Had the confiagration gained headway, it would have made a clean sweep of the dilapidated tenements in that locality.

The fire is supposed to have originated from the stove pipe. Loss about \$1,500.

BROKE OUT IN A NEW PLACE.—It will be seen by an advertisement in to-day's paper that Col. John Wollower, Jr., has established a new daily freight line between New York, Philadelphia and Harrisburg, and all points on the Northern Central, Sunbury and Erie, Lackawana and Bloomsburg Railroads. The Colonel is an active and energetic business man, and we heartily wish him success in his new enter-

OLD FOLKS' MUSIC! OLD FOLKS' MUSIC!-By the Harmonic Society, on Thursday evening, Legislature recently adopted a resolution that March 14th, in the First Lutheran Church,

> THE CITY HOSPITAL contained three lodgers last night, all trampers without local habitations, and one of them without a name. They leave the city.

> Public Speaking .- Many public speakers say too much for their own credit, the edification of those who hear them, or the good of our common country. Legislative sessions are prolonged in this way, our courts are extended, and vast amounts of money wasted, which, if expended for dry goods at the CHEAP CASH STORE OF URICH & BOWMAN, South-east corner Front and Market streets, would benefit a large constituency. Try it.

> An Aurora Borralis.—This beautiful phenomenon was seen in perfection on Saturday night, between nine and ten o'clock, the rapidly forming columns presenting a brilliant scarlet appearance towards the zenith. They soon after "paled their ineffectual fires," but a perfectly white aurora pervaded the north-easterly portion of the heavens until midnight. We have seldom witnessed a more splendid display of heavenly pyrotechnics.

Another Man Killed .- This morning a deaf man named Isaiah Gross, was killed on the Cumberland Valley Railroad near Mechanicsburg. While walking on the track he was struck by a passenger train. The force of the collision was such as to cause instant death. On a former occasion he was struck by a train and narrowly escaped being killed. Before leaving home he was warned to keep off the track, but did not heed the warning. He leaves a wife and family.

ALL WRONG. - We are informed that the tollgatherer at the Bridge refuses to pass vagrants who have no money to pay their way. In many instances fellows of this class discharged from the lock-up and ordered to leave the city, are obliged to beg money from the Mayor to pay bridge-toll, and the tax upon that officer is very onerous. The Bridge Company ought to give the toll-gatherer directions to pass all va grants, in order that the city may be relieved of their presence.

This pated in by persons of all parties who desire to secure the best men in community for Council men, School Directors, Assessors, &c. We hope to see the meetings largely attended, and feel confident that the tickets nominated will be elected by large majorities in every ward.

DEMOCRATIC NOMINATIONS. - We subjoin a list of the nominations for City and Ward officers made by the Democrats at the meetings held in the several wards on Saturday evening:

Covens.—The sudden changes of our climate COUGHS.—The sudden changes of our climate are sources of Pulmonary, Bronchial and Asthmatic Affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Browp's Bronchial Troches," or Lozanges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be warded off. Public Speakers and Singers will find them effectual for clearing and strengthening the voice. See advertisement.
