HAIR RESTORATIVE. OTHERS SAY OF IT,

A Distinguished St. Louis Physician Writes

Medical.

Sr. Louis, July 10, 1860. Sr. Louis, July 10, 1860. O. J. WOOD, Esq.: Dear Sir --- Mew me the picasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative, after a trial of five vears. I commenced using your Restorative in January, 1856, since which tims I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications gtopped its turning, and in three weeks time there was not a gray hair to be noticed, neither has there been up to this time.

this, and at traits, each in three weeks time there was stopped its turning, and in three weeks time there was not a gray hair to be noticed, neither has there been up to this time. After my hair was completely restored, I continued its use by applying two or three times per month. My hair has ever a Luined healthy, soft and glosgy, and my s algo perfectly free from dandruff. I do not imagine the fasts above mentioned will be of any particular advan-tuge to yon, or even flatter your vanity at this late day, as I am well aware they are all known already and even more wonderful ones throughout the Union. I have oc-oopied my time in traveling the greater part of the time two wonderful ones throughout the Union. I have oc-oopied my time in traveling the greater part of the time two my times in traveling the greater part of the time the past three years, and have taken prinds and pleasure in recommending your Restorative, and withly and the stop as it my own case. In several instances I have met with people that have pronounced it a humbug; saying they have used it and without effect. In every instance, however, it proved, by probing the matter, that they had not used your article at all, but had used some ney article add to be as good as yours, and selling at about half the price. I have noticed two or three articles my-sell advertised as above, which I have no doubt are humbugs. It is astonishing that people will patronize an article of no reputation, when there is one at hand that has been proved beyond a doubt. Apparently some of those charitans have not brains erough to write an advertisement, as I notice they have copied yours word for word in several instances, merely inserting some other name in place of yours. I have, within the pest ive years, seen and talked with more than two theusand persons that have used your preparation with perfect success—some for baldness gray hair, scald head, dandruff, and every disease the scalp and head are subject to. I called to see you personally at your original place

JAMES WHITE, M. D. WARM SPEIRNS, Perry Co., Pa., June 7, 1860. Prof. WOOD, Dear Sir.-I was induced more than year ago to try your valuable Hair Restorative for th purpose of cleansing my head of dandruff. I had suffared with it upon my head ior years, and had never been able to get anything to do me any good in removing it, al thoogh I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Kunkle's drug store, and bought a bottle, and now am prepared to recommend it to universi use, for it has completely removed all dand-ruff from my bead, and an application once in two weeks keeps it free from any itshing or other unpleasantness.-I must also state that my hair had become quite white is places, and, by the use of your preparation, has-been restored to its original color. I am now 60 years of age, and although I have used two bottles of the restorative, no one has any knowledge of it, as I allow a iswe gray hairs to remaiu in order to have my appearance com-port with my age. My head is now of less t, orbie to me be a child. I cousider your preparation of great value, and, although I do not like to expose myself, I consider it my duty to do so. You can use this or any part of it is any shape you think proper, If it is worth any thing to you. H. H. ETTER. Biomningrow. Ind. Tair Sa 1980

I couclided I would make the experi-mont commencing in a small way. I purobased one of your small buttes, at one dollar, and commencel using, following directions as nearly as I could. I soon discor-ered the dandruff removed, and my hair, that was falling off in large quantities, was considerably in the state and actical change taking place to the color. I have contin-ned to use It, till have used three of your small buttles and just begun on the lourth. I have now sap pretty a head of dark brown, or light black hair as any man, or as I had u my youthul days, when a boy in the bills of Western Virglua. My head is entirely clear of dandruff, and the hair ceased entirely falling off and is as soft and the, and foels as oily, as though it was just from the bands of a French champooner.
