MOFFAT'S LIFE PILLS AND PHOENIX BITTERS. HESE MEDICINES have now been be-

for the public for a period of THIRTY YEARS, and during that time have maintain d a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under neariy every kind of disease to which the human frame is hable;

The following areamong the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES Are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of Appetite, Heratburn, Headache, Restlessness, ill-Temper, Anxiety, Languor and Melanchely, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costivo within two days.

FEVERS of all kinds, by restoring the blood to regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal ob-

such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure RHEUMATISM permanently in three weeks and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS by disladging from the turnings of

Holland Bitters

DYSPEPSIA. Liver Complaint, Fever and Ague, &c.

The successful introduction and use of this celebrated Remedy has been the signal for a literal flood of compounds called "Bitters," offered in various forms, from a quart bottle to a five-gailon keg, until this word "Bitters" is but another name for "grog," or some villanous whisky mixture.

But the really great relief derived from the minute does, one teaspoonful, of our medicine, BERHAVE'S HOLLAND BITTERS. MERHAVE'S HOLLAND BITTERS, and the entire absence of after prostration, has established for it a reputation which the host of iminations and counterfeits have failed to undermine. It is positively a vegetable preparation, with barely sufficient pure spirits to preserve it.

But one size of the genuine, (Half-Pint Bottles,) price ONE DOLLAR.

It is a medicine of long-tried efficacy for Purifying the Blood, so essential for the foundation of good health and for correcting disorders of the stomach and bowels.

and lowels.

Two or three doses will convince the afflicted of its salutary effects. The stomach will speedly regain its strength, a healthy action of the liver, bowels and kidneys will soon take place, and renewed health be the quick result.

PROF. WOOD'S HAIR RESTORATIVE.

OTHERS SAY OF IT.

A Distinguished St. Louis Physician Writes St. Louis, July 10, 1860.

O. J. WOOD, Esq: Dear Sir: - *llo *me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative, after a trial of five years. I commenced using your Restorative in January, 1855, since which tims I have not been which a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its turning, and in three weeks time there was not a gray balt to be noticed, neither has there been up to this time.

stopped its tirring, and in three weeks time there was not a gray bair to be noticed, neither has there been up to this time.

After my kair was completely restered, I continued its use by applying two or three times per month. My hair has ever a ninued healthy, soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the is its above mentioned will be of any particular advantage to you, or even fiatter your vanity at this late day, as I am well aware they are all known already and even more wonderful ones throughout the Union. I have coupled my time in traveling the greater per to fithe time the past three years, and have taken pride and pleasure in recommending your Restorative, and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humbug; saying they have used it and without effect. In every instance, however, it proved, by probing the matter, that they had not used your article at all, but had used some new article said to be as good as yours, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is associabing that people will patronize an article of no reputation, when there is one at hand that has been pseved beyond a doubt.

Apparently some of those charitans have not brains enough to write an advertisement, as I notice they have copied yours word for word in severall natances, merely inserting some other name in place of yours.

I have, within the past five years, seen and talked with more than two thousand persons that have used your preparation with perfect success—some for baldness gray hair, scald head, dandruff, and every disease the scalp and head are subject to.

I called to see you personally at your original place of business here, but learned you were now living in Now York.

York.
York are at liberty to publish this or refer parties to me. Any communication addressed to me, care box No. 1,920, will be promptly answered.
Yours, truly,
JAMES WHITE, M. D.

WARM SPRINGS, Perry Co., Pa., June 7, 1860.

Prof. WOOD, Dear Sir:—I was induced more than year ago to try your valuable Hair Restorative for th purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get anything to do me any good in removing it, although I had tried many proparations, until I saw your advortisement in a Harrisburg paper. Being there at the time, I called at Gross & Kunklo's drug store, and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removedall dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.—I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used twe bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain in order to have my appearance comport with my age. My head is now of less trouble to me in keeping it clean, &c., than at any time since I have been a child. I consider your preparation of great value, and, although I do not like to expose myself, I consider it my duty to do so. You can use this or any part of it in any shape you think proper, if it is worth any thing to you.

H. H. EITER.

Yours, &c., H. H. ElTER. BLOOMINGTON, Ind., July 30, 1859.

E DRAR SIR: I here send you a statement that I think you are entitled to the benefit of. I am a resident of Blosmington, and have been here for over thirty years. I am now over fifty years of ago. For about twenty years past my hair has been turning considerably gray, and was almost entirely white and very stiff and unpliant. I had seen a number of cortificates of the very wonderful effect of your stair Resterative but supposed there was more fiction than truth in them: but entervaining a strong desire to have my hair, if possible, restored to its original colors and fineness, as it was in my younger days a beautiful black, I concluded I would make the experiment commencing in a small way. I purchased one of your small bottles, at one dollar, and commence using, following directions as nearly as I could. I soon discovered the dandruff removed, and my lair, that was falling off in large quantities, was considerably tightened, and a radical change taking place in the color. I have excentinued to use it, till I have used three of your small bottles and just begun on the fourth. I have now as pretty a head of dark brown, or light black hair as any man, or as I had in my youthful days, when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair ceased entirely falling off and is as soft and fine, and feels as oily, as though it was just from the hands of a French champooner. Many of my acquaintances frequently say to me "Butler, where did you get that fine wig?" I tell them it was the effect of your Restorative. It is almost impossible to convince them that it is the original hair of the same old gray head.

FREDERICK T. BUILER,

FREDERICK T RITTER

Wood's HAIR RESTORATIVE has a required a reputation from actual test and experiment which cannot be enhanced by newspaper puffs. In our vicinity, it has been extensively used, and we believe in every case with every desired result, and received the universal endorsement of all who have tried it. We therefore recommend it as one of those few nostrums which accomplishes all it professes, and all the bald and gray could desire.—Columbia Spy.

Prov. Wood's Hair Restorative.—In another column will be found an advertisement of this well known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures entaneous eruptions, and prevents the bair falling off. We have seen many authentic testimontals in proof of these assertions some of which are from gentlemen whom we have known for many years as persons of the most reliable character. Don't dye till you have tried this Restorative. Boston Olive Branch.

Weod's Hair Restorative.—We are not in the habit of puffing every new discovery, for in nine cases out of their they are quack postrums, but we take great pleasure in racommending Professor Wood's article to all whose hair is falling off or turning gray. Our well known contributor, Finley Johnson, Eq., has experienced the benefit of its application, and joins with es in speaking of its virtues. Let all try it, and bald heads will be as rare as snow in summer.—Baltimore Pairiot.

Wood's Hair Reportive.—Unlike most specifics, this is proved, by unimpeschable evidence, to possess great efficacy as a restorer of the hair to prisine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicates dandruff and other impurities, which operate so injuriously to the hair. It also has curative properties of another description. In many cases pimples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial of his remedy, and its effects can only be beneficial, as the compound if it does not cause a mrnifest improvement, is incapable of deing harm, as its component elements are perfectly innocuous.— Hoston Transcript, April 22, 1859.

A Genuine Boon.—In our capacity as conductor of a public journal, we are called upon to advertise the curealls of the day, each of which claims to be unadulerated in its composition and infallible in its curative effects, with what justice we leave our readers to detervaine. In one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article, that we give it our indorsement as all that its in yentor and yender claim it to be. Its effect upon a failing head of hair is universally known to be magical. Like lime or guano on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately very healthy, but we advise our friends with sparsely-growing hair to try the Restorative.—Columbia Spy.

ALL HAIR DYES ARANONND.—Word's Great Article has Taken the Field.—Professor Wood stands on an eminence no chemist, whose attention has been turned to inventing a hair tonic; has ever before reached. His fame is sudden but world-wide, and thousands who have worn wigs or been bald for years are now, through the use of his preparation, wearing their own natural and luxurianit head covering. So much for chemistry, the chemistry of human life, and the laws which apply to the functions of the system. Prof. Wood studied out the human hair, its character, its properties and diseases, and how to restore the decaying vitality to that ornament; he saw, as in his ewn case, that gray hair is unnatural unless the age of the individual has reached four score, and he believed that the hair could be naturally revitalized. He tried his own case—almost bald and quite gray, at the age of thirty-seven—he restored his own hair in color, strength and luxuriance, and the article he did it with he gave to the world. Get WOUD'S HAIR RESTORATIVE, and take nothing eise.—New York Day Book.
