF THE MURDERER.-On Monday we published an account of the murder, at Williamsport, of an Irish woman, by her husband, Barney Helan. The deed was committed two weeks ago, and on Sunday last the remains of the murdered woman were found in an out. house connected with Helan's shanty, where the ministers have already consented with the pages were the ministers have already consented to the ministers have already they had been buried. When the news was they had been buried. When the news was communicated to Helan that the body of his wife had been found, he attempted to commit spicide by cutting his throat, but the wound snicide by cutting his throat, but the wound was promptly sewed up, and the physician thought he would recover. The prisoner lingered in a suffering condition until yesterday morning, when he died, thus saving the county the expense of trying and executing him.-The supposition is that the human monster canvass the various districts of the city. The murdered his wife while she was lying in bed names of the ladies comprising these commitstupid from the effects of whiskey, as both tees, and the districts assigned them, we pubwere in the habit of drinking to excess. Her lished in the Telegraph yesterday afternoon.] throat was cut from ear to ear and her skull broken in several places. From some expressions of Helan previous to his death, it seems that he had been twice married, and murdered his first wife also. He was a tailor by trade, and a first-class workman, but could not refrain from excessive indulgence in whiskey, and failed to provide for his family. He leaves four small children, who are now in the poorhouse of Lycoming county. May He who over and protect the helpless little ones thus mittees, taking credit for the same at once suddenly orphaned by the brutal deed of a upon the collectors' books, which will be dedrunken father.

THE PENNSYLVANIA RAILROAD SHOPS at Parkes burg will be closed shortly, and a number of workmen are preparing to remove to this city. new machine shops put in operation, the Company will require hundreds of additional hands the State. at this point.

To THE LOVERS OF MUSIC.-Just received at elegant productions of the season: "Amour et Hazard," Polka Mazourka," "Beverly Polka," "Serenade, entitled, 'Oh! tell us if our song bills, purporting to be of the Beverly Bank, to thee," Loi et Moi;" together with a well selected stock of musical merchandise, all of which can be obtained at No. 92 Market street.

> Going to Washington.—The Legislature will probably adjourn on Friday until the middle of next week, to afford members an opportunity of visiting Washington and witnessing the ceremonies incident to the inauguration of President Lincoln. Most of the Republican members, and a large number of citizens, intend making an excursion to the Federal Capital on that occasion.

> MISSORTUNE OF A TAX COLLECTOR. - A few nights ago while Mr. Robert A. Laird, tax colector of Porter township, Huntingdon county, was traveling in a carriage from Petersburg to Alexandria, his horse took fright, ran off and broke loose from the carriage, pulling him out over the dasher and dragging him some two or three rods on the frozen, read before he got the animal stopped. He lost his overcoat, and a pocket book containing twelve hundred and eighty-five dollars in bank bills. The pocket book was found the next day, but the bills were taken out. Mr. Laird offers a reward of three hundred dollars for the money.

FEBRUARY .- In all our winter time, and especially in this month, we have now and then the sum of TWENTY DOLLARS for the relief of days, like the one we are now enjoying, when the suffering and destitute people of Kansas. the cold and boisterous North wind moderates Considering that the mechanics employed in his tone, and the "sweet South" breathes this establishment are generally poormen, and gently as on a summer's day. They are Anneed all the money they earn by "the sweat of gels of Hope, reminding us of the spring time their brow," the contribution is a very gen and the new life that chall come again from the death around us :-

"Eland as the morning breath of June
The South-west breezes play;
And, through its haze, the winter noon
Seems warm as summer's day.
The snow-plumed Angel of the North
Has dropped his icy spear;
Again the mossy earth looks forth,
Again the streams gush clear."

CROWDED SCHOOLS.—The mortuary statistics of various cities exhibit, as one great cause of disease and premature death, the crowding of twelve feet, where he was found dead on the out intermission, in the public schools. where following morning, and the horse seriously in- many of the class rooms are filled to their utjured. The deceased was a man of family, and | most capacity, the children drinking in each other's breath and taking disease with every inhalation. Their bodies become enfeebled in this poisoned atmosphere, and the system relaxed. In this condition, after school hours, we did not learn, while passing through Tan- they go directly out into the streets. In the winter season, the difference in the temperature most do congregate—was assaulted by two of of the open air and the school apartments is so great that local congestion is often occasioned. weapon in the shape of a dirk knife, the man in the form of what is often called "catching" cold." Bronchitis, Pneumonia, &c., follow, frequently ending in death. It is certain that some of our schools are too crowded as well as badly ventilated, and that the children remain too long in them at one time, breathing impure air. The normation of the city increases much faster than the capacity and number of the school houses.

> ANNUAL REPORT OF THE HARRISBURG BIBLE Society.-We publish below the annual report of the Board of Managers of the Harrisburg Bible Society, presented at the anniversary neeting held on Sunday evening last:

The Board of Managers of the Harrisburg From the statement of the Treasurer it appears that only \$125 57 were contributed during the past year, by our entire community, for the Bible cause, including home and foreign distri-bution. The Managers of the Society are convinced, however, that the meagreness of this contribution is not to be taken as a fair exponent of the feelings of our church members and citiens generally in regard to this cause, but rather as a proof of the inefficiency of the plan hitherto adopted for eliciting their contributions. The method heretofore persued has failed to afford our citizens generally an annual opportunity of contributing to this cause. And the plan suggested for several years by the Society at its annual meetings, viz: that the pas-tors of our churches should each, in his own way, have special collections taken up annually among his own people for this cause, does not seem to have commended itself to their favor to be feasible. So the Board has determined from the surface. Those living in the coal re-gions, and nearest Tophet, of course, find oil first. Watch and pray."

for the present year, to adopt the suggestion of the Dauphin County Bible Society at its late convention in Millersburg, viz: to request each of the pastors of the city to furnish the Secre-tary of our Society with the names of two la-dies of his church as collectors; that the city be divided into as many districts as there are committees appointed; that these committees meet together on the day after the delivery of the annual discourse before the Society, distrib-ute among themselves the districts of the city

brethren are herewith respectfully requested to co-operate in like manner by handing in such names at the close of the public exercises this evening.

[This arrangement was at once approved by the Society, and committees were appointed to

The Managers herewith bespeak for these la dies a kind and cordial reception, and confidently trust that this method will insure large increase in the revenues of our Society reaching, as it necessarily will, many who would not otherwise have an opportunity personally presented to them of contributing to their

Those persons who desire to become regular members of the Society by the annual contribution of \$1 00, can mention this fact to the committee that calls upon them, and all who are now members of the Society, are requested "tempers the wind to the shorn lamb" watch to make their annual payment to these comited in the keeping of the Treasurer of the Society.

United States Senator.—Among the gentlemen named to succeed Gen. Cameron in the United States Senate, is Wm. H. Armstrong, When the round house is completed, and the Esq., of Lycoming county. He would fill the position with credit to himself and honor to

THE FIRST RAFTS .- A few days ago the first rafts of lumber passed this place for the mar-KNOCHE'S "Universal Music Emporium," the kets below. The river is now free from ice and following new publications, being the most in good order for transporting lumber, but the weather is yet too cold to do much at this

> Hon. EDGAR COWAN, recently elected to the United States Senate by the Legislature of Pennsylvania, was in the city yesterday en route for Washington, to be present at the extra session of the Senate to be convened on Tuesday next. He was accompanied to Washington by several of our citizens.

PROOF READING .- An aspiring young post was utterly ruined not long ago, by a misprint in a newspaper. The poet wrote:

"See the pale martyr in a sheet of fire," Instead of which, by an oversight of the proof reader appeared in print, "See the pale martyr with his shirt on fire."

ACCIDENTAL DEATHS .- On Wednesday last Mr. Evan Wiley, of York county, died from the effects of a wound received in his saw mill-While engaged at work the saw caught his foot and so lacerated it as to cause mortification. A little daughter of Mr. Daniel Hall, of the same county, recently swallowed the heads of some lucifer matches, and died in a short time afterwards. Parents should be careful to keep matches out of the way of their children.

Two Cows Gons Mad .- During the recent prevalence of mad dogs, two cows, belonging to Mr. M'Cord and Mr. Eversole, were bitten and became mad. Immediately on showing symptoms of madness they were confined in the stables of their owners. The sufferings of the animals seemed to be very great, and their cries could be heard at a considerable distance. After a short time both were killed by their owners, to prevent accidents and put an end to their sufferings. It is also reported that two persons were bitten by mad dogs in the neighborhood of Paxton church.

THE HANOVER SILVER BAND will give a sec ond concert at Brant's Hall this evening. They are clever gentlemen and excellent musicians, and should be patronized by all who love good music. We never met with a finer looking or better country band.

A SKETCH BY ONE WHO KNOWS .- "Caroline, have you been shopping to-day?" said a lady a she took a package from the hand of a young man, who had just entered a neatly furnished parior, and displayed a gorgeous and beautiful moire antiqe shawl. "Yes, cousin, and I am half angry with you for not accompanying me." She tried to look angry but could not. "See what a beautiful shawl." "Where did you get it?" "At Urich & Bowman's, corner of Front and Market streets; I make all my purchases there for indeed I never seen a better assortment of goods out of New York and Philadelphia, and then the salesmen are so obliging and attentive that one can not but be pleased. I seen many things I would like to have, but mother only gave me fifty dollars when I went out. I will put on my prettiest smile to-night and ask her for fifty more. Coz, did you ever know me to ask for money and not get it?"

SEQUAL.—Reader, the young lady received the fifty dollars, and the larger portion was spent next day at Urich & Bowman's. What she said about the store is true, and mark me, she got the worth of her money. Persons who are about making their spring purchases of dry goods, would do well to give them a call, not only because they are patronized by the ladies, but from the fact that their goods are cheap.

3000 yds. remnants of Calico, at half price; 1000 yds. remnants of DeLains, at half price; remnants of colored Silks, at half price. Having a large lot of remnants on hand, I will sell them off at half price. 100 Broche and Wool Shawls at cost. Cassimeres, Cassinett, Flannels and Cloth at cost. Black Alpacka, Black Silks, Gloves, Stockings, hemstitched Hoops, Cambric, Cambric Bands; a large lot received from Yew York auction, 200 pieces of new Calicos, at 8 and 10 cents. 50 pieces of splendid unbleached Muslin, 10 cents; wool Socks, 15 cents; Undershirts and Drawers, 62 cents. Wood's HAIR RESTORATIVE.—Among all preparations for the hair that have been introduced as infallible, none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. His Restorative has passed the ordeal of innumerable fashionable teilets, and the ladies, wherever they have tested it, pronounce it a peer-less article. They find, wherever they have tested it, pronounce it a peer-less article. They find, where the hair is thinned, that it oreates a fresh growth—that it fully restores the vegetative power of the roots on the denuded places, and causes the fibres to sh oot forth anew—that it disolves and removes dandruff, prevents grayness, restores the hair to its original color when grayness has actually supervened, gives a rich lustre, imparts the softness and lexibility of silk to the hair, and keeps it always luxiant, healthy and in full vigor.—"N.
