### Ayer's CATHARTIC PILLS.

ARE YOU SICK, feeble and complaining?

And your feelings uncomfortable? These symptoms are often the prelude to serious iliness. Some fit of sickness is greeping upon vou, and should be averted by a timely use of the right remedy. Take Ayer's Pills and cleanse out the disordered humors—purify the blood and let the faulds move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and disease. While in this condition, oppressed by the drangements, take Ayer s Pills, and see how directly they restore the natural action of the system, and with it the bid yant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-scated and dangerous distempers. The same purgative fifted expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the di-orders they oure.

AS A FAMILY PHYSIC. [From Or. E. W. Cartwright, New Orleans ] Your Fil's are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the boweis, which make them invaluable to us in the daily treatment of disease.

[From Dr. Theodore Bell, of New York City.]

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the liver very marked indeed. They have in my practice proved more effectual for the cure of Bilous Complaints than any one romedy I can mention. I sincerely rejoke that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of The Internation.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathertic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangement of that organ. Indeed, I have seldom found a case of fillious Disease to Obstinate that it did not readily yield to them. Fraternally yours,

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best sperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for Billous Dysentery and Diurrhose. Their sugar-coating makes them very acceptable and convenient for the use of women and children. DYSPEPSIA, IMPURITY OF THE BLOOD.

From Rev. J. V. Himes, Paster Advent Church, Boston Dr. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and it can confidently recommend them my friends.

Too much cannot be said of your Pills for the cure of Costiveness. If others of your fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in it. self, is the progenitor of others that are worse. I belive Costiveness to originate in the livor, but your Pills affect that organ and cure the disease.
