PROF. WOOD'S HAIR RESTORATIVE. OTHERS SAY OF IT,

A Distinguithed St. Louis Physician Writes O. J. WOOD, Esq.: Dear Sir :— Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative, after a trial of five vears. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its turning, and in three weeks time there was not a gray hair to be noticed, neither has there been up to this time.

After my hair was completely restored, I continued its use by applying two or three times per month. My hair

to this time.

After my bair was completely restered, I continued its use by applying two or three times per month. My hair has ever c. ntinued healthy, soft and glossy, and my stalp perfectly free from dandruff. I do not imagine the fasts above mentioned will be of any particular advantage to yon, or even fiatter your vanity at this late day, as I am well aware they are all known already and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken pride and pleasure in recommending your Restorative, and exhibiting its effects in my own case. In several instances I have net with people that have pronounced it a humbug; saying they have used it and without effect. In every instance, however, it proved, by probing the matter, that they had not used your article at all, but had used some new article said to be as good as yours, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing that people will patronize an article of no reputation, when there is one at hand that has been proved beyond a doubt.

Apparently some of those charitans have not brains enough to write an advertisement, as I notice they have copled yours word for word in severali instances, merely inserting some other name in place of yours.

I have, within the past its years, seen and talked with more than two thousand persons that have used your preparation with perfect success—some for baldness gray hair, soald head, dandruff, and every disease the scalp and head are subject to.

I called to see you personally at your original place of business here, but learned you were now living in New York.

business here, but real to publish this or refer parties to York.
You are at liberty to publish this or refer parties to me. Any communication addressed to me, care box No. 1,920, will be promptly answered.
Yours, truly,
JAMES WHITE, M. D.

WARM SPRINS, Perry Co., Pa., June 7, 1850.

Prof. WOOD, Dear Sir—I was induced more than year ago to try your valuable Hair Restorative for it purpose of cleansing my head of dandruff. I had sinflered with it upon my head for years, and had never been able to get anything to do me any good in removing it, all though I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Beling there at the time, I called at Gross & Kunkle's drug store, and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removedail dandruff from my head, and an application once in two weeks, eeps it free from any itening or other unpleasantness.—I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am mow 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain in order to have my appearance comport with my age. My head is now of less trouble to me in keeping it clean, &c., than at any time since I have been a child. I consider your preparation of great value, and, although I have Over, then at any time since I have been a child. I consider your preparation of great value, and, although I do not like to expose myself, I consider it my duty to do so. You can use this or any part of it is any shape you think proper, if it is worth any thing to you.

H. H. ETTER.

BLOOMINGTON, Ind., July 30, 1859.

Bloomington, and have been here for over thirty years, I am now over fifty years of age. For about twenty years past my hair has been turning considerably gray, and was almost entirely white and very stiff and unpliant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative but supposed there was more fiction than truth in them: but entertaining a strong desire to have my hair, if possible, restored to its original color and fineness, as it was in my younger days a beautiful black, I concluded I would make the experiment commencing in a small way. I purchased one of your small bottles, at one dollar, and commenced using, following directions as nearly as I could. I seen discovered the dandruff removed, and my hair, that was falling off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it, till I have used three of your small bottles and just begun on the fourth. I have now as prefty a head of dark brown, or light black hair as any man, or as I had in my youthful days, when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair ceased entirely falling off and is as soft and fine, and feels as oily, as though it was just from the hands of a French champooner. Many of my acquaintances frequently say to me "Butler, where did you get that tine wig?" I tell them it was the effect of your Restorative. It is almost impossible to convince them that it is the original hair of the same old gray head.

Yours, truly, FREDERICK T. BUTLER.

Wood's HAIR RESTORATIVE has acquired a reputation from actual test and experiment which cannot be enhanced by newspaper pulls. In our vicinity it has been extensively used, and we believe in every case with every desired result, and received the universal endoprement of all who have tried it. We therefore yecomemed it as one of those few nostrums which accomplishes all it professes, and all the bald and gray could desire.—Columbia Spy.

Prof. Wood's Hair Restorante.—In another column will be found an advertisement of this well known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures cutaneous eruptions, and prevents the hair falling off. We have seen many authentic testimonials in proot of these assertions some of which are from gentlemen whom we have known for many years as persons of the most reliable character. Don't dye till you have tried this Restorative. Boston Olive Branch.

WOOD'S HAIR RESTORATIVE.—We are not in the habit of puffing every new discovery, for in nine cases out of ten they are quack nostrums, but we take great pleasure in racommending Professor Wood's article to all whose hair is falling off or turning gray. Our well known contributor, Finley Johnson, Eaq., has experienced the benefit of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snow in summer.—Baltimore Patriot.

Wood's Hair Restorative.—Unlike most specifics, this is proved, by unimpeachable evidence, to possess great efficacy as a restorer of the hair to pristine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicates dandruff and other impurities, which operate so injuriously to the hair. It also has curative properties of another description. In many cases pluples and other disfigurements of the skin disappear wherever it's used. There is no hazard attaching to the trial of his remedy, and its effects can only be beneficial, as the compound if it does not cause a mrnifest improvement, is incapable of doing harm, as its component elements are perfectly innocuous.—Boston Transcript, April 22, 1859.

In inaugurating this new system of doing business, GRANVILLE STOKES would impress on the minds of the patrons of his establishment, that the cost of the gift is deducted from, and nor added to the price of the article sold. His immensely increasing sales enabling him to act thus liberally, and at the same time to realize a remunerative profit.

All articles guaranteed to give entire satisfaction.

DR. JOHNSTON. DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the meet eminent Colleges of the United States, and the greatest part of whose life has been spenj in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the meet astonishing curses that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alsermed at sudden sounds, bashviness, with frequent blushing, attended sometimes with derangement of mind were cured immediately,

TAKE PARTICULAR NOTICE TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dinness of Sight, Loss of Muscular Power, Paipitation of the Fieart, Dyspesia, Norvous Irritability, Deraugement of the Digettive Functions, General Debility, Symptoms of Consumption, Sc.

who have injured themselves by a certain practice, in
deleged in when alone—a habit frequently learned from
evil companions, or at section the effects of which are
alghtly felt, even when asleep, and if not cured, renders
tarriage impossible, and destroys both mind and body,
should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from
all prospects and enjoyments of life by the consequences
of deviating from the path of nature, and indulging in a
certain secret habit. Such persons must, before coutemplating

effect that a sound mind and body are the most necessary
requisites to promote connubial happiness. Indeed
without these, the journey through life becomes a weary
pilgrimage; the prospect hourly darkens to the view; the
mind becomes shadowed with despets, and filed with the
melancholy reflection that the happiness of another becomes blighted with our own
