FOUL PLAY SUSPECTED. - We previously noticed the fact that a man John Fitzgar, was run over by the cars on the Pennsylvania Railroad last Saturday night near Galitzin, and had died of his injuries. The deceased was a watchman on the line, and was seen alive a few moments before his dead body was found lying on the track. It was at first thought that his death was accidental, but circumstances have since as well after you have berated them as they in search of him, when she found his lifeless transpired which have given rise to the suspi. did before. Many of our most illustrious men were cadets in boyhood; six months ago, and had our cotemporary taken and we doubt not that there are cadets now who will equal the splendid examples before them. It is wrong, therefore, to discourage the "military trainings" of boys. Noble ambition should never be chilled; and as well disciplined soldiers are eminently useful in times of trial and danger, we would give free play to those patriotic impulses which prompt the coals, pull all the fire to the front of the vouth to qualify themselves for an efficient defence of their country.

SHOULD PARENTS SCOLD?—Some folks are conmuted from twenty to three years. His impritionally scolding their children. There is no sense in it, however, and we incline to the opinion that it is a wretched practice. It sours the tempers of children; so that one thorough scolding prepares the way for two or three more. It sours your temper, provided it is sweet, which is a question, if you are prone to scold, and because you have become croser, and your children likewise.

Scolding alienates the hearts of your children. Depend, upon it, they cannot love you his wife, not knowing where he had gone, went closes your weakness, and lowers you in their eslove stealing around their souls, whispering years of age, with a wife and several children. peace.

RETURN THANKS.—At a stated meeting of the Good Will Fire company the following resolutions were adopted :

Resolved. That the thanks of the Good Will Fire company be tendered to Messrs. W. K. Verbeke and A. Rohrer, for furnishing the material to trim our apparatus for the parade on

the 22ad of February.

Resolved, That the Good Will Fire company also return their sincere thanks to Messis. K. Verbeke and W. L. Hallock, for the kind manner in which they entertained the company and band on the 22nd of February.

How to MAKE A COAL FIRE.—If everybody knew how to make a coal fire, there would be more comfort inside and less smoke outside the houses, in cold weather. Before you throw on grate towards the bars, fill up the cavity at the back with the cinders or ashes which will be found under the grate, then throw on the coals. The gas evolved in the process of roasting the coals, will be absorbed by the cinders, and render them in an increased degree combustible. The smoke will thus be burnt, and a fine glowing, smokeless fire will be the result.

COMMITTED SUICIDE.—Mr. Jacob Newcomer a wealthy farmer of Cumberland county, well known to market-goers in our city, committed suicide by hanging himself on Monday. He had been out of his house an hour or two, when body suspended from a rafter in his barn. A Goop Item Spoiled.—The table upon which the Declaration of Independence was signed in 1776, is in the possession of a lady residing in Richmond, Virginia. When the ordinance of secession was passed by the Convention in South Carolina, she was applied to for the loan of the table, with the view of having the ordinance signed thereon. Under these circumstances, it is evident that the "table upon which the Declaration of Independence was signed," now in the possession of a lady in Richmond, is a bogus one. We do not wish, however, by this correction, to detract one iotafrom the patriotism of the lady, exhibited in her spunky response to the Southern fire eaters for the use of the table; yet we can hardly help regretting that she did not comply with their wishes, and let the "seceders" affix their signatures to a "manifeato" as bogus as is the and from thence to Harrisburg.
