Saturday Afternoon, March 28 1861.

WANTED AT THIS OFFICE an active and intelligent boy, who can read manuscript readily and accurately, and will make himself generally oseful.

REV. A. X. SHORMAKER will preach in Brant's Hall, (Court Room,) to morrow morning and evening, at the usual hours.

CHANGE OF LOCATION. - The new school Presbyterian Sunday School which has been in succossful operation in the western section of the city for some months past, will hereafter be held in the hall of the Good Will engine house, the company having generously tendered it for that purpose.

DISTRESSING SUICIDE. -Mr. Michael Baker, s respectable farmer, residing a short distance this side of Carlisle, hung himself on Thursday morning the woods we left the bonse, pro-bably about twe o'clock, with nothing on but his night clothes, and when he was missed, the family followed the tracks of his feet in the snow, until they found the body suspended to a tree, and life extinct.

METHODIST SERVICES. - In the absence of Rev. Dr. Bishop, now attending Conference, Dr. Miles of this city, a local preacher, will fill the pulpit of the Locust Street Church to-morrow morning. There will also be preaching in the evening as usual. The Vine street church will be closed to-morrow. In the West Harrisburg o'clock and preaching in the evening.

THE RIVER still continues at a fair stage of weather. Owing to the high winds which prevalled during the past week, however, rafting was generally suspended. An immense quantity of rafted timber is now lying in the upper branches, and the creeks tributary thereto. ready to be floated to market. Many of the lumbermen, it is said, are holding back for an advance in prices.

ORGANIZATION OF THE NEW COUNCIL .- A meeting of the Common Council was held yesterday, when the new members were sworn in. Daniel W. Gross, Esq., was re-elected President, and David Harris Clerk, for the ensuing year. No business of special public interest was transacted. Another meeting will be held next Thursday, when the following officers are to be elected: City Solicitor, Tax Collectors, Market Master, Keeper of the Lock-up, and Supervisors. The salary of the Chief of Police has been reduced from thirty-three to twenty dollars per month.

LOCAL LEGISLATION .- Yesterday Mr. Boughter read in place a bill to fix the place of holding elections in the second and third wards of this city. We learn that the object of the bill is to fix the election places in those wards permanently at the school houses where they are now held, instead of at the Court House, as provided by the city charter. In the House Mr. Clark prerented a petition from the Friendship Fire Company, asking an appropriation in aid of the purchase of the new steam fire engine recently contracted for.

INPANT MORTALITY. -A writer for one of our popular medical journals, in a lengthy and inting article under the caption of "the diseases we die of," estimates that from onefourth to one-half of all the children born into the world--the proportion ranging according to locality and circumstances-die in infancy. There is too much truth in the remark. Our cemeteries are full of little grave stones-our families are all desolated by the destroying angel almost as soon as they begin to exist:

"there is no hearth, however watched and tended.
But one dead lamb is there;
There is no circle bowso'er defended,
But has one vacant chair.

The air is full of farewells for the dying,

And mournings for the dead;
The heart of Rachel, for her children crying,
Will not be comforted."

The chief causes of infant mortality are heworld until they leave it. Crowded in unwholosome tenement houses, nestling in hovels, fortune, sweltering in rooms abutting upon alfetid with foul and close air, and almost destiborn? They breathe pestilence in the cradlely dispensed to alleviate their infantile suffershould be in haste to die out of them?

But, even among the children of more for-

THE FIVE HARRISBURG BAGE BAYED. - We learn | be severely felt in social and religious circles. some further interesting details respecting the accident on the Pennsylvania Railroad, noticed in yesterday's TELEGRAPH. The train on which the affair occured left Pittsburg at 4:85 on Wednesday evening, and made its usual time to Greensburg, and thence up the valley of the Conemaugh and through the wild mountain regions of Cambria to the Summit. From thence the iron horse dragged its freight down the snowy mountain sides, and arrived safely at Huntingdon. Harrisburg, for Philadelphia, and for Washington. The Harrisburg mail was in five bags, which were all saved without damage. These five pouches had been placed in the compartment devoted to baggage, in order that they might be readily pushed off at the Harrisburg station, and they owed their safety to this fact, for as the fire began in the mail compartment, the members of the bar was always courteous the baggage master had time to kick them out of the car, just as they were about burning up.
