BLOOD RENOVATOR.

Is precisely what its name indicates; for, while pleasan to the taste, it is revivilying, exhilarating and strengthening to the vital powers. It also reviviles, reinstates, and renews the blood in all its original parity, and thus restores and renders the system invulnerable to attacks of disease. It is the oly preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhibitanting in its effects and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and ourse of

And to you we appeal, to detect the illness or decline not only of your daughters before it be too lute, but also your sons and husbands, for while the former-from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are so often mixed up with the excitement of business, that if it were not for you, they too, would travel in the same downward path until it is too late to arrest their fatta fall. But the mother is always rigitant, and to you we confidently appeal; for we are sure your never-failling affection will unerringly point you to Professor WOOD'S REGIORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

need.

Read what the Press say after thoroughly testing the matter, and no one can have a doubt.

PROF. WOOD'S RESTORATIVE OORDIAL.—It is ree corded in classics that Payche was once sent to a climate warmer than the Wost Indies to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed out thewall the lils that flesh is heir to.—Sortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organis of digestion, imparts strength to the nervous system, and fordides the citacted of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions and while it is excillarating as pure wine, no injurious results can possibly follow its use it is a desideratum in the medical world, and those who are afflicted with loss of Appetite, Dyspepsia, Consumption, Faintness, filddiness, Neuralgia, Palpitased. 'St. Louis Daily Express.''

PROF. WOOD'S RESTORATIVE OORDIAL and BLOOD
RENOVATOR is, without doubt, the best Tonic Cordial in
the world. To these who are suffering from general debillty we would recommend its use; for, while it is pleasant to the taste, it is strengthening to the system, and
will at once tend to remove all impurities of the blood,
and eradicate all traces of disease. It can be taken by
the weakest stomach, while those in good health will at
once local its exhibitating power. We are confident that
after using one bottle of this cordial none will be for a
day without it:—"New York Leader."

A PURE, HEALTHIY TONIC, and one free from th
deleterious and injurious effects more to fellow those in
ordinary use, has long been felt to be a desideratum in
the medical warld. Such a tonic, and one os skillfully

Before noticing a patent medicine, we have to be cer
tain that it will prove itself to be all that it is recommended. And we would say that the Restrictive Cordial and Blood Renovator of Prof. Wood will stand the
test fully, and, in fact, it is without any doubt the first
article in market for purilying the Blood and strengthening the system. We have no he nation in recommending
its use to all.—"The New Yorker."

LOCK TO YOURSELF IN TIME.—How many in comsequence of a false delicacy suffer from suppressed, pain,
rion obstructions, and all come in right in the end, little
dreaming that the seeds of death are already germinating in the system, because the vital energies are impaired, and the settire animal economy deranged debilijated; and yet, careless of themselves as they are, if a
remedy were set before them which would restore all the
functions of the system, and remylgorate the body, they functions of the system, and remylgorate the body, they would take it, and thus be in time to save their lives.—Parents, think of this, and at once give them a bottle or Prof. Wood's Restorative Cordial and Blood Renovator.—

From Washington.

The Hon. Wm. Millward, Marshall of the Eastern district of Pennsylvania, has just arrived here as bearer of dispatches from the Government at Washington. He left that city yestorday at 7 o'clock P. M., and came through around Baltimore, riding eighty miles to a rail
around Baltimore, riding eighty miles to a rail
road station in this State, which he reached at the state of th road station in this State, which he reached at J. M. Krieter, one o'clook P. M., and arrived here at five P. M. this evening. He traveled through Maryland almost the whole distance by night and was not disturbed. His dispatches refer to Collectors of Customs in Western States, and David E. Eyster. also to certain military movements. When he left Washington no more Northern troops had Alex Bergstresser, arrived. The road from Washington to Annapolis was understood to be under the control of the Government. Some three thousand troops froops had reached Annapolis, which would move towards Washington to-day.

There is plenty of food at Washington, and the Pennsylvania troops stand the training and fatigue of military duty well.

The Administration was fully determined to show that there is a government.

Reliable information had been received from Baltimore before Mr. Millward left, that the military half kept guard over the Baltimore pointed at a town meeting to goldect funds for of their carriages by the mob, and the carriages driven off. The Baltimore papers are not per-

word or promises of the Southern rebels. On in discharge of their duties. They have also, Saturday last; the authorities of Baltimore as far as possible, procured the names of such made a solemn promise to President Lincoln that if the troops were withdrawn from Cockeysville, they would repair the telegraph lines and rebuild all the bridges destroyed by rebels within ten days. To show how well this promise has been kept we will state that the troops were withdrawn from Cockeysville yesterday, but they had scarcely passed over the remaining railroad bridges in the State of Maryland until they were discovered in flames, having also theen fired by a mob. Is there no remedy for all this? Will the people of the North submit longer to such scenes of violence? We hope and pray not.

The State of Maryland is using her Baltimore and Ohio Railroad all this time for the transportation of her troops towards Washington. Cannot we too destroy bridges and stop their approach to the Capitol? Let the force stationed at Chambersburg be detailed at once to take possession of that thoroughfare.

The dam at Columbia is also feeding the Reb els at Baltimore, and perhaps it would do no harm to see it leveled. We must deal with traitors and murderers as they deserve.

FROM BALTIMORE.

We learn from a gentleman direct from Baltimore, yesterday, that the excitement in that city is intense. The populace have been excited to the utmost phrenzy, and the city is entirely under the control of the mob. Along such thoroughfares as an invading army would likely march, the roofs of houses have been supplied with all kinds of missiles, anchors, grindsufficient to crush an army on the street. Hunwho are able to leave, from the scene of anticipated conflict.

ADJOURNED Town MEETING .- An adjourned neeting of the citizens of Harrisburg was held at the Court House, {(in Brant's Hall.) at ,71 o'clock, for the purpose of hearing the repor of the Ward Committees, selected at a previous meeting, to appoint a Committee of Public Safety.
