HARRISBURG

Thursday Afternoon, March 14 1861.

WE CALL attention to the advertisement of Worcester's Quarto Dictionary. The expressions of preference for Worcester are from our most eminent scholars.

WILD PIGEONS .- Several flocks of wild pigeons passed over the city yesterday and today. These hirds are quite numerous in some sections of the county, and our sportsmen have been very successful in bagging them. From the weather indications to-day those now roosting in our groves and fields are likely to get their toes frozen.

INDEPENDENT CANDIDATE -It will be seen by a card in our advertising columns, that Mr. John Miller, Jr. intends running as an independent candidate for Councilman in the Fourth Ward. C. M. Shell, Eq., is the candidate of the Union party, and Mr. David Mayer of the Democratic party. This will make a triangular fight, with what result remains to be seen.

SCHOOL DIRECTORS.—The people vote for School Directors now just as they did under the old borough charter. The first and second wards constitute the southern district, and the balance of the wards the northern district. The candidates of both parties are good men, so that whatever may be the result of the election to-morrow we shall have a useful and efficient

THE CITY ELECTION. -The election for municipal officers will take place to-morrow. These elections are too often regarded as small affairs, and it not unfrequently happens that men are chosen to responsible positions who are incompetent and care nothing for the real interests of dreamed that from his 'grocery' there would a the city. This is a sad mistake. It is highly important to tax-payers that the best men should be selected to manage our local govern-

We cannot make any distinction in making up for who remember the old depot with its quaint publication the names of parties actually guilty of wrongs making them answerable to the law —we have no time to cull out, even if we would do so. Whatever may be thought of the public taste existing for police records, it the public taste existing for police records, it where only one or two trains arrived and depot.

All these men are Democrate, some of them of the secession stripe, and year after year have made pilgrimages to this city about election time to serve their masters by voting the Democratic ticket. Upon the principle that "to the victors belong the spoils," they should be turned out and Republicans put in their places. We have scores of working Republicans in this city who did good service in the last campaign, are worthy and deserving, and fully competent to fill the positions now occupied by Democrate; and the "powers that be" ought to make provision for the hand them as a right. BEAUTIFY YOUR PREMISES.—Every person who owns a foot of earth, or has the lease of a southern wall whereon to let a vine creep up, and lets the present spring go by without improving the opportunity of doing something for their beautification, should be considered remiss in a very important duty. No matter if you do not own the house and yard you occupy-still plant flowers, and vines, and shrubbery, for your own comfort and your own heart's sake :---

"Let the flowers look upward in every place, Through this beautiful world of ours; For dear as the smile on an old friend's face, Is the smile of the bright, bright flowers."

EDITOR OF TELEGRAPH :-By reference to the 24th section of the Act to "incorporate the City of Harrisburg," it will be seen that no person is qualified to be an Assessor of any ward in said city unless he "shall have and possess the qualifications of a member of the Senate."-Section VIII of the Constitution defines what that qualification should be. As I do not pos sess the qualifications required by the city charter, I could not legally hold the office should I in favor of the plaintiff for \$4,575. be elected thereto, and hence my name must be reluctantly withdrawn. Yours.

ASSAULTED ON THE STREET -About eight o'clock last night one Washington Alexander. while passing down Third Street, accompanied by a flashy young female with a profusion of flowing ringlets, was approached nearly opposite this office by a fellow named John Gibson, who made a violent assault upon him. One or two well directed blows brought Alexander flowing ringlets, and the "green-eved monster" had something to do with the assault upon his rival. He has not been captured at the time of penning this item.

A STRANGER'S OPINION OF HARRISBURG.-We find in a late number of the Tioga Agitator a let ter from its spicy Harrisburg correspondent descriptive of the past history, present progress and future prospects of the Capital City, which contains so many interesting facts, and handsome compliments to our enterprising people, that we transfer it entire to the columns of the Telegraph. No citizen of Harrisburg can rise from its perusal without feeling that the writer has done our city full justice :-

"When the unlucky founder of Harrisburg was tied to that tree on the banks of the Susquehanna, of which tree there remains only a stump to mark its historical character, he little city arise, not exactly as Jove sprang from the brain of Minerva, panoplied and equipped for war, but rising through long years of patient industry and bold enterprise until it would beshould be selected to manage our local government—men who will take into consideration of the interests of our citizens. Let all vote to morrow, and be sure to vote right.

Kepp it Out of the Paper.—A short time ago we published the name of a party in our police items. We did not know who he was—merely saw that he had been guilty of a gross s would operate most strongly against his ing a total of 6,921 white inhabitants. Since does exist, and such records have, of necessity, become part of the daily meal.

MR. EDITOR: - Please inform the citizens of yesterday, came up in the House this morning, the second ward that I decline the nomination JOHN L. LINGLE.

> DAMAGES AWARDED .- In the case of Lewis Smith vs. the Northern Central Railroad Company, for damages for personal injury sustained in the breaking of an arm, the jury last evening returned a verdict of \$4,575 for the plaintiff. Smith was in the employ of the Company at the time the accident occurred. We learn that the case will be appealed to the Supreme Court.

> LLOYD'S MINSTREES.—This popular Ethiopian troupe made their debut last night at Brant's Hall, and played to an immense audience, giving entire satisfaction. The company is generally acknowledged to be the best that has ever visited this city. Another entertainment will be given this evening, and all who love genuine fun and can appreciate good music, should pay the Minstrels a visit.

THE SPEAKER CANED .- The Speaker of the House, Mr. Davis, was caned yesterday by Samuel M. Lawrence, Esq., member from Elk county. The weapon used on the occasion was manufactured from a piece of the mast of Commodore Perry's Flag Ship, which was sunk in Lake Erie, and only taken from the "vasty deep" about six months ago. The cane is ele gantly finished, and mounted with a gold head containing the handsomely engraved inscription: "Hon. E. W. Davis from Samuel M. Lawrence." This compliment to the presiding officer of the House, by a fellow member, is well merited, and will no doubt be properly appre-

FIFTH WARD CONSTABLE.-The Union candidate for Constable of the fifth ward is Mr. Wm. Carson, and he ought to be elected. For the oredit of the city we hope the citizens of that ward will put their quietus upon the Democratic nominee. An individual who recently served a term in prison for taking advantage of his official position to "bleed" money out of an unsophisticated lager beer seller, is not exactly the kind of man for police officer. His oppo nent, Mr. Carson, is an honest and reliable man, competent for the position, and if elected will make a good Constable. We have confi-

Ries' Cantata, "The Morning," containing sundry superb choruses and solos. The last part of the Concert will be of miscelleaneous Sacred Music, (we hear whispers of a most beautiful quartette, and chorus in the distance, that must please every one).
