

Daily Telegraph

HARRISBURG

Monday Afternoon, March 25, 1861.

WANTED AT THIS OFFICE active and intelligent boy, who can read manuscript readily and accurately, and will make himself generally useful.

A STATED MEETING of the Friendship Fire Company, No. 1, will be held this evening at half past seven o'clock. The members are desired to be punctual in their attendance.

CANAL NAVIGATION.—The various lines of canal, with the exception of the Juniata division, are now open for navigation. Owing to important repairs now in progress, the division named will not be opened until Monday next.

THE EGG MARKET.—The colored eggs in the shop windows reminds us of the near approach of Easter. The unusual demand for eggs has greatly increased the supply, and they are disposed of in large quantities at reduced rates.

ROB.—On Saturday night officer Fleck arrested three colored thieves, all old offenders, for riotous conduct in Tanager's alley, where fellows of that class most do congregate. They had a hearing before the Mayor yesterday morning, and were committed for trial.

THE PHILADELPHIA CONFERENCE is still in session. The appointments will be made this week, and it is expected that the new preachers will fill the pulpits of the churches here next Sabbath. It is not yet known who is to succeed Dr. Bishop in the Locust street church. It is expected that Mr. Carson will be returned to Vine street.

LECTURE IN THE CAPITOL.—We remind our readers of the lecture on "Egypt," to be delivered by Wm. H. Armstrong, Esq., in the hall of the House of Representatives, to-morrow evening. All of our citizens who wish to enjoy a rich intellectual treat should attend. Mr. Armstrong consented to deliver this lecture at the solicitation of the Young Men's Christian Association.

LECTURE BY A BLIND MAN.—Mr. E. W. Whelan, whose lecture in the Capitol on Friday night was interrupted by the alarm of fire, will repeat it in the German Reformed Church this evening. We have no doubt his subject, the origin and progress of the education of the blind, will be treated in such a way as to interest and profit those who attend. All are invited free of charge.

A CHANGE FOR HARRISBURG.—A Washington correspondent writes:—"Should Virginia secede, as she probably will, if Fort Pickens is retained after Fort Sumter is evacuated, it is said the Administration contemplates removal to Harrisburg, in Pennsylvania, as a temporary seat of government for the Northern Confederacy. In that event, should re-construction occur, Washington will probably again become the political metropolis of a large portion of the late Confederacy."

INTERESTING TO MAGISTRATES.—It being found that under the penal code jurisdiction was taken from Justices of the Peace, where the offence charged related to the disturbance of public meetings, &c., an Act has been introduced in the Legislature which provides "that the several Justices of the Peace in the Commonwealth shall have concurrent jurisdiction with the several Courts of Quarter sessions, for the punishment of the crimes of blasphemy, and of disturbing or interrupting any meeting, society, assembly or congregation, convened for the purpose of religious worship, or for any moral, social, literary, scientific, agricultural, horticultural, or fraternal object, ceremony, examination, exhibition or lecture; and all laws relating to said crimes or misdemeanors, in force previously to the thirty-first day of March, one thousand eight hundred and sixty, be and the same are hereby revived, and declared to have the same force and effect as though they had not been repealed."

DEAD CHILD FOUND.—Yesterday evening a small box, containing the body of a dead infant, was found along the line of the Lebanon Valley Railroad, near Cox's saw mill in this city. From appearances it had been there probably a day or two. The fact was communicated by officer Fleck to the Coroner, who immediately came to the city and summoned a jury of inquest. After an examination of the body by Dr. Allenman, of Highspire, the jury returned a verdict of death caused by abortion upon the mother of the child. The box, which was partially covered with dirt, was discovered by two men passing along the railroad. There is a mystery connected with this inhuman affair which remains to be developed. We learn that suspicion attaches to a young woman in this city, but no arrest has yet been made.

THE LOAFER.—Here is an accurate description of a class of men who infect every community: The most miserable, hopeless scrap of humanity is an idle man—a man whose chief aim in life is to "loaf"—to waste in listless lounging and mental and physical inaction the years of his short life. There are scores of such beings in every town and city—miserable loafers whose sole occupation is to avoid employment of any kind—whose lives can scarcely be called lives—who die one after another, and leave behind them—what? A vacancy to be mourned? No, to them are in themselves vacancies, not men. For these atoms society owes nothing.—The history of the world's progress ignores their names and their existence; and being dead, the grave contains no more inert, worthless earth than it did before. They become chronic nuisances; they have no local habitation or name in so far as regards their worth or value, and from day to day, in the haunts of busy men, they pass as unrecurrent funds—at so much of a discount that they cannot even buy themselves. Such are loafers—miserable, worthless beings, who die only when they get too lazy and indolent to use their respiratory organs.

A SPECIAL MEETING of the Good Will Fire Company will be held this evening at seven o'clock. A full attendance is desired.

A STATED MEETING of the Board of Directors of the Hope Fire Company will be held this evening at half-past seven o'clock. Punctual attendance is requested.

THE CAVALRY SQUADRON, we are glad to learn, is not yet "played out." The equipments have been ordered, and a permanent organization will be effected in a short time.

REV. MR. WOODS, the new pastor of the Baptist congregation, preached his introductory sermon yesterday, and made a highly favorable impression. He is a young man of considerable ability, and a very pleasing and impressive speaker. We have no doubt he will make a popular pastor and do much good.

ANOTHER OLD CITIZEN DEAD.—Mr. Abraham Lloyd, of this city, died yesterday at the advanced age of seventy-six years and eleven months. Mr. Lloyd has resided here for a number of years, and was engaged in the useful occupation of school teaching in the rural districts of this and adjoining counties. His funeral will take place to-morrow.

NOW IS THE TIME.—If you wish to secure a handsome Family Bible, a silver basket, or a set of valuable jewelry, for twenty-five cents, and at the same time see the most elegant panoramic views ever exhibited, go to Brant's Hall this evening, where the great "Pan-technon" nightily attracts large crowds of delighted visitors.

NEW LODGE.—A lodge of the Daughters of Samaria, under the name of Wm. H. Bishop Lodge, was organized in this city on Thursday evening last. This lodge is under the jurisdiction of the Right Worthy Grand Council of the Independent Order of Good Samaritans and Daughters of Samaria. The following officers were elected for the present term: P. W. P. D.—Mary Battis. W. P. D.—Jerusha Harvey. P. D.—Albert Eliza Hammond.

RAILROAD BILLS READ.—A bill has been read in the Legislature authorizing the construction of a railroad from Tidouct, to connect with the Sunbury and Erie Railroad, with the right to extend it to Franklin, if deemed advisable. An Act has also been read incorporating a company to build a railroad, beginning at any point on the Pennsylvania road between Huntingdon and Barrestitutions, and running thence by the most practicable route to Hollidaysburg. The capital stock of the latter company is fixed at \$300,000, and the former at \$250,000.

CAPTURED.—A few months ago George Trump, of Fishing creek, in this county, made information against his brother, John Trump, for choking to death the wife of another brother, Samuel Trump. Upon this information, John was held for trial, and George bound over to appear as a witness in the case. When Court time approached, however, the latter was missing, having left for parts unknown. He returned recently, and officer Fleck being advised of the fact, deputed two men at Fishing Creek to arrest him, which they did, at two o'clock yesterday morning, and brought him to this city. He is now in prison, where he will remain until the April term. The crime with which John Trump stands charged, is said to have been committed two or three year ago. Since that time a bitter feud has existed in the family, which culminated in developments leading to the exposure and arrest of the alleged murderer. The truth or falsity of George Trump's statement will be made apparent when the case comes up for trial.

THE LEBANON VALLEY RAILROAD AND ITS CARB.—We recently travelled over a portion of the Lebanon Valley Railroad, and we ask space to say a few words in relation to it. The road is of a superior character, and the new cars in use upon it are the best we have ever seen. They are wider than most of those in use on other roads in Pennsylvania, and are well ventilated. The arrangement of the windows is a good one—each window being opposite its requisite seat and not overlapping the adjoining one. But there is one defect in the construction of the cars which should be corrected. Vertical iron bars are placed on the outside of the windows. These interfere with the sight, and besides, in case of overturning of the car, may become the means of disaster to passengers, by preventing escape through the windows. A projection of iron bars to the distance of four or six inches above the window sill, may be useful in preventing the elbows of passenger from projecting beyond the side of the car so far as to endanger collision; but, iron bars, either vertical or horizontal, (though horizontal are preferable to vertical as interfering less with vision,) above that distance, had better, in my estimation, be omitted. With this exception, the new cars on the Lebanon Valley road are worthy of the notice of car builders and railroad officers.

A FRIEND TO IMPROVEMENT.—AS ELECTRICITY ENGINE.—We see, it is stated that there is an engine in use on one of the western railroads which, when fired up, shows the presence of electricity in a manner and to an extent which, to machinists in this section, is unaccountable. If any of the readers of the TELEGRAPH can furnish an explanation of the cause, we should be pleased to have them do so. When she is blowing off, or steam escaping from the safety-valve, the lever, and everything connected therewith, are heavily charged with electricity, even to the tin roof of the cab. By touching either, the engineer receives a severe electric shock. At night it seems more highly charged than during the day, and the light or current of the electricity can be seen passing along the upper works of the engine. Sometimes, when she is standing still and escaping steam, the report is similar to the explosion of a mass of firecrackers or percussion caps. She throws off small globules resembling oxide of iron, in considerable quantities. What is singular, there are twenty-five engines of the same make, and sixteen as near like this as can be made, in use upon this road, and none of the others have any appearance of being electrified.

SMALL POX.—This loathsome disease is said to prevail in the county Poor House, to what extent we are not informed. The rumor that several cases have lately occurred in this city, is without any foundation in truth. We make a denial of the rumor upon the authority of reliable physicians.

NORMAL SCHOOL TRUSTEES.—The Governor has appointed the following named gentlemen to be Trustees of the Normal School: G. G. Fort, for the Second District, in place of W. M. Force declined; Peter I. Clark for the Third District, in place of F. S. Finney, resigned; and J. P. Jackson for the Fifth District.

UNEXAMPLED LIBERALITY.—Five hundred dollars' worth of beautiful and valuable presents will be given away from Brant's Hall for three nights this week, after the close of the Pan-technon-a-tion exhibition. Reader, for twenty-five cents you stand a chance of getting a twenty dollar present, besides seeing the most beautiful Panorama in the world. Don't fail to go to-night.

A MAN KILLED.—The engineer of the night train on the Northern Central Railroad discovered a man lying close to the track, when nearly opposite Liverpool. It was at first thought that he had been run over by some previous train, but an examination showed that his death resulted from a different cause. He was bruised in various places upon his body; his head had also several cuts, and his forehead was crushed in, and in the centre had a hole in it as if made with a pick or some sharp pointed instrument. His name proved to be Jacob Hoffman, living back of Millersburg, in Dauphin county, and at the time was peddling poultry. It was supposed he might have come to his death by his team running away; others imagine that there has been foul play. An inquest will be held to-day, when it is to be hoped the facts will be elicited.

CORNER LOUNGING.—Here is something intended for another locality, but equally applicable to our city:—"Nothing, perhaps, is more pernicious to youth than the habit of corner lounging. Engendering love for idleness and degradation, it is the first step toward habitual vagrancy, and the origin of theft, pocket-picking and many graver crimes. This evil, so much complained of by citizens and pedestrians generally, has never been more apparent than at the present time. Numerous associations of aspirants for the honors of our prison, infest nightly the corners of streets, to the great annoyance of all respectable citizens who come within hearing distance. These disgraceful loungers, whose presence is marked by pavements stained with tobacco juice, not only salute ears polite with offensive language, but frequently exposturate their tobacco upon the dresses of ladies. Apart from the insults heaped upon passers by, nothing is more pernicious to youth than the habit of corner lounging. It is the first step toward habitual vagrancy and crime. No doubt many a young man of fair abilities has been led away by first joining these corner clubs, and can truly trace his downfall to their influence." We have a law in this city prohibiting the nuisance. Why is it not enforced by the police officers?

A GOOD MAN HAS FALLEN.—To-day it becomes our melancholy duty to announce the death of Prof. Beverly R. Waugh, (son of the late Bishop Waugh,) who departed this life last night at ten o'clock, after a brief illness. The deceased was born at Liberty, Frederick county, Maryland, on the 28th of July, 1824. He went through a regular collegiate course in Dickinson College, graduated with honor, and for some years devoted himself to the clerical profession, of which he was an honored and useful member. He subsequently took charge of a Female College in Baltimore, and conducted it in such a way as to render the institution a very popular one throughout the country. Several years ago he removed to this city and opened the excellent institution of which he was Principal at the time of his death. The deceased was modest and unassuming in his deportment, a good citizen, a devoted and consistent christian, a shining light in his church, and one of "God's noblest works, an honest man." Of Beverly R. Waugh it may be truly said, "none knew him but to love him, none named him but to praise." His death is a severe affliction to his family, and his loss will be sincerely regretted in religious and social circles. The time for the funeral has not yet been fixed.

THE GREAT PAN-TECHNON.—A drew an immense crowd on Saturday night, and everybody was delighted with the exhibition—the best of the kind ever witnessed here. About three hundred dollars worth of beautiful gifts were presented to the audience, and the same liberal experiment will be repeated to-night. Go and try your luck. A view of the gorgeous paintings, so accurate and life-like, is worth ten times the price of admission, and one cannot spend an evening more pleasantly and profitably than in looking at the varied and beautiful scenes and listening to the interesting descriptive lecture. When we say Pan-technon-a-tion—"is the most splendid Panorama ever exhibited in this country, we speak the sentiment of eminent artists in our city who are competent judges. Everybody "and all their relations" should see it. Be sure to go early, or you will not get seats, for the hall is crowded to overflowing every night.

MUSLINS! MUSLINS! MUSLINS!—1000 yards of the very best bleached Muslin, 10 cents; 2000 yards of beautiful bleached Muslin, 10 cents; 2000 yards of the best long cloth Muslin, 12 cents, which I will sell by the piece at 11 cents; 2000 yards of remnant of Calico De Laine, to be sold very cheap; remnants of colored Silk, cheap; De Laines and other dress goods at cost; Broche Shawls and other Shawls at cost; Cassimere for pants; Black Cloth, Cassinette, and a large lot of pants stuff at cost; a splendid assortment of Cambrics, Jacobinets, Cambric Bands, Homestead Handkerchiefs, which I will sell at auction prices; white and colored Flannel at cost. For cheap goods call at S. Lawr's, Rhoads' old corner.

TRUTH vs. RHYME.—There are those that say in these enlightened days that splendid lies are all the poet's praise; That strained invention, ever on the wing, Alone impels the modern bard to sing. 'Tis true that all rhyme, say, all who write, Shrink from the word to genitrite; Yet truth sometimes will lend her noblest fires, And decorate the verse herself inspires; This fact, in virtue's name, let Union & Bowman claim, For Dry Goods handsome, beautiful and cheap, Are always found at the south-east corner Front and Market streets. m25-24

PUBLIC NOTICE. The undersigned, Commissioners of Dauphin county, Pennsylvania, hereby inform the public in general that in consequence of the approaching completion of the new Court House of the county, in the city of Harrisburg, a number of County Loans are solicited, or which coupon bonds payable at from three to five years, will be created to the order of the County, for the purpose of raising money for the purchase of land, and other purposes, and semi-annual interest will be paid punctually at the Dauphin County Treasury. Therefore persons wishing to make safe investments, and who are expected to avail themselves of this opportunity. JOHN S. MUSHER, JACOB BERN, GEORGE GARBERICL.

REMOVAL. DR. D. W. JONES, HARRISBURG, PA. HAS moved his office to the National House in Market street, opposite the Post Office. He is particular and observes the name on the window—It will be consulted on all diseases, but more particularly diseases of a private nature. Dr. JONES has cured a number of private and other diseases in the nature of Gonorrhoea, and some of them who had given up all hopes of recovery, and was restored by the use of his powerful vegetable remedies.

DR. JONES offers the only safe and certain remedy for Gonorrhoea, Gleet, Stricture, Liver Complaint, Dyspepsia, Constipation, and all Derangements of the Stomach. This preparation will cure Gonorrhoea in from three to five days, and can be had at any time of Dr. JONES, at his office, at One Dollar per bottle, and one bottle is sufficient to cure a mild case. SYPHILIS. This is one of the worst of all diseases. Dr. JONES pledges himself to cure SYPHILIS in its worst forms, and to make its appearance in so many different forms, that a single plan of treatment will not reach it in all its stages; so it may require different remedies, according to the nature of the case. Dr. JONES will make an article with any one—NO CURE NO PAY! The remedies used by Dr. JONES, are purely vegetable, and need no change of diet or hindrance from business. SPERMATORRHOEA. This habit of youth is indulged in while alone, and is often fraught with evil consequences when at school, and in many cases, will destroy both mind and body. Both sexes fall victims to this disease. The symptoms are: Pain in the Head, Dimness of Sight, Ringing in the Ears, Pains in the Face, Loss of Memory, Fluctuating Pulse, Night Weakness in the Back, Pain in the Breast, and Cough, (indicative of Consumption,) Dyspepsia, great Derangement of the Nervous System, and so on till death puts an end to their sufferings. To such Dr. JONES offers a powerful restorative, with such mild and Balmly Juices of Herbs, that will perfectly restore the victims of this distressing Disease. FEMALE COMPLAINTS. Those suffering from Colds, and Derangement of the Nervous System, can readily be restored to sound health and vigor. Dr. JONES may be consulted at all times at his office, personally or by letter, describing all symptoms. All letters must contain a stamp to ensure answer. Address DR. D. W. JONES, National House, Harrisburg, Pa.
