General Butler leaves on a Secret Mission.

Messenger from Gov. Hicks Returned.

VIRGINIANS EXPECT 30,000 TROOPS.

Union Men Indignant!

An Attack on Harper's Ferry Expected.

ANNAPOLIS, May 12.

Gen. Butler, with 50 men and two pieces of Capt. Varlen's battery, left here this afternoon on the propeller J. S. Shriver, on an important and secret service in the direction of Baltimore.

A false alarm occurred at the Relay House last night.

The body of John Murphy, of the 69th N. Y. regiment, who drowned himself on the 28th ult., was picked up by fishermen two days ago, and carried to Washington to-day by Captain Kelly, for interment. Murphy became insane on board the steamer James Adger, from sheer suffering.

The steamer Kill von Kull has sailed for New York.

A messenger from Gov. Hicks to Gov. Letcher has returned from Richmond. He says that the Virginians expected 30,000 Confederate troops to arrive there by Thursday last.

The Union men here are indignant at the occupation of Maryland soil by the Virginians. A sudden movement of the rebels from Harper's Ferry toward the Relay House is feared by many. The best judges of military affairs expect some sudden movements of the rebels as from the scarcity of provisions the Virginia troops must soon fight or disperse.

From Washington.

Proclamation of the President.

The Secretary Advertises for a Loan.

THE TROOPS AT WASHINGTON.

SHERMAN'S BATTERY ADMIRRED.

Thomas Winans to be Arrested.

The Captured Steam Gun on its Way to Washington.

South Carolina Troops Gathering at Harper's Ferry.

WASHINGTON, May 11.

The President has issued a proclamation, setting forth that insurrection exists in the State of Florida, by which the lives, liberty and property of the loyal citizens are endangered, and as it is deemed proper that all needful measures should be taken for the protection of such citizens, and of all officers of the United States in the discharge of their public duties in that State, the President directs the commander of the forces of the United States on the Florida coast to permit no person to exercise any office or authority upon the Islands of Key West, the Tortugas and Santa Rosa, which may be inconsistent with the laws and Constitution of the United States, authorizing him at the same time, if he shall find it necessary, to suspend there the writ of habeas corpus, and to remove from the vicinity of the United States fortresses all dangerous or suspected persons.

The Secretary of the Treasury advertises for proposals till the 21st day of May, for the remainder of the stock of the United States, issued under the act of February, amounting to nearly nine million of dollars.

The troops in Washington and the immediate vicinity amount now to not less than 25,000 men, and they are fast becoming most excellent soldiers. Col. Paterson's Philadelphia regiment is not surpassed by any other here. They are quartered in the Capitol, where, last evening, they and the other Pennsylvanians were addressed by Hon. Wm. D. Kelley in a most stirring speech.

Sherman's Battery, which came along with the Pennsylvanians, is regarded as a most valuable acquisition to the defense of the capital. The artillery force now amounts to six full and excellent batteries. The four hundred regular cavalry, which came through Maryland direct from Carlisle, are also a fine force. They were unmolested by the Marylanders.

Ellsworth's Zouaves have gone into camp near the Lunatic Asylum. This will help to bring this wild but really admirable body of men into good discipline.

It is stated that the Government has ordered the arrest of Thomas Winans, of Baltimore, who forwarded the steam gun captured yesterday.

The Government has information from Richmond to the effect that Gen. Beauregard has been telegraphed to come there. This is considered reliable.

Gen. Lee and Jeff. Davis hold conversation hourly over the wires between Richmond and Montgomery.

Carl Schurz leaves to-day to take command of his regiment and march to Cairo.

The captured steam gun is on its way to Washington. The parties who had possession of it are to be sent to Annapolis.

The Government has made a decision in the case of the Massachusetts troops, which will apply to the other States. It is that the Governor may select, from the whole number tendered, such Regiments as are required for the war.

Passengers that have arrived here over the Baltimore and Ohio Railroad, report that Harper's Ferry was last night reinforced by troops from South Carolina.

A company of secessionists, volunteers from Washington, including many of the old residents, are located in a camp only thirty miles from the Capital.
