PROF. WOOD'S HAIR RESTORATIVE. OTHERS SAY OF IT,

A Distinguished St. Louis Physician Writes

WARM SPRINGS, Perry Co., Pa., June 7, 1850.

Prof. WOOD, Dear Sir:—I was induced more than year ago to try your valuable Hair Restorative for th purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Kunkle's drug store, and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removedall dandruff from my head, and an application once in two weeks keeps it free from any itehing or other unpleasantness.—I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used twe bottles of the Restorative, no one has any knowledge of it, as I allow a few gray heirs to remain in order to have my appearance comport with my age. My head is now of less trouble to me in keeping it clean, &c., than at any time since I have been a child. I consider your preparation of great value, and, although I do not like to expose myself, I consider it my duty to do so. Vou can use this or any part of it is any shape you think proper, if it is worth any thing to you.

Wood's HAR RESONATIVE has acquired a reputation from actual test and experiment which cannot be enhanced by newspaper puffis. In our vicinity it has been extensively used, and we believe in every case with every tested result, and received the universal endorsement of all who have tried it. We therefore recommend it as one of those few nestrums which accompliance all it professes, and all the bald and gray could desire.—Columbia Spy.

Pros. Wood's HAIR RESTORATIVE.—In another column will be found an advertisement of this well known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures cutaneous eruptions, and prevents the hair falling off. We have seen many authentic testimonials in proof of these assertions some of which are from gentiemen whom we have known for many years as persons of the most reliable character. Don't dye till you have tried this Restorative. Boston Olive Branch.

Wood's Hair Restorative.—We are not in the habit of puffing every new discovery, for in nine cases out of ten they are quack nostrums, but we take great pleasure in racommending Professor Wood's article to all whose hair is falling off or turning gray. Our well known contributor, Finley Johnson, Esq., has experienced the benefit of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snew in summer.—Baltimore Patriot.

Woon's Hair Regrogative.—Unlike most specifics, this is proved, by unimpeachable evidence, to possess great efficacy as a restorer of the hair to pristine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicates dandruff and other impurities, which operate so injuriously to the hair. It also has curative properties of another description. In many cases plumples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial of his remedy, and its effects can only be beneficial, as the compound if it does not cause a mrnifest improvement, is incapable of doing harm, as its component elements are perfectly innounous.—Botton Transcript, April 22, 1859.

A GENUINE BOON.—In our capacity as conductor of a public journal, we are called upon to advertise the cureals of the day, each of which claims to be unadulterated in its composition and infallible in its curative effects, with what justice we leave our readers to determine. In one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article, that we give it our indorsement as all that its in ventor and vender claim it to be. Its effect upon a failing head of hair is universally known to be magical. Like lime or guano on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately very healthy, but we advise our friends with sparsely grawing hair to try the Restorative.—Columbia Spy.

ALL HAIR DYES ARANDONED.—Word's Great Article has Taken the Field.—Professor Wood stands on an emine noe no chemist, whose attention has been turned to inventing a hair tonic, has ever before reached. His fame is sudden but world-wide, and thousands who have worn wigs or been bald for years are now, through the use of his preparation, wearing their own natural and invariant head covering. So much for chemistry, the chemistry of human life, and the laws which apply to the functions of the system. Prof. Wood stadied out the human hair, its character, its properties and diseases, and how to restore the decaying vitality to that ornament; he saw, as in his ewn case, that gray hair is unnatural unless the age of the individual has reached four score, and he believed that the hair could be naturally revitalized. He tried his own case—almost bald and quite gray, at the age of thirty seven—he restored his own hair in color, strength and luxuriance, and the article he did it with he gave to the world. Get WOOP'S HAIR RESTORATIVE, and take nothing else.—New York Day Book.

DR. JOHNSTON Immediately cured and full vigor restored

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the mest aminent Colleges of the United States, and the greatest part of whose life has been spent: in the Hospitals of Loadon, Paris, Philadelphia and elsewhere, has effected some of the most astenishing ourse that were ever known. Many troubled with ringing in the ears and head when asleep, great nervouncess, being alarmed at sudden sounds, bealinghes, with frequent blushing, attended sometimes with deriangement of mind were cured immediately,

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, untiting them, for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, vit: Weakness of the Back and Limbs, Fains in the Head, Dinness of Sight, Loss of Muscular Power, Paiplistion of the Heart, Dyspejsis, Nervous Irritability: Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.
