Holland Bitters

DYSPÉPSIA, Liver Complaint, Fever and Ague, &c.

The successful introduction and use of this celebrated Remedy has been the signal for a literal flood of compounds called "Bitters," offered in various forms, from a quart bottle to a five-gallon key, until this word "Bitters" is but another name for "grog," or some villacous whiskey mixture.

But the really great relief derived from the minute dose, one teaspoonful, of our medicine,

BERHAVE'S HOLLAND BITTERS, BERHAVE'S HOLLAND BITTERS, and the entire absence of after provivation, has established for it a reputation which the host of imitations and counterfeits have falled to undermine. It is positively a vegetable preparation, with barely sufficient pure spirits to preserve it.

But one size of the genuine, (Half-Pint Bottles,) price ONN DOLLAR.

It is a medicine of long-tried efficacy for Purifying the Blood, so essential for the foundation of good health and for correcting disorders of the stomach and bowels.

Two or three doses will convince the afflicted of its salutary effects. The stomach will speedily regain its strength, a healthy sotton of the liver, bowels and kidneys will soon take place, and renewed health be the quick result.

A Distinguished St. Louis Physician Writes

OTHERS SAY OF IT.

O. J. WOOD, Esq.: Dear Sir. — Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative, after a trial of ite vears. I commenced using your Restorative in January, 1856, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its turning, and in three weeks time there was not a gray hair to be noticed, neither has there been up to this time.

The LIFE MEDICINES have been known to cure RHEUMATISM permanently in three weeks and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have every been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SULRVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFEMEDIONES, by their alterate effect upon the filled that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagrees able complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RLIEUDI, ead a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PHLBS.—The original proprietor of these medicines was cured of Piles, of 35 years standing by the use of the speedy, and certain remedy. WARM SPRINGS, Perry Co., Pa., June 7, 1850.

Prof. WOOD, Dear Sir:—I was induced more than year ago to try your valuable Hair Restorative for the purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Kunkle's drug store, and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removedalf dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.—I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain in order to have my appearance comport with my age. My head is now of less touble to me in keeping it clean, &c., than at any time since I have been a child. I consider your preparation of great value, and, although I do not like to expose myself, I consider it my duty to do so. You can us this or any part of it is any shape you think proper, if it is worth any thing to you.

Prof. WARM SPRINGS WARM SPRI

BLOOMINGTON; Ind., July 30, 1859.

DRAR SIR: I here send you a statement that I think you are entitled to the benefit of. I am a resident of Hosmington, and have been here for over thirty years, I am now over fifty years of age. For about twenty years past my halr has been turning considerably gray, and was almost entirely white and very suffi and unpliant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative but supposed there was more fiction than truth in them: but enternaining a strong desire to have my hair, if possible, restored to its original color and fineness, as it was in my younger days a beautiful black, I concluded I would make the experiment commencing in a small way. I purchased one of your small bottles, at one dollar, and commence t using, following directions as nearly as I could. I soon discovered the dandruff removed, and my hair, that was falling off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it, till I have used three of your small bottles and just begun on the fourth. I have now as pretty a head of dark brown; or light black hair as any man, or as I had in my youthful days, when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair ceased entirely falling off and is as soft and fine, and feels as olly, as though it was just from the hands of a French champooner. Many of my acquaintances frequently say to me "Butler, where did you getthat fine wig?" I tell them it was the effect of your Kestorative. It is almost impossible to convince them that it is the original hair of the same old gray head.

Yours, truly,

FREDERICK T. BUILER,

Yours, truly, FREDERICK T. BUILER, Bloomington, Monroe Co., Ind.

Wood's HAIR RESTORATIVE has a quired a reputation from actual test and experiment which cannot be enhanced by newspaper puffs. In our vicinity it has been extensively used, and we believe in every case with every desired result, and received the universal endorsement of all the have tried it. We therefore recommend it as one of those few nostrums which accomplishes all it professes, and all the bald and gray could desire.—Columbia Sou.

Proc. Wood's HAIR RESTORATIVE.—In another column will be found an advertisement of this well known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also curse eutaneous eruptions, and prevents the hair falling off. We have seen many authentic testimonials in proof of these assertions some of which are from gentlemen whom we have known for many years as persons of the most reliable character. Dou't dye till you have tried this Restorative. Boston Cline Branch.

Wood's HAIR RESTONATIVE.—We are not in the habit of puffing every new discovery, for in nine cases out of ten they are quack nostrums, but we take great pleasure in recommending Professor Wood's article to all whose hair is falling off or turning gray. Our well known contributor, Finley Johnson, Eq., has experienced the benefit of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snew in summer.—Baltimore Patriot.

Woon's Hair Regrogative.—Unlike most specifics, this is proved, by unimpeachable evidence, to possess great efficacy as a restorer of the hair to pristine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a heautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicates dandruff and other impurities, which operate so injuriously to the hair. It also has curative properties of another description. In many cases primples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial of his remedy, and its effects can only be beneficial, as the compound if it does not cause a manifest improvement, is incapable of doing harm, as its component elements are perfectly innocuous.—Botton Transcript, April 22, 1859.

A GENUINE BOON.—In our capacity as conductor of a public journal, we are called upon to advertise the oursalls of the day, each of which claims to be unadulterated in its composition and infallible in its curative effects, with what justice we leave our readers to determine. In one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article, that we give it our indorsement as all that its inventor and vender claim it to be. Its effect upon a failing head of hair is universally known to be magical. Like lime or guano on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately very healthy, but we advise our friends with sparsely-growing hair to try the Restorative.—Columbia Spy.

All Har Dres Arandonne.—Word's Great Article has Taken the Field.—Professor Wood that do on a emine nee no chemist, whose attention has been turned to inventing a hair tonic, has ever before reached. His fame is sudden but world-wide, and thousands who have worn wigs or been bald for years are now, through the use of his preparation, wearing their own natural and invuriant head covering. So much for chemistry, the chemistry of human life, and the laws which apply to the functions of the system. Prof. Wood studied out the human hair, its character, its properties and diseases, and how to restore the decaying vitality to that ornament; he saw, as age of the individual has reached four score, and he helieved that the hair could be naturally revitalized. He tried his own case—almost bald and quite gray, at the age of thirty-seven-he restored his own in color, strength and inxuriance, and the article he did it with TIVE, and take nothing else.—New York Pay Book.
