

Daily Telegraph. HARRISBURG. Tuesday Afternoon, May 14, 1861.

Attention, Citizens.—The members of the Citizen Fire Company favorable to the formation of a military company, are requested to meet at the engine house at half past seven o'clock this (Tuesday) evening.

O. O. F.—The members of Dauphin Lodge, No. 100, I. O. O. F., will meet at their hall on Wednesday evening, the 16th inst., at half past seven o'clock, to receive officers of the Grand Lodge. By order of the Lodge.

Passed Finally.—The bill to authorize an additional tax in the city, and to authorize the County Commissioners to borrow fifteen thousand dollars to aid of the volunteer fund, has passed the House of Representatives, and been reported as committed in the Senate.

What will the girls do for beauz, when all the bravest and best looking young men are off to the wars? There will be a scarcity in the matrimonial market, and a dearth of escorts these summer evenings. The pale touch of Eymen is eclipsed by the grim visage of Mars.

The Downingtown Bank.—The institution will go into operation within a fortnight under the new banking law. The plates for the notes have been engraved, and the notes are now being printed. The officers of the bank are Charles Downing, President, and M. Wood, Cashier. The capital stock of the bank is fifty thousand dollars.

Volunteers.—A company of volunteers is being organized at Millersburg, this county. They number some forty members, have chosen the following officers, and tendered their services to the Government: Captain, Isaac Miller; First Lieutenant, William A. Armstrong; Second Lieutenant, D. Webster Bank.

Mr. Anderson.—Several hundred of our citizens, including many ladies, were attracted to the depot at 7 o'clock to-day to obtain a sight of the gallant hero of Fort Sumter, who was expected to pass through here en route for Louisville, Kentucky. To the great disappointment of the crowd, however, the distinguished gentlemen did not arrive.

Lamp Shades.—A new invoice of lamp shades, of various styles, is now being received by the dealer. These shades are of the most beautiful and durable quality, and are well adapted for use in the parlors, libraries, and study.

Army Regulations.—The following from the army regulations is interesting: The commissioned officers are obliged to clothe, equip and arm themselves (with a sword) at their own expense, the pay received by them being intended to cover all outlays.

Information for Catholic Volunteers.—His Holiness the Pope, at the instance of the Bishop of Buffalo, granted a dispensation to the Catholics in the army and navy of the United States—a dispensation from the rule of abstinence, except on six days in the year, namely: Ash Wednesday, the last three days of Lent, the Vigils of the Assumption of the Virgin Mary, and that of Christmas.

Railroad Accident.—Samuel Rose, a machinist employed at the machine shops of the Pennsylvania Railroad in the upper end of the city, met with a very serious accident at moon-to-day, which may probably result in his death.

Spent a Week of Boston for Shaw.—A whole flock of birds for Shaw's, a large lot of remnants of Lawns and Cellos, half price, 10 dozen New Dress Shirts, 19, 25, 31 cents; New lot of Colored and Muslin; Very cheap Black Shawls, with Broche Border, cheap, 200 Parasols, latest style, at all prices.

Agreement.—Of all occupations that of agriculture is best calculated to induce the peaceful and rivet it firmly on the heart. No profession is more honorable, none as conducive to health, peace, tranquillity and domestic independence than any other calling.

Two Passenger Trains now run daily between this city and Baltimore—the Mail train leaving at 1.10 p. m., and the Express train at 1.35 a. m.

The Home Guard of the Fourth Ward will meet for drill at the Baptist church, corner of Second and Pine streets, on Monday, Tuesday and Thursday evenings. By order.

LEAHY is determined to have a flag flying from his pole, on the corner of Third and Market streets. The wind has already destroyed one splendid piece of bunting, but to-day he flings another to the breeze, radiant with stars and bright with the glorious stripes of our country's flag.

INDIA RUBBER.—A chance for all of our brave volunteers to provide themselves with articles indispensable to the preservation of their health is offered by the "Good-year Camp Equipment Co. of Market Street," who will sell off their stock of India Rubber Blankets, Coats, &c., at great preparatory to closing their temporary agency in this city. Do not fail to avail yourselves of this chance.

MARCHED THROUGH BALTIMORE. The Heights Occupied by Them. Effluviastic Reception by the Ladies.

PROMINENT CITIZENS ASSIST THE TROOPS. A Schooner with Pikes Manufactured by Winans Seized.

MINNIE RIFLES SEIZED. BALTIMORE, May 13. About eight o'clock, last evening, a large train filled with troops arrived at the depot from the Relay House.

The train contained 1,000 troops, comprising five companies from each of the regiments stationed at the Relay House—the Sixth of Massachusetts, and the Eighth of New York, with a battery of artillery.

They marched through south Baltimore to Federal Hill, a high point of ground on the south side of the harbor, directly overlooking the city, and one mile west of Fort Mifflin.

The sudden appearance of the troops from this direction took our citizens by surprise, but they were greeted with every demonstration of approbation.

Immense crowds quietly gathered, cheering at every step. The ladies waved their handkerchiefs, and many brought lamps and candles to the windows.

Prominent citizens accompanied the troops to the hill, and assisted the officers in taking the best route thither, and procuring quarters for the troops until their tents could arrive.

The troops seemed to be highly pleased with their reception, and all expressed surprise and delight at the commanding position and the prospect of the whole city and country spread out before them.

SECOND DISPATCH. The United States troops are fully established in their camp on Federal Hill. Squads of soldiers are strolling about the city.

The order was then given by Capt. Lyon to cease firing, which was promptly obeyed.

The principal arms taken from Camp Jackson were four large siege howitzers, two ten inch shells, and several ten foot mortars, supposed to be of position of these taken from the Baton Rouge arsenal.

A thousand people left the city yesterday (Sunday) afternoon, in consequence of the reports of insubordination among the German troops, and their threats to burn and sack the city; but the appearance of General Harney's proclamation in a great measure restored confidence, and many of those who left will probably return to-day.

The city is now quiet, and the highest hopes are entertained that no further disturbance will occur.

Twenty-two persons are known to have been killed during the collision at Camp Jackson, the following seventeen of whom have been identified, viz: John Swoekerbaud, Casper H. Glencoe, John Waters, Thomas A. Hares, Wm. Losabower, J. J. Jones, P. Doane, Erie Wright, Henry Jangle, Jas. McDonald, Walter McDowell, Nicholas Knobloch, Francis Wheelan, Wm. Barker, James Rodden, Emma Somers, &c.

Proceedings of the Missouri Legislature.—The State Penitentiary Converted into an Army.

The report which circulated in this city on Saturday and yesterday, that Gen. Harney disapproved of the action of Capt. Lyon with reference to the capture of Camp Jackson, is authoritatively denied this morning.

Reliable information received from Jefferson City says that nearly all the objectionable features in the Harney military bill, which had been debated during the recent session, had been totally amended; but when the news of the capture of Camp Jackson reached the Capitol the amendments were rescinded, and the original bill passed both Houses by large majorities.
