FOR

DYSPEPSIA,
Liver Complaint, Fever and Ague, &c.

The successful introduction and use of this celebrated Remedy has been the signal for a literal flood of compounds called "Bitters," offered in various forms, and under a great variety of names. In this word "Bitters" is but another name for "grog" or some villainous whiskey mixture.

But the really great relief derived from the mild dose, one teaspoonful, of our medicine,

BERHARVE'S HOLLAND BITTERS

and the entire absence of after prostration, has established for it a reputation which the most of imitations cannot hope to undermine. It is positively a vegetable preparation, with barely sufficient pure spirits to preserve it.

But one size of the genuine, (Half-Flat Bottle) is a medicine of long-tried efficacy for Purifying the Blood, so essential for the foundation of good health; for correcting disorders of the stomach and bowels.

Two or three doses will convince the afflicted of salutary effects. The stomach will speedily regain its strength, healthy action of the liver, bowels and kidneys will soon take place, and benevolent health the quick result.

PROF. WOOD'S
HAIR RESTORATIVE
SEE WHAT
OTHERS SAY OF IT.
A Distinguished St. Louis Physician Vouches For It.

St. Louis, July 10, 1901.
S. R. J. WOOD, Esq.: Dear Sir:—I view the merit and satisfaction to transmit to you the beneficial effects of my famous Hair Restorative. I have commenced using your Restorative in January, since which time I have not been without a bottle. When I commenced using it, my hair was thin, and at least one-third gray. A few applications stopped its turning, and in three weeks time there was no gray hair to be noticed, neither has there been to this time.

After my hair was completely restored, I continued use by applying two or three times per month. I have not noticed any loss of hair, and have secured a scalp perfectly free from dandruff. I do not imagine the above mentioned will be of any particular value to you, but I write you so anxiously at this time, I am well aware that you are all true friends of the hair. I am wonderful ones throughout the Union. I have copied my time in traveling the rest of the world, and in recommending your Restorative, and exhibiting effects in my own case. In several instances I have met with people who have said it is a humbug; but they have used it and without effect. It is very low, however, I prove, by proving the matter, that I had not used your article at all, but had used some other article, and I have noticed two or three articles self-advertised as above, which I have no doubt have been used by the same people who have used an article of no reputation, when there is one at hand that has been proved beyond a doubt.

Apparently some of those charlatans have not been able to write as good as you, and have copied your word for word in several instances, inserting some other name in place of yours.

When I commenced using your Restorative, I had more than two thousand persons that have used preparation with perfect success—some for balding hair, some for head, dandruff, and every disease of the scalp and hair.

I called to see you personally at your original place of business here, but learned you were now living in New York.

You are at liberty to publish this or refer part of it. Any communication addressed to me, care of 1,320, will be promptly answered.

Yours, truly,
JAMES WHITE, M.D.

WALKER STANLEY, Perry Co., Pa., June 7, 1901.
Prof. Wood, Dear Sir:—I have used your Restorative for one year ago to try your valuable Hair Restorative for the purpose of cleansing my head of dandruff. I had used many other preparations, but they did not seem to get anything to do me any good in removing dandruff. I had tried many preparations, until I saw an advertisement for your Restorative. I bought a bottle at the time, I called at Grosz & Kunkle's drug store, bought a bottle, and now am prepared to recommend to universal use, for it has completely removed all dandruff from my head, and my hair has grown so thick and keeps it free from any itching or other unpleasantness. I must also state that my hair had become quite thin in places, and by the use of your Restorative, has been restored to its original color. I am now 50 years of age and although I have used two bottles of the Restorative, I have no any more of the dandruff, and my hair has remained in order to have my appearance as port with my age. My head is now in less trouble in keeping it clean, etc., than at any time since I have used your Restorative. I am a native of the West, and although I do not like to expose myself, I cannot say my duty to do so. You can use this or any part of it, and shape you think proper, if it will do any good to you.

Yours, truly,
H. K. ELLIOTT.
