It is free from speculative opinions, conservative in its tendency, and calculated to cultivate the love of our country. Acad what the Press say after thoroughly testing the matter, and no one can have a doubt.

PROF. WOOD'S RENTORATIVE CORDIAL.—It is recorded in classics that Payche was once sent to a climate warmer than the West Indies to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed out flew all the ills that flesh is heir to.—Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and of digestion, imparts strength to the nervous system, and for fines the citatel of health, so as to bid defiance to the assaults of disease. FROF. WOOD'S RESTORATIVE CORDIAL and BLOOD
RENOVATOR is, without doubt, the best Tonic Cordial in
the world. To those who are suffering from general debility we would recommend its use; tor, while it is pleasant to the taste, it is strengthening to the system, and
will at once tend to remove all impurities of the blood,
and eradicate all traces of disease. It can be taken by
the weakest stomach, while those in good heal h will at

after using one bottle of this cordial none will be for a
day without it.—"New York Leader."

Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the
test fully, and, in fact, it is without any doubt the first
article in market for purifying the Blood and strengthening the system. We have no by tation in recommending

LOOK TO YOURSELF IN TIME.—How many in consequence of a false delicacy suffer from suppressed, painrul, or obstructed measuration, and think because they
are young that by-and-by nature will work itself clear
from obstructions, and all come in right in the end, little
dreaming that the seeds of death are already germinating in the system, because the vital energies are impaired, and the entire animal economy deranged, debiil

remedy were set before them which would restore all the
functions of the system, and relayigorate the body, they
would take it, and thus be in time to save their lives.—
