BECAUSE IT WILL BESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL VIGOR AND PURITY.

PROF. O. J. WOOD'S

# RESTORATIVE CORDIAL,

# BLOOD RENOVATOR.

Is precisely what its name indicates; for, while pleasan to the taste, it is revivilying, exhilarating and strongthening to the vital powers. It also reviviles, reinstates, and renews the blood in all its original purity, and thus restores and renders the system involuneable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature, and hence southe the weakest stomach, and tone up tho digestive organs, and allay all nervous and other irritation. It is also perfectly exhibitating in its effects and yet it is never followed by lassitude or depression of spirits, it is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing preparties, and consequently can never injure. It will not only cure the debility following CHILLS and FEVER, but prevents all attacks arising from Massastic influences, and cure the diseases at once, if already introoked. TRAVELERS should have a bottle with them, as it in-TRAYELERS should have a pottle with them, as it in-fallibly prevents any deleterious consequences following upon change of climate and water.

As it prevents costiveness strengthens the digestive organs, it should be in the hands of all persons of seden-

LADIES not accustomed to out-door, exercise, should IMAYS use it.

MOTHERS should use it, for it is a perfect relief. Taken month or two before the final trial, she will pass the ireadful period with perfect ease and safety. There is no mistake about it.

#### THE CORDIAL IS ALL WE CLAIM FOR: MOTHERS, TRY IT!

And to you we appeal, to detect the liness or decline not only of your daughters before it be too late; but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time; the latter are so often mixed up with the excitement of business; that if it were not for you, they too, would travel in the same downward path until it is too late to agrest their fatal. But the mother is always rigilant, and to you we confidently appeal; for we are sure your never-failing affection will unseringly point you to Professor WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

affection will unerringly point you to Professor WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on-hand in time of need.

Lead. what the Press say after thoroughly testing the matter, and no one can have a doubt.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in classics that Payche was once sent to a climate warmer than the West Indies to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed out flew all the lis that fisch is heir to—Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and for illest the citade'of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions; and while it is excillerating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of Appetite; Dyspepsis, Consumption, Faintness, Giddiness, Neuralgis, Falpitation of the Heart, &c., will here find an infallible panaoca. St. Louis Daily Express."

PROF. WOOD'S RESTORATIVE OORDIAL and BLOOD RENOVATOR is, without doubt, the best Tonic Cordial in the world. To those who are suffering from general debility we would recommend its use; for, while it is pleasant to the taste, it is strengthening to the system, and will at once tend to remove all imperities of the Blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good heal h will st once feel its exhilarating power. We are conidient that after using one bottle of this cordial none will be for a day without it.—"New York Leader."

A PURE, HEALPHY TONIC, and one free from the deleterious and injurious effects sure to fellow those in ordinary use, has long been felt to be a desideratum in the mendical weri

it, since we know it to be a safe, pleasant, and sure remedy for the diseases enumerated.—"New York Dispatch."

Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is rocommended. And we would say that, the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and, in fact, it is without any doubt the first article in market for purifying the Slood and strengthen; ing the system. We have no be tation in recommending its use to all.—"The New Yorker."

LOCK TO YOURSHIF IN TIME.—How many in consequence of a false delicacy suffer from suppressed, painful, or obstructed mensuration, and think because they are young that by-and-by nature will work itself clear from obstructions, and all come in right in the end, little dreaming that the seeds of death are already germinating in the system, because the vital energies are impaired, and the entre a simal economy deranged, debtilitated; and yet, carcless of themselves as they are, if a remedy were set before them which would restore all the functions of the system, and remylgorate the body, they would take it, and thus be in time to save their lives.—Parents, think of this, and at once give them a bottle of Prof. Wood's Restorative Cordial and Blood Renovator.—

effect that a gound mind and body are the most necessary requisities to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

Thousands of the most nervous and debiliated who had lost all hope, have been immediately relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion or the most fearful kind, speedfly cured.

The many thousands cured at this Institution within the last twelve years, and the numerous important Surgical operations porformed by Dr. J., witnessed by the reporters of the papers, and many other persons, netices of which have appeared again and again before the public berides his standing as a gentleman of character and responsability, its a sufficient grantage in the afflicted beside his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRUDENCE.—When the misguided
and impradent votary of pleasure finds he has imbloed
the seeds of this painful disease, it too often happens that
an ill-timed sense of shame or dread of discovery deter
him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their
appearance, affecting the head in the strength of the strength of the special funds; notes, skin, ecc,
progressing on with frightful rapidity, till death puts a
period to his dreadful sufferings by sending him to "that
bourne from whence; no traveler returns." "It is a melancholy fact that thousands fall victims to this terrible
disease; owing to the unskiffuness of ignorant pretenders, who, by the use of that deadly poison, mercury, rut
the constitution and make the residue of life miserable.
