HARRISBURG, PA.

Mondas Afternoon, April 29, 1861.

THE EXTRA SESSION of the Legislature wil convene at 12 o'clock M. to-morrow.

THE LOCK UP contained about a dozen tenants last night, mostly vagrame, all of whom, upon a hearing before the Mayor, this morning, were properly dealt with.

THE members of the State Capital Band are requested to meet at their room at seven o'clock this evening. Business of the utmost importance will be considered.

THE muster rolls of the several companies of Home Guards organizing in our city already present quite a formidable array of names, and new signatures are constantly being obtained.

GOVERNMENT TROOPS. -A fine drove of horses recently purchased by the Government, passed through here to-day. We believe they were intended for the troops at Carlisle Barracks.

THE HOME GUARD, of the Third ward, are requested to meet at Military Hall, (corner of Third and Walnut streets) at half-past seven o'clock, on Tuesday evening next, to designate the time when they will meet to organize.

THE MAYOR, this morning, received several bulky boxes of clothing belonging to our volunteers at York, sent here to be returned to their families -the companies having obtained their regular uniform.

VOLUNTEERS IN CHURCH.-The Curtin Guards of Bellefonte, and a company from Jacksonville. Westmoreland county, attended divine service at the Locust street Methodist Episcopal church last evening.

VERBERE RIFLES. - This company under command of Capt. John Nevin and Lieut. H C. Alleman, attended the Methodist church in Locust street last evening in a body. They were eloquently addressed by Rev. Frank Moore, the stationed clergy man.

THE REQUISITION of the President of the United States for twenty additional regiments of volunteers from this State, will doubtless create another busy time in our city for the next week. A regiment from Eric county, under command of Col. M'Lane will arrive here some time during, the latter part of the week.

THE ROSS GUARD will meet at the armory (Exchange) this evening at 7 o'clock P. M. for the purpose of electing a first Lieutenant .--Every person who signed the muster roll is expected to be present.

By order Wm. Sees. O. S.

PREACHING IN "CAMP CUSTIN."-In consequence of the rain Rev. Pearce Maher, Dr. Charles A. Hay and Rev. Thomas H. Robinson did not preach to the soldiers yesterday, as was expected. They are engaged, however, for next o'clock.

MORE MILITARY .- The City Guard, Capt. Denny, of Pittsburg, accompanied by Young's Brass Band, arrived here this morning, and made a fine appearance.

It will not be long until all nature assumes its summer dress, and then how much happier might we feel, were it not that this usually joyful period of the year opens in the midst of mational strife, and all the dreadful paraphernalia of war.

THE RED, WHITE AND BLUE.-It has been suggested that the ladies wear aprons of red, white and blue, as emblematical of their patriotism. Already quite a number have them. The skirt of the apron is made of red and white stripes, and the square waist of blue, covered with small white stars, and fastened at each side with a cockade. The effect is very pretty, and we hope it will be universally adopted. The fair sex are all actually boiling over with excitement and enthusiasm, many wishing they were muscular men, so they could fight, and some have already tendered their services, declaring themselves ready any moment to go as a Florence Nightingale or a Joan of Arc.

THE COUNTY AROUSED .- We are pleased to learn that in all parts of our county the work of military organization is rapidily going forward. Large companies for home protection are being formed, while others of our people view to enter the actual service whenever an opportunity occurs. We should like to hear of more cavalry companies being formed. A not indispensable, for scouting purposes in case the scene of conflict should happen to be near this locality. The Star Spangled banner is broad and long, free and strong enough to embrace in its folds, and protect all who espouse and defend it. It is the emblem of liberty throughout the world. It is hallowed by the memory of our forefathers, and rich with the glory gained under it in the dark days of our nation's history. Let us nail the glorious banner to the mast, and maintain it with our lives, our fortunes, and our sacred honor; its integrity and supremacy throughout the land.

DEATH AT CAMP CURTIN .- Patrick M'Call, aged about 30 years, died yesterday at Camp. Curtin, from the effects of exposure and irregular habits. The deceased arrived here about a week ago as a private in the Danville Rifles, commanded by Capt M'Clure, but was not mustered into the service of the United States, being one of several detached from the company in consequence of its excess over the num ber required by law. He leaves a wife and three small children to mourn his loss.

THE REACTION IN BALTIMORE.—We are permitted to publish the following extract from a letter received by one of our citizens from a reative in Baltimore, under date of Friday last : sion paper. The fact is, we feel ourselves surrounded and must back down. What can poor to say Union; now, how different?

ENGINE 106, Pennsylvania Bailroad, on Friday night with the express train east, met lerstown, thirty miles west of Harrisbury, that full speed the axle of the driving wheels broke, throwing one of the wheels from the locomotive. The result was of course a great concus sion, but nothing further in loss of life, limb or material damage to the machinery of the engine.

THE INCIDENTS OF THE CAMP are of course too numerous to note and print, but the following is too good to be lost. While the Union Blues, of Delaware county, commanded by Capt. Har ry Edwards, were passing the crowd present to a friend remark, alluding to the Blues, "That company of men look fierce enough to come between brave men everywhere. If the other counties of the State were to send men in the same ratio to their population, nearly seventy thousand men would be furnished by Pennsylvania alone. This outpouring is unparalleled, and demonstrates how great is the spirit of patriotism, that has so aroused the whole population. We learn that "A strong reaction is showing itself. A TRUE AMERICAN. -- Go where we may, at home or abroad, -or on the land, -wherever Glorious Star Spangled Banner! we find one of our citizens, standing beneath the broad folds of our national flag, we shall see his eye kindle and bosom throb, as he gazes on the proud emblem floating above him, and if at such a moment violence be offered, either rightfully or wrongfully, to him or to it, his arm is nerved for the defence with tenfold vigor and strength. The moralist who can sit calm. ly down to analyze the sentiment which is thus manifested, may discover something of error mixed up with what is commendable, but so long as it forms the same part of our natures with patriotism and love of country, it can not well be separated. If it be dangerous to arouse it, it is far more so to trifle with or insult it with impunity. This sentiment, or emotion, or impulse, by whatever name it may be dignified, has become a fixed and abiding principle in the hearts of our fellow citizens, and has been fully exhibited for the last two or three weeks, in the crowds flocking to Union & Bow-MAN'S cheap store, to purchase red, white and blue Ribbon and other material for emblems of

"THE LIFE OF THE FLESH IS IN THE BLOOD," WAS SAID by inspiration long before Harvey's discovery of its cirulation had brought to light its purposes and uses. Now we know not only that "life is in the blood," but that disease inhabits it also. Many of the disorders that pervade the human frame, have their home in it, thrive in it. The celebratad J. C. Ayer, of Lowel, has had regard to this important fact in making a Remedy to cure these disorders. His Extract of Sarsaparilla purges out the impurities of the bleed and induces a healthy action in it that expels disease. This looks reasonable, and it is true, for we know by our own experience. Seldom as we take any medicine, we have nevertheless several times been under obligations to the skill of Dr. Ayer for the relief which his remedies never fall to afford us when we are obliged to have recourse to them .- (Catholic, Halap29-1md.w

CATHARTIC PILLS.

ARE YOU SICK, feeble and complaining?

Are you out of order, with your system deranged, and your feelings uncomfortable? These symptome are often the prelude to serious tilness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills and cleanse out the disordered humors—purify the blood and let the fluids move on unobstructed in health again. They stimulate the functions of the body into v igorous activity, purify the system from disease. A cold settles somewhere in the body, and obstructs its natural functions. These if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the body and feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None why know the virtues of these Pills, will neglect to employ them when suffering from the di-orders they cure.

Not only are your Pills admirably adapted to their
purpose as an aperient, but I find their beneficial effects
upon the Liver very marked indeed. They have in my
practice proved more effectual for the cure of Bilious
Complaints than asy one remedy I can mention. I sincerely rejoice that we have at length a purgative which
is worthy the confidence of the profession and the

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathertic we employ. Their regulating aution on the liver is quick and decided, consequently they are an admirable remedy for derangement of that organ. Indeed, I have seldom found a case of Billious Disease so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M. D.,

Physician of the Marine Hospital.

DYSENTERY, DIARRHORA, RELAX, WORMS. [From Dr. J. G. Green, of Chicago.]

Your Fills have had a long trial in my practice, and I bold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small desestor Billeus Dysentery and Diarrhosa. Their sugar-coating makes them very acceptable and convenient for the use of women and children. DYSPERSIA, IMPURITY OF THE BLOOD.

[From Dr. J. P. Vaughn, Montreal, Canada.] From Nr. J. P. Vaugn, Monreal, Canada.]

Too much cannot be said of your Pilis for the cure of Costivenees. If others of your fraternity have found them as efficacious as I have, they should join me in preclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe Costivenees to originate in the liver, but your Pilis affect that organ and cure the disease.

]From Mrs. E. Stuart, Physician and Midwife, Boston.] I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the Natural Secretion when wholly er partially suppressed, and also yery effectual to CLEANSE the STOMACE and EXPEL WORKS. They are so muck the best physic we have that I rec mend no other to my patients.
