HARRISBURG.

Wednesday Afternoon, May 22, 1861.

UNION ENVELOPES, Note Paper and Badges can be had at Berger's Book Store.

**LUMBER PROSPECTS.**—In consequence of the recent rains, the Susquehanna gives indications of such a swell as will open the way for bringing the up-river lumber to market, upon which hopes of a more lively time among those affected by that trade are based.

**CARD OF THANKS.**—The ladies interested in the "Buck Tail" donation, wish to return their thanks to Mr. John Mitchell for the assistance he rendered them in procuring so many of the nice things which helped to fill their baskets, and also for procuring the wagons to convey them to the encampment.

**COAT THEIF.**—Yesterday a fellow named James Anderson went into the residence of Mr. Daniel Hocker, in Paxton street, and stole a new cloth-coat. He was subsequently arrested and taken before Alderman Caldwell, in the first ward, who committed him to prison for trial. The thief had the coat on at the time of his arrest.

**WAR AMONG WOMEN.**—A quarrel occurred yesterday between two belligerent females named, respectively, Sophia Beltz and Laura Etter, which culminated in the prosecution of the former for assault and battery. After a hearing of the case before Alderman Caldwell, Sophia was bound over to answer the charge at the next term of Court.

**MILITARY RELIEF FUND.**—The Associate Judges and County Commissioners, appointed a Board of Relief under the fourteenth section of the Act of Assembly, will meet in the Commissioners' office every Monday afternoon at two o'clock, for the discharge of the duties imposed upon them by said law. We refer all persons interested to the advertisement of the Board, published in another column.

**HOW THE SOLDIERS ARE FED.**—The volunteers now on duty along the Northern Central Railroad complain—and justly too—of the quantity and quality of rations furnished them. This morning Mayor Kepner received, by express, from Cockeysville, a small box containing three hard sea-biscuits, a few boiled beans, and a slice of fat bacon, which constituted the dinner of the Cameron Guards yesterday. On one of the biscuits was pencilled the following note by a subordinate officer of the company:

CAMP EYSTER, Cockeysville, Md., May 21.  
Mr. J. J. Kepner, Mayor of Harrisburg, Pa.:—Compliments to His Honor Mayor Kepner, and begs him to accept this specimen of our dinner to-day. "Please insert."

Those who have a curiosity to see the kind of stuff upon which our gallant but ragged soldiers are fed, can do so by calling at the Mayor's office, where the above "specimen" remains for inspection.

**BEFORE THE MAYOR.**—This morning a wild Irishman, answering to the name of James M. Lutyne, who passed the night in the lock-up, was before the Mayor for drunkenness, disorderly conduct and indecent exposure of his person. Having indulged freely in fighting whiskey yesterday, Jimmy manifested a disposition to "whip all creation," and appeared on the street, in pugilistic fashion, free from all apparel except his pantaloons. While exhibiting his muscle and indulging in some violent spiritual manifestations, he was arrested by two police officers who, with the aid of a number of citizens, finally succeeded in conveying him to the lock-up. He was sent to prison for six days.

A drunken Tonton, named John Geiger, went to Warfield's hotel yesterday afternoon, broke the windows and "made things rip miscellaneously." He was arrested and taken before the Mayor, who sent him to prison for thirty days.

One Hugh O'Donnel, who has been perambulating the streets for several days soliciting money and spending it for whiskey, was picked up in a drunken condition, and sent to the Walnut street reformatory institution for six days.

**HOW THE SOLDIERS ARE CLOTHED.**—If our Pennsylvania soldiers were to sweat terribly, nobody could blame them, for it is very evident that the persons who furnish them with clothing are speculators and swindlers. Having already noticed the ragged condition of our troops and the contempt with which they are looked upon by the well-uniformed soldiers of other States, we allude to the subject at this time merely for the purpose of introducing the following extract from a letter written by a Harrisburg volunteer, now serving as an officer in one of the companies at Camp Wayne, Chester county:

"Our quarters leak badly when it rains, but our health is good. Mine is all right now. I had a bad cold but got over it. It rains almost all the time down here. Our men are much dissatisfied with the Government on account of clothes; they will soon have to stay in their quarters or come out on drill naked! If something is not done soon in the way of clothes the men will get so bad that we cannot control them."

In this connection we give an extract from a letter written by a visitor to Camp Scott, descriptive of the kind of shoes with which our soldiers are furnished:

"I have now in my possession a shoe, worn by one of the soldiers two days. It has not a vestige of sole left upon it. I have been fortunate enough, also, to secure a portion of the inside, or lining. What do you suppose it is made of? A pine shaving! Think of that! Such shoes furnished men who are to fight the battles of our country! In some cases the insoles, or fillings, are paste-board. The heels in many cases drop off in one hour's wear. The man who would furnish such shoes is as soulless as the old shoe above referred to."

There is evidently great wrong and injustice somewhere, and the interests of our gallant volunteers, as well as the interests of the Commonwealth, demand that this wholesale speculation and theft be stopped. Let an investigation be made and the guilty parties exposed and punished.

**ACCEPTED.**—The Huntingdon Infantry, under command of Capt. Andrew S. Harrison, and the Scott Infantry of Huntingdon Furnace, Capt. Darg, have been accepted by the Governor. Their term of enlistment is three years, or during the war. They will probably reach this city in the course of a few days and go into camp.

**PARDONED.**—Governor Curtin has granted a pardon to Wm. Eyerly, who was convicted in Philadelphia last fall of substituting a false return of the election for Congress in the fourth ward, for the genuine document, at the meeting of the board of return judges. As he could not read it was considered that he was the mere tool of others, and that his punishment unfairly suffered answered the ends of justice.

**NEW COUNTERFEIT.**—The following is the description of a new and dangerous counterfeit ten dollar note on the Broadway Bank of New York. Vignette, female reclining against a vase, barrel, &c.; canal and cars in the distance, "10" below on right end; female with helmet, spear, &c.; State arms above on left end. Is a good imitation of the genuine, and the safer plan is to refuse all notes on this bank.

**FALSE RUMOR.**—There is no foundation for the rumored cases of small pox in Camp Curtin, and we are at a loss to conjecture how the report got into circulation. The soldiers generally enjoy good health; there are but few invalids in the hospital, and not a single case of small pox has occurred. We trust that our cotemporaries abroad who have given publicity to the damaging rumor will promptly give our city the benefit of this denial of its accuracy.

**ORDINANCE VIOLATIONS.**—Thomas Spence was before the Mayor yesterday, charged by the Chief of Police with maintaining a filthy hog pen on his premises. He was fined one dollar and costs. Emanuel Mader, charged with obstructing the street by leaving his huckster table stand in the square after market hours, was fined the usual amount. George Neuer and H. Kline, butchers, were up this morning for the same offence, and this being the first complaint against them, they were reprimanded by the Mayor, and discharged on payment of costs.

**NUISANCES.**—Of all the nuisances which annoy community at this season, the most intolerable are the filthy hog-pens which abound in the very heart of our populous city. We are glad that the Chief of Police has commenced enforcing the ordinance against the owners of these nuisances, and it is to be hoped he will succeed in abating them entirely. The comfort and health of our own citizens demand this, and a new ordinance should be enacted prohibiting the erection or maintaining of hog-pens in the densely populated sections of the city.

**DRUMMED OUT OF CAMP.**—In a recent issue we alluded to the fact that a Court Martial had been ordered at Camp Scott for the trial of Frank Grant, charged with committing a violent assault upon the person of a fellow soldier named M. Gowan. The Court terminated its labors on Saturday, by finding the defendant guilty, and ordering that he forfeit all the pay due him as a soldier, and be drummed out of the service. The sentence was carried into effect in presence of the entire camp. A correspondent thus describes the ceremony:

"Shortly after eight o'clock Grant, who had been kept under guard since the occurrence, was taken charge of by a guard of five men, with his hands tied behind his back, and in his shirt sleeves, marched in front of the Twelfth and Thirtieth regiments, a martial band playing the bugle's march, or a tune something akin to it, which I thought to be that known by the name of 'Go to the Devil and Shake Yourself.' He was then conducted in the same manner all around the camp, finally out of it, and placed in the town tomb, where he will remain at the disposal of the civil authorities. It was a humiliating scene, and much sympathy was felt in behalf of the poor fellow, as he walked along with his head down, and hat drawn over his brow. He begged to be shot rather than be subjected to the disgrace of being drummed out of the service, and when an officer visited him in the lock-up, and offered to do all in his power for him, Grant begged to that he would exercise his friendship by killing him on the spot. The sentence and its prompt and effectual execution was necessary, and will serve as an example to others."

**THE LADIES AND THE "BUCK-TAILS."**—As we announced in our last issue, the companies in camp known as the "Buck-Tails" were yesterday afternoon the recipients of an immense lot of good things, in the shape of excellent pies and cakes, vegetables and meat, toilet articles, etc., donated by ladies of the city. When the ladies, accompanied by two or three wagon loads of well-filled baskets, visited the camp, and made known the object of their mission, the three "Buck Tail" companies were ordered out and formed into line in front of the tents, and the ladies formally presented to the Captains. Adjutant Case made a brief and eloquent presentation address on behalf of the ladies, which was responded to by Colonel Kane in a very feeling and patriotic speech. A resolution of thanks to the fair donors was then proposed and carried unanimously, followed by three rousing cheers and a "tiger."

Appropriate addresses were made Gen. John Patton, member of Congress from the "wild cat district," and Rev. J. K. Haffey, a member of one of the companies. The occasion was one of unusual interest, and the generous provision made for the chivalrous and intelligent sons of the pine region, who left their homes at the first tap of the drum to battle for the preservation of the Union and the maintenance of the Constitution, reflects the highest credit upon the patriotism of the ladies of Harrisburg who participated in the affair. However indifferently the "Buck-Tails" may be treated by the government, they are in the midst of friends who appreciate their patriotism and valor, and will minister to their wants. The fair daughters of the Capital City will do all in their power to promote the comfort of these brave but ill-treated men during their stay in this vicinity. In addition to what has already been done for them, a number of ladies are now making arrangements to procure a quantity of flannel and make it up into shirts, for some members of the company as are in a ragged condition, owing to the failure of the proper authorities to supply them with clothing.

**A DETECTIVE POLICE OFFICER** from Philadelphia was in this city to-day, making a tour of observation. We did not learn the object of his mission.

**THE NEW COMPANY** commanded by D. B. Keim will meet on Friday evening for permanent organization, under a name and style of equipments will be adopted. The company is composed of young and active men of this city.

**MEETING OF CLASSES.**—The annual meeting of the East Susquehanna Classis of the German Reformed church will take place at Mahanoy, Northumberland county, to-morrow. The Lancaster Classis will meet at Hummelstown, in this county, on Friday next.

**THE MARKET ORDINANCE.**—The new market ordinance was this morning violated by a number of persons, owing to the ringing of the Court House bell some twenty-five minutes before five o'clock, the hour designated for opening the market. Among the offenders were two members of Council. When our municipal law-makers violate their own enactments, it cannot be expected that other citizens will respect or observe them.

**AT HOME.**—Several members of the State Capital Guard are now in this city. According to general rumor they took "French leave" of the camp last night, the sentinels on guard failing to capture them. We are not informed as to their object in leaving at this time, or whether it is their intention to return. Considerable dissatisfaction is said to exist in the company, owing to the course of the Captain who is unpopular with the rank and file.

**COMPLIMENTARY.**—The compliment paid to Gen. Simon Cameron by the military of the country, is richly merited, and no doubt will be properly appreciated. A large number of the companies now in service from this and other States are named after the distinguished head of the War Department. We notice that a company styled the "Cameron Guards" has been formed in St. Louis, which is intended to be the company of a new regiment recently organized.

**MILITARY RELIEF COMMITTEE.**—Persons receiving checks from the above, are informed that the bank at which they are made payable will cash them, when presented in sums of five dollars and upwards. In order that there may be no misunderstanding in the matter, a few words of explanation are offered. Gold and silver at present command a premium, and as all checks issued have been promptly paid in specie, a moment's reflection will convince the holder that it must prove expensive to the bank, which derives no benefit from it, but does it as an accommodation. As all persons concerned must necessarily deal with merchant, butcher, baker or grocer, and as their checks will be received by any of them the same as specie, whether the purchases are large or small, and the articles furnished at cash prices, it will be just as convenient to dispose of them in that way. By so doing they will accumulate in the hands of business men, and in the course of regular transactions will find their way back and be redeemed in par funds, thereby preventing the direct drain of coin. This arrangement, whilst rendering full value to check holders, will do but simple justice to the bank.

By order of the President.  
O. EDWARDS, Sec'y.

**ROW AMONG SOLDIERS.**—For the last two weeks the good order which has prevailed in Harrisburg reflects great credit upon the troops encamped here, and their officers. The city, notwithstanding the presence of a large number of soldiers, is as quiet and orderly as usual. But few drunken men are seen on the streets, and scenes of riot and disorder rarely occur. The only case of the kind we have witnessed recently, was a quarrel last evening on Market street between three intoxicated soldiers, one of whom, after being knocked down two or three times and severely cut on the head, drew a revolver which, fortunately, he was prevented from using. There was a large crowd of people on the street at the time, and the discharge of the weapon might have resulted seriously if not fatally to some of the spectators. A few hours previous this same fellow visited a lager beer shop, behaved in a disorderly manner, and threatened to shoot the proprietor of the establishment. The severe chastisement he received from his soldier-companions was no doubt well merited, and may teach him to handle his dangerous weapon more judiciously hereafter. The participants in this discreditable demonstration are members of the same company, and the quarrel was the result of a difficulty which previously occurred in camp. The affair attracted a large crowd and caused considerable excitement, but no arrests were made.

Patriotic Demonstration by the Ladies.

WASHINGTON, May 22.

At noon to-day an immense concourse of enthusiastic persons witnessed the ceremonies attendant on the raising of the American flag over the General Post Office building. The President and his Cabinet were seated on a platform especially erected for their accommodation, together with several other distinguished gentlemen.

General Skinner on behalf of the officers and clerks of the Department opened the proceedings by addressing the President, saying among other things that they, in the manifestation of their devotion to the country, the Constitution and the preservation of the Union, had determined to raise on the building the glorious stars and stripes under which our forefathers had fought, and under which they achieved our independence, and under which it was now hoped freedom would be perpetuated in all coming time.

The clerks, he said, were proud of this opportunity of testifying to the President their fidelity and devotion to the Union, which they were determined to maintain to the end. They would deem it the highest honor consistent with the occasion if he would condescend to raise the flag to the mast from which it is to float.

The President having advanced to the front of the platform, was enthusiastically greeted from the crowd below. The President said he was very happy on all occasions to be the humble instrument of forwarding the very worthy objects which had been expressed; he therefore took pleasure in performing the part assigned to him, and supposing that any extended remarks were not expected from him he would proceed at once to act his part.

He then hoisted the flag by a hand over hand movement, amid deafening cheers, accompanied by the waving of hats, and of handkerchiefs from the ladies, the banjos playing in the meantime the national anthem "The Star Spangled Banner."

The flag having been attached to the staff the three cheers and repeat were given, the occupants of the neighboring trees, housetops and windows participating in the general demonstration of joy.

**FROM ST. LOUIS.**  
Amicable Arrangement Between Generals Harney and Price.

St. Louis, May 21.  
Major General Price, commander-in-chief of the Missouri militia, arrived here last night, and this morning had an interview with General Harney, when a plan was agreed upon for the maintenance of peace, and the avoidance of future conflicts between the Federal and State Governments. They mutually declare a common object, that of restoring peace and good order laws of the General and State Governments, and to the people and the State, in subordination to unite in recommending all persons to respect each other's rights throughout the State, and to make no attempt to exercise unauthorized powers, as it is the determination of the proper authorities to suppress all unlawful proceedings, which can only disturb the public peace.

General Price pledges the whole power of the State and its officers to maintain order among the people of the State, and General Harney declares that, this object being assured, he can have no occasion, as he has no wish, to make military movements which might otherwise create excitement and jealousies, which he most earnestly desires to avoid. They thereupon agreed upon a plan to attend to their civil business, and express the hope that the unjust elements which have threatened so seriously to disturb the public peace may soon subside, and be remembered only to be deplored.

**FROM TRENTON.**  
Trenton, May 21.  
United States Marshal Deacon and his deputies, by order of the Government, took possession yesterday, of all the telegraphic messages in the offices at Newark, Princeton and Trenton. They date back several years. They are now in the possession of the United States District Attorney, at Newark.

All Quiet at Old Point Comfort.—Arrival of a Massachusetts Regiment.

OVERHAULING OF VESSELS BY THE BLOCKADING SQUADRON.

Baltimore, May 22.

Col. Lewis' Philadelphia Regiment removed their encampment from the low grounds near Fort Mifflin to Federal Hill, this morning. This measure was rendered necessary, owing to the damp, swampy nature of the camp ground after the recent rains.

It is rumored that more arms are to be seized in the city.

The steamer State of Georgia, from Old Point Comfort, reports all quiet there. A Massachusetts regiment arrived there yesterday afternoon, at 2 o'clock, and were received with great cheering by the sailors of the squadron, and by the garrison.

The officers of the Georgia report hearing occasional shots in the distance by the blockading squadron, but the cause was not known, but the probability is that they were doing nothing more than overhauling vessels.

The steamer Monticello is said to have received a ball or two in her hull during the exchange of shots with the battery at Sewell's point.

**FROM CHAMBERSBURG.**

The Latest Reports from the Virginia Border.

CHAMBERSBURG, May 21.

Two reconnoissances which were pushed southward from this point yesterday, report to-day that they passed the lines of the Confederate army and went deliberately through the camps. They saw 300 troops ten miles from Harper's Ferry, and 700 at Williamsport. No reinforcements had arrived there to-day up to 3 o'clock this afternoon.

Nothing is positively known yet as to the movement of the troops at this point, but it is believed that an advance will certainly take place as soon as General Williams returns.
