FRIENDSHIP FIRE COMPANY -A meeting of the Friendship Fire company will be held at their house at 71 o'clock this evening. Punc tual attendance is requested.

Almost a Fire -A chimney attached to Mr. Buck's Hotel, Market street, took fire yesterday, about ten o'clock, and burnt very fiercely for a a short time, but it was finely subdued withoul injury to the hotel or other property.

DEATH OF A SOLDIER. - Yesterday morning a soldier named John Martin, a member of Capt. Andrews' company, of West Chester, died at the North ward female school house, in Walnut street, of inflamation of the lungs, leaving a wife and two children to mourn his loss. His wife attended him during the latter portion of his life, as did the ladies in the neighborhood, who were incessant in their endeavors to make him comfortable. His remains were sent home to West Chester this morning.

HAND BOOK FOR THE U. S. SOLDIER.-J. B. Lippincott & Co. have favored us with a copy of an illustrated manual of the common drill of the soldier, with explanations of the formation of a battalion, the position of the officers. so, being intended as an introduction to the authorized U. S. Infantry Tactics. The work compares favorably with others on the same subject, previously published, and as its price is low, it will no doubt have a rapid sale. The work can be procured wholesale or retail at Bargner's book store.

FUNERAL OF A SOLDIER. -Mr. Peter Roberts, one of the volunteers of the Verbeke Rifles, died on Saturday at Lancaster of ingestion of the lungs contracted by a bad cold which he took while on guard during the rain. His re mains were brought home on Saturday night to his family which resides here, and interred yesterday afternoon with the honors of war in the cemetery. He leaves a wife and seven children to mourn his death, and we sincerely hope that they will not be forgotten by our citizens. Let us always provide for the families of those who risk their lives in defence of their country, nor forget the widows and fatherless who fall for the Union.

A Run-orr .- On Saturday afternoon a horse attached to a coal cart belonging to the Car Company was left standing near Chesnut in Second street, when frightening he took the pavement at Ensminger's corner at full speed, ran against a tree at Dr. Roberts', injuring it very much; ran over the plug at the corner of the alley, moving it, and then turned into the street, where the harness became loosened from the cart, and he escaped. From the number of women and children on the pavement at the time, it is surprising that some fatal accident, did not transpire; as it was there was a general stampede, and terriffic screaming by all parties. The drivers of carts, etc., cannot be too careful of their horses.

MARKET HOURS. -This new ordinance of our City Council does not meet with much approbation by the farmers, and the consequent efcommence their day's labor-but the new rebut our own citizens are heartily tired of this thing. We know not why the ordinance was enacted. Surely it was uncalled for. Why should the many be annoyed by the the action and desires of a few? The fact is that it was gotten up for lazy people to the detriment of mechanics and others who rise at an early hour. The only argument we ever heard in its behalf was that it would prevent forestalling. But it does no such thing. It was only on Saturday that we saw men going through the market house before the Court House bell announced the hour of five o'clock, and whereever they saw some young poultry, or what else suited them, they requested the dealers to keep them until they called. Now we call on our City Council to repeal this odious law, and enact in its stead a more stringent ordinance relative to forestalling.

The Wild Car District.—Much has been said and written of this district. Eleven companies have been accepted from this district, and are THE WILD CAT DISTRICT.—Much has been said now in service, whilst sixteen more companies have been offered and are anxiously awaiting an acceptance. Some of these sturdy sons had to walk from thirty to eighty miles through the woods to the Susquehanns, and then came down on a raft to "Rattleanake Station," on the Sunbury and Erie railroad, and from thence here. This is doing extremely well, when we consider that the district is but sparsely settled. The men are hardy, generally intelligent, and above all, good markemen. The sign on their hats, a "bucktall," denotes that they know of Dr. E. K. Kane, who took a great interest in their welfare, and spent much time and labor in getting them here. We understand that the that appreciation ever manifested for this fa-Kane family has provided for them liberally with clothing whilst they have been encamped at Camp Curtin.

General John Patton, the member of Congress, has also taken an especial interest in them. He has done his utmost to keep the companies from that district all together and formed into one regiment, and we can assure the "Bucktails" that they can find no warmer friend than Mr. Patton, who will keep an eye on those who might otherwise feel disposed to treat them shabbily.

We hope that those who are now quartered here will not be kept idle much longer. They here will not be kept idle much longer. They desire to see active service. Let them be gratified, and we feel assured that they will leave their mark with the enemy.

ATTENTION FENUIBLES! - The Kepner Fencibles are urgently requested to meet at the Exchange at 7 o'clock this (Monday) evening, as business of special importance will be transacted. There is still room for a few more able By order of the CAPTAIN.

THE FIRST FOR THREE YEARS. - Capt. Dorsheim er's company, from Mechanicsburg, was sworn in this morning by Capt. Simmons, of the U. S. Army, to serve for three years, or during the war. They left for Camp Scott to-day at

THE LIFE OF MAJOR ANDRE, just published, is timely. The general government had better instruct each of its officers, military and civil, to purchase a copy. It shows him to be a man of culture, and of tender and noble sentiments, but engaged in a bad cause, and a just victim to the government he sought to overthrow. Had they not better follow it up with a life of Benedict Arnold, to be distributed gratuitously in the Confederate States?
