I beg leave to call the attention of the citizens of the
United States to the above Winks and Lauders, imported
by Udolphe Wolfe, of New York, whose name is familiar in every part of this country for the purity of his
celebrated Schedam Schrafts. Mr. Wolfe, in his letter
to me, speaking of the purity of his Winss and Lauders,
says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City
of New York, that all the Brandy and Winss which I
bottle are pure as imported, and of the best quality, and
can be relied upon by every purchaser." Every bottle

of his signature on the certificate. The public are respectfully invited to call and examine for themselves.—

ENORMOUS BUSINESS FOR ONS NEW YORK EGULANT.—
We are happy to inform our fellow-ditzens that there is
one place in our city where the physician, apothecary,
and country merchant, can go and purchase pure Wines
and Liquors, as pure as imported, and of the best quality;
We do not intend to give an elaborate description of this
merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive Warehouse, Nos. 18. 20 and 22 Beaver street,
and Nos. 17, 19 and 21, Marketfield street. His stock of

He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom House key, ready for bottling. Mr. Wolfe's sales of bchnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brindies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquoss.

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. PROF. O. J. WOOD'S RESTORATIVE CORDIAL,

BLOOD RENOVATOR. Is precisely what its name indicates; for, while pleasan to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also reviviles, reinstates, and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach, and tone up the disective organs, and allay all nervous and other irritation. It is also perfectly exhibitanting in its effects; and yet it is never followed by Bistitude or depression of spritts. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too Lite, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are so often mixed up with the excitement of business, that if it were not for you, they too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to Professor WOOD'S RESIGNATIVE CORDIAL AND BLOOD REMOVATOR as the remedy which should be always on hand in time of need.

Read what the Press say after thoroughly testing the meater, and no one can have a doubt.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is ree corded in classics that Payche was once sent to a climate warmer than the West Indies to procure a sample of the beauty of Prescripic in a box. After some delay the messenger returned, and as soon as the lid of the box was removed out fiew all the lifs that flesh is heir to.—Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the bleed, aids the organs of digestion, imparts strength to the nervous system, and for lifes the citadel of health, so as to bid defance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is evallarating as pure wine; do approved the meaning the medical world, and those who are afflicted with loss of Appetite, Dyspepsia; Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panagea.

Before noticing a patent medicine, we have to be cer tain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and, in fact, it is without any doubt the first article in market for purifying the Blood and strengthening the system. We have no hesitation in recommending its use to all.—"The New-Yorker."

LOOK TO YOURSELF IN TIME.—How many in consequence of a false delicacy suffer from suppressed, painful, or obstructed mensuration, and think because they are young that by and by nature will work itself clear from obstructions, and all come in right in the end, little dreaming that the seeds of death are already germinating in the system, because the vital energies are impaired, and the entire a aimal economy deranged, debilitated; and yet, careless of themselves as they are, if a remedy were set before them which would restore all the functions of the system, and remyigorate the body, they would take it, and thus be in time to save their lives.—Parents, think of this, and at once give them a bottle of Prof. Wood's Restorative Cordial and Blood Renovator.—
