MAPLE SUGAR. - An ark arrived here on Sat urday from the north, with a large quantity of newly-made maple sugar, which the owner found ready sale for at two cents per cake or a shilling per pound. The entire stock was disposed of in the course of a few hours.

THE ALARM OF FIRE this morning was occa-State Capital Hotel. No damage was done. Under an ordinance recently enacted, the ownhaving his chimney properly cleansed so as to prevent its burning.

THE CITY HOSPITAL contained four lodgers on Saturday night, and three last night, all vagrants except one fellow who was arrested for drunkenness and disorderly conduct .--Among the occupants last night was a genteel looking Irish woman, a stranger and destitute of money, who sought shelter in the asylum for vagrants.

THE NEW HALL in the Walnut Street Exchange will be inaugurated on Wednesday evening, by a social dancing party under the management of Mr. Frank Mather. The room has been papered, ornamented and fitted up in elegant style for concerts, balls and social parties, and will no doubt become a popular insti-

A Purr.-We are indebted to Mr. Wm. Dumars for specimens of the cigars he sells at his new stand opposite the Court House. Having "puffed" several of his choice Havanas, and found them to be pure and pleasantly flavored, we deem it but justice to give him a "puff" in return, and commend his establishment to public patronage.

Mr. Kendig took possession of the office this morning, and entered upon the discharge of his duties.

THE NEW STEAM FIRE ENGINE is expected to reach here about the first of next month. The Friendship boys require a little more money to make up the amount requisite for the first payment, and we hope citizens who have not ye contributed in aid of this project, will respond promptly and liberally when called upon by the collecting committee.

LIGHT INTANTRY .-- An exchange says : "Some twenty-five male babies have arrived in town Geo. Hammon. since the beginning of the good year eighteen hundred and sixty-one." Quite a corps of young soldiers; and they will, without doubt, in time, do efficient service in hattling for our country : but for the present we advise them to stick close James Lewis was appointed a police officer to the breast-works!

KEROSENE OIL, which in its pure state is not explosive, has recently been adulterated by dealers with camphene and other cheap substances, making it very explosive. Several accausing injury and even death. The effect of such unscrupulous conduct in dealers will be to discredit Kerosene, and cause its disuse by any person who has a regard for his life.

MEETING OF PRESENTERY .- The Presbytery of Carlisle will meet in the Old School Presbyterian Church of this city, to-morrow (Tuesday) evening, at half past seven o'clock. The opening sermon will be preached either by Rev. Dr. Creigh, of Mercersburg, or the Rev. I. N. Hays, of Middle Spring. The public are cordially invited to attend upon this and all the other services connected with the sitting of the his body, nearly cutting off both legs at the Presbytery.

THE POTATO MARKET.—An ark load of potatoes arrived here on Saturday, from the upper stopped and the man taken up, he was dead. Susquehanna region, which the owner retailed at seventy-five cents a bushel. In our market dealers in the article demand and receive one sell for three and four shillings.

LOAFERS.—We have been requested to call the attention of the police officers to the crowd of loafers, old and young, who congregate every pleasant Sabbath on the State street canal bridge. Ladies who pass that way to the Cemetery are frequently annoyed and insulted by the "lewd fellews of a baser sort" who regularly frequent that locality. The police will do a commendable act by abating this long complained of nuisance.

Suspicious.—This morning some combustible materials, partially consumed, were found in the structure. Fellows who have have the dis- railroad. position to commit an outrage of this kind might do so with impunity, for the bridge is neither lighted or guarded by watchmen during the night; and very few persons venture to cross it after dark, owing to this fact.

"REVEREND" J. L. The respectable example of Judas, however, is not always followed; for some would-be betrayers of Christ and his cause, instead of hanging themselves, hang on to the profession they have disgraced, and employ the title they have defiled as an element of their power of mischief-making .--There are scores of such "Reverends" in the country whose piracies are covered by the false flag of the sacred profession. It is a simple act of public justice to strip them of their false colors, and leave them to their own black flagged craft."
