ALWAYS SOMETHING NEW! STILL SOMETHING WHICH HAS

THE TEST OF YEARS AND STILL MORE AND MORE POPULAR EVERY DAY.

PROF. WOOD'S HAIR RESTORATIVE BRE MHYL

stopped its turning, and in three weeks time there was not a gray hair to be holiced, neither has there been up to this time.

After my hair was completely restored, I continued its use by applying two or three times per month. My hair has ever cuntinued healthy, soft and glossy, and my st alp perfectly free from dandruff. I do not imagine the fasts above mentioned will be of any particular advantage to you, or even faster your vanity at this late day, as I am, well aware they are all known already and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken pride and pleasure in recommending your Restorative, and exhibiting its effects in my own case. In several initiatices it have met with people that have pronounced it a humbug; saying they have used it and without effect. In every instance, however, it proved, by probing the matter, that they had not used your article at all, but had need zone-new article said to be as good as yours; and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing that people will patronize an article of no reputation, when there is one at hand that has been proved beyond a doubt.

Apparently some of those charitans have not brains enough to write an advertisement, as I notice they have oppled yours word for word in several instances, merely inserting some other name in place of yours.

I have, within the past hy years, seen and talked with more than two theasand persons that have used your preparation with perfect success—some for baldness gray, bair, scald head, dandruff, and every disease the scap and head are subject to.

I called to see you personally at your original place of business here, but learned you were now living in New York.

You are at liberty to publish this or refer parties to me. Any communication addressed to me, oare box No. 1,920, will be promptly answered.

WARM SPRINGS, Perry Co., Pa., June 7, 1850.

Prof. WOOD, Dear Sir:—I was induced more than year ago to try your valuable Hair Restorative for the purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get anything to do me any good in removing it, all though I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Kunkle's drug store, and bought is bottle, and now am prepared to recommend it to universal use, for it has completely removeds! dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.—I must also state that my hair had become quite white in places, stand, by the use of your preparation, has been restored to its original color. I am now 50-years of age, and although I have used twe bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hoirs to remain in order to have my appearance composit with my age. My head is now of less trouble to me in keeping it clean, &c., than at any time since! have been a child. I consider your preparation of great value, and, although I do not like to expose myself, I consider it my duty to do so. You can use this or any part of it is any shape you think proper, if it is worth any thing to you.

RECTANDATE OF THE PROPERTY OF TH

Biogramors, Ind., July 30, 1859.

EDRA'S IN: I here send you a statement that I think you as entitled, it the benefit of. I am a resident of Bloamington, and have been here for over thirty years. I am now over fifty years of age. For about the only years past my hair has been turning considerably gray; and was almost entirely white and very stiff and unplant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative but supposed there was more fiction than truth in them: but entervaining a strong desire to have my hair, if possible, restored to its original color and fineness, as it was in my younger days a beautiful black, I concluded I would make the experiment commencing in a small way. I purchased one of your small bottles, at one dollar, and commenced using, following directions as nearly as I could. I then discovered the dandruff.removed, and my hair, that was falling of in large quantities, was considerably tightened, and a radical change taking piace in the color. I have con tinued to use it, till have used three of your small bottles and just begun on the fourth. I have now as pretty a head of dark brown, or light black hair as any man, or as I had in my.youthful days, when a boy in the hills of Western Virginia. My head is entirely falling off and is as soft and fine, and feels as ofly, as though it was just from the hands of a French champooner. Many of my acquaintances frequently say to me "Butler, where did you get that the wig "I toll them it was the effect of your Kestorative. It is aimost impossible to convince them that it is the original hair of the same old gray head.

Yours, traly,
FREDERICK T. BUTLER,

Wood's Hair Restorative has acquired a reputation from actual test and experiment which cannot be enhanced by newspaper pulls. In our vicinity it has been extensively used, and we believe in every case with every desired result, and received the universal endorsement of all who have tried it. We therefore recommend it as one of those few nostrums which accomplishes all it professes, and all the bald and gray could desire.—Columbia Spy.

PROF. WOOD'S HAIR RESTORATIVE.—In another column will—be found an advertisement of this well known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures entaneous eruptions, and prevents the hair falling off. We have seen many authentic testimonials in proof of these assertions some of which are from gentlemen whom we have known for many years as persons of the most reliable obstance. Don't dye till you have tried this Restorative. Boston Cline Branch.

Wood's Hair RESTORATIVE .- We are not in the habit of nffing every new discovery, for in nine cases out of te tey are quack nostrums, but we take great pleasure! commending Professor Wood's article to all whose ha is failing off or turning gray. Our: well known contribu-tor, Finley Johnson, Esq., has experienced the benealt of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snow in summer.—Baltimore Patriot.

Wood's Hair Reportule.—Unlike most specifics, this is proved, by unimpeachable evidence, to possess great efficacy as a restorer of the hair to pristine vigor. Where the head had become almost baid because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicates dandrun and other impurities, which operate so injuriously to the hair. It also has curative properties of another description. In many cases pimples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial of his remedy, and its effects can only be benedicial, as the compound if it does not cause a mraifest improvement, is incapable of doing harm, as its component elements are perfectly innocuous.—Botton Transcript, April 22, 1869.

A Genuine Boon.—In our capacity as conductor of a public journal, we are called upon to advertise the curealis of the day, each of which claims to be unadulterated in its composition and infallible in its curative, effects, with what justice we leave our readers to determine. In one instance, however.—Prof. Wood's Hair Restorative.—we are so well assured of the notable qualities of the article, that we give it our indorsement as all that its in ventor and vender claim it to be. Its effect upon a failing head of hair is universally known to be magical. Like lime or guano on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately very healthy, but we ladvise our friends with sparsely growing hair to try the Restorative.—Commbia Spy.

Att. Hare Dres Arandownd.—Word's Great Article has Tulcen the Field.—Professor Wood stands on an eminence no chemist, whose attention has been turned to inventing a hair tonio, has ever before reached. His fame is sudden but world-wide, and thousands who have worr wigor been baild for years are now, through the use of his preparation, wearing their own natural and luxuriant head covering. So much for chemistry, the chemistry of human life, and the laws which apply to the functions of the system. Prof. Wood studied out the human hair, its character, its properties and diseases, and how to restore the decaying vinality to that ornament; he saw, as in his own case, that gray hair is unnatural unless the lage of the individual has reached four score, and he believed that the hair could be naturally revitalized. He tried his own case—almost baid and quite gray, at the age of thirty-seven—he restored his own hair in color, strength and luxuriance, and the article he did it with he gave to the world. Envisions Rumines you one fellow citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as puress imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive busiless; although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive Warchonse, Nos. 18: 20 and 22 Beaver street, and Nos. 22, 19 and 21, Marvetheld street. His stock of Schnapps on hand ready for shipment could not have been lees than thirty thousand cases of 1836 to 1856; and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whisty, Jamaica and St. Croix: Rum, some very old and equal to any in this country. He also had three large cellars, filed with Brandy, Wine, &c., in casts, under Custom House key, ready for bottling. Mr. Wolfe's salre, of Echnapps list. your amounted to one hundred and eighty thousand dozen, and we hope in less than th

than two 'years he may be equally successful with his firradies and Wines.

His business merits the patronage of every lover of his gpeoias. Private stamilies who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land make up their minds to discard, the poisonous stuff from their shelves, and replace it with Wolfe's pure Winiss and Liquoss.

DR. JOHNSTON. DR. JOHNSTON.
Dr. Johnson member of the Royal College of Surgeons,
London, graduate from one of the mest eminent Colleges
of the United States, and the greatest part of whose life
has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing curse that were ever known. Many troubled
with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashulmess,
with frequent blushing, attended sometimes with desargement of mind were cured immediately,

TAKE PARTICULAR NOTICE Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that segret and solitary habit which ruins both body and mind, untiting them for either business or society.

These are some of the sad and meiancholy effects produced by early habits of youth, vis: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Paipitation of, the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Deblity, Symptoms of Cousumption, &c.

MENTALLY MENTALLY, the fearful effects on the mind are much to be dreaded —Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, norvous and emaciated, have a singular appearance about the eyes, cough, and sympms of consumption.

dulped in when alone—a habit frequently learned from
evil companions, or at school the effects of which are
algority felt, even when asleep, and if not sured, renders
tarriage impossible, and destroys both mind and body,
should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be spatched from
all prospects and enjoyments of life by the consequences
of deviating from the path of nature, and indulging in a
certain secret habit. Such persons must, before contemplating

Distinguished St. Louis Physician Writes Sr. Lous, July 10, 1860.

O. J. WOOD, Esq.: Dear Sir: —Albew me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative, after a trial of five years. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its turning, and in three weeks time there was not a gray hair to be noticed, neither has there been up to this time.
