gentlemen who now constitute that Board, has been solicitous to be relieved from connection with that body. It is a position involving no compensation and no particular honor. The object of this measure is simply that we may have upon the Board a person acquainted with the law and with the land-titles of the State. -That there should be such a person in that position is a matter of the highest importance.

with that Board is, that the gentleman now occupying that position is the only party in the Board representing the city of Philadel-phia, and I wish to consult with him as to whether it is his desire that he should thus be removed from this position in the Board. I simply desire a little time for inquiry. I withdraw the amendment.

The motion of Mr. MOORE was not agreed

The title of the bill was agreed to:

The question being,
Will the House suspend the rules and read
the bill a third time by its title?

Mr. SHEPPARD. I hope that the rules will
not be suspended, and that the bill will not be
passed to-day. If it is desirable that the Attorney General should be constituted a finemper of

If former State Treasurers have been competent to discharge the duties of that position, I, for one, am not willing to say that the present State Treasurer is not equally

The Attorney to be a member of the Board of Property; but, until the office was established here, and it was made the duty of the Attorney General to be present here at least during the session of the Legislature, no one thought. Legislature, no one thought proper to introduce the measure. Now, the only objection, I take it, arises from the circumstances and the manner in which the measure has been introduced: fore us in a different way. Some weeks ago—
in the month of January—this matter was
brought to the attention of several gentlemen
of this House; among others it was mentioned
to me. I said at once that the Attorney GenI beg to say to the Legislature and to the
people of Pennsylvania, that in my new posipare their pill, have it read in place and released in due form. I do not know why the matter engles shall be exerted for the benefit of the has been permitted to slumber so long; but now it happens, singularly enough, that the Chairmann and the complete some state of the complete some stat it happens, singularly enough, that the Chairman of one of our most responsible committees—the very committee who should have charge of this bill—rises in his place, asks permission to make a statement, reads a bill in place, and then moves to put it on its passage immediately. A moment's reflection would have suggested to my friend from Jefferson, (Mr. Gordon,) that the gentleman who presides over the Treasury Department has on this floor, aside from the representatives from his own city, a large circle of personal friends who would necessarily suppose, without conference with that gentlesuppose, without conference with that gentle man that this measure was intended as a blow at him. I have no doubt that if the matter has not been already brought to his attention, he will, when it is brought to his notice, declare that he is perfectly content with the bill and would rather be out of the Board than in it but it is due to gentlemen on this floor representing the city of Philadelphia, as well as the various friends of the Hon. State Treasurer in this body, that they should have had notice that such a bill was to be introduced, so that they might have conferred with that gentlethey might have conferred with that genueman in regard to it. The bill in itself is perfectly proper; the change in the law which it
proposes should have been made long ago.
The only objection arises from the indelicacy of
the proceeding under the present circum

Mr. BLAIR submitted the following, which
was twice read and agreed to:
Resolved, That the House do now proceed to
nominate candidates for United States Senator,
to fill the vacancy occasioned by the resigna-

stances.

Mr. GORDON. I will state in explanation that the reason why the bill has not been introduced previously, is that there has been a conduced previously, is that there has been a contention among the three gentlemen constituting this Board, not as to which should continue in connection with it, but as to which should be relieved from that duty. Now, in view of the sensitiveness which has been evinced by gentlemen from Philadelphia, I am perfectly willing that the officer to be discharged from this service shall be the Secretary of the Commonwealth. I have had a direct conversation with him and he desired of me, as a special favor, that I should procure his exemption from this service. If the House me, as a special favor, that I should procure his exemption from this service. If the House will grantlits unanimous consent, I will move an of Schuylkill county.

measure so as to continue in office the State
Treasurer, and to add as members of the Board
the Attorney-General and the Auditor-General. I think such a modification would give
entire satisfaction to the House.

Mr. GORDON. The only thing necessary is
that there should be an attorney upon that
Board; and it is beyond all doubt a proper position for the Attorney General. Now, I believe
that I know the sentiment of Mr. Slifer; and I
think that he will not regard it as a reflection
upon him to be relieved from what he considers
an onerous duty. He asked of me as a favor an onerous duty. He asked of me as a favor that he should be the person to be relieved from duty upon that board; and if it will be satisfactory to the gentlemen from Philadelphia, who are apprehensive that this measure is intended are apprehensive that this measure is intended as a fling at Mr. Moore, the State Theasurer, (a thing that is farthest from my thoughts,) I would now, by unanimous consent, move to amend the bill so that the Secretary of the Commonwealth may be the officer discharged from duty upon this Board.

Mr. MOORE. I would like to ask the gentle-

man from Jefferson what is the urgency of this of Lancaster.

Mr. GORDON. The urgency is simply this:
That the Board will meet in a short time, and we desire to get this bill through. The Board have coming before them questions arising from caveats. And some of these questions are very intricate, so that, as Mr. Slifer has himself told me, after the Board have heard the arguments of the attornies on both sides, they are frequently unable to determine what decision to make. This arises from the fact that they are not lawyers, and know but little about the land titles of our State.

Mr. PRESTON nominated E. M. Davis, of Venago county.

Mr. ACKER nominated Jos. Moore, Jr., of Philadelphia.

Mr. REHLY nominated George M. Keim, of Berks county.

Mr. SOHTH (Philadelphia) H. M. Phillips, of Philadelphia.

Mr. PRESTON nominated E. M. Davis, of Philadelphia.

Mr. ACKER nominated Jos. Moore, Jr., of Philadelphia.

Mr. REHLY nominated H. M. Phillips, of Philadelphia.

Mr. REHLY nominated Fellows County.

Mr. SOHTH (Philadelphia) H. M. Phillips, of Somerset county.

Mr. EILENBERGER nominated M. H. Jones.

It is certainly extraordinary that a proposition like this, perfectly plain on its face, should encounter in this House so much opposition. I am glad to say that the opposition does not proceed from the Judiciary Committee—from the lawyers of this body. What can be the suspicion with received the this received. the lawyers of this body. What can be the suspicion with regard to this measure? Gentlemen treat it as if an attempt were made to themen treat it as if an attempt were made to press upon the House something suspicious, while in fact the proposition is one that is perfectly plain, and the propriety of which is patent to every man. If the objector to this bill had himself a caveat coming before the Board of property he would readily understand the reason for this measure. He would know that with regard to intricate questions of land titles, it is all important that they should should come before some one versed in the law.
