To the Editor of the Telegraph :- In your issue of yesterday. I noticed a communication from Camp Scott, signed "R. S. B.;" in which it is declared that not a man in either the Cameron or State Capital Guards will "go for three years," although their intention, a few days ago, was to do so. Permit me to say that there is no truth in the assertion. I saw the boys only a few days ago, and with the exception o' a few grumblers, such as you will find in every company in camp, they expressed a determina-tion to go for three years, for five, or for the

war, as the Government might desire. I have better opinion of the boys at Camp Scott l your correspondent, who has been degra-just they call it, to the ranks for disobedi-lorders, and is, therefore, not a disinbeerver of events. THE PAY OF TROOPS.—We published some time ago a table of soldiers attached to the different grades in the army which is likely to mislead the reader. It was stated that the pay of a Colonel is 218 dollars per month, and that of a private 20 dollars, the intermediate grades being in proportion. The above sums include, besides the regular pay, the allowance for rations, (when commuted) horses, servants, &c., which ought not to be reckoned as pay.
