PENNSYLVANIA HOSPITAL.

[FROM OFFICIAL HOSPITAL REPORTS.]

MAY 19, 1860.—Ellen S., æt. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse for four more. She has been well since then till last Saturday, while engaged in house cleaning, she took cold, had pain in her back, felt cold, but had no decided chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean *propylamine.* Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specifics; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and wa s then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from c hronic rheumatism, and I found her at that time with an acute attack superyening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily.

In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamin.

He is a seaman, æt. 26, who was admitted a few days ago. Has had occasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this *typical case,* as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

JUNE 9, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have never seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positively as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia *Medical and Surgical Reporter.* It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

A SPEEDY CURE,
AN EFFECTUAL CURE.
THE SAME RESULT,
IN EVERY CASE,
WHENEVER TRIED,
WHENEVER TRIED.
WHAT IT HAS DONE,
IT WILL DO AGAIN.

Bullock & Crenshaw, a firm well known to most medical men, by whom the Elixir Propylamine has been introduced, have sold to us the exclusive right to manufacture it according to the original recipe, and we have made arrangements of such magnitude as to enable us to scatter it broadcast amongst suffering humanity.

A WORD TO DOCTORS.

JOHNS & CROSLEY,
(Sole Manufacturers,)
78 WILLIAM STREET,
Corner of Liberty street. NEW YORK

Important to House Owners.
Important to Builders.
Important to Rail Road Companies.
Important to Farmers.
To all whom this may concern, and it concerns every body.

JOHNS & CROSLEY'S
IMPROVED GUTTA PERCHA
CEMENT ROOFING,
The Cheapest and most durable Roofing in use.
IT IS FIRE AND WATER PROOF.

It can be applied to NEW and OLD ROOFS of all kinds, steep or flat, and to SHINGLE ROOFS without removing the Shingles.

The Cost is only about One-Third that of Tin AND IT IS TWICE AS DURABLE.

This article has been thoroughly tested in New York City and all other parts of the United States, Canada, West Indies Central and South America, on buildings of all kinds, such as FACTORIES, FOUNDRIES, CHURCHES, RAIL ROAD DEPOTS, CARS, and on PUBLIC BUILDINGS generally GOVERNMENT BUILDINGS, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WATER, WEATHER and TIME PROOF covering for ROOFS OF ALL KINDS

This is the ONLY material manufactured in the United States which combines the very desirable properties of *Elasticity and Durability,* which are universally acknowledged to be possessed by *GUTTA PERCHA AND INDIA RUBBER.*

No Heat is required in making application.

The expense of applying it is trifling, as an ordinary roof can be covered and finished the same day.

It can be applied by any one,

and when finished forms a perfectly FIRE PROOF surface with an elastic body, which cannot be injured by HEAT, COLD or STORMS, SHRINKING of ROOF BOARDS, nor any external action whatever.

LIQUID
GUTTA PERCHA CEMENT,
For Coating Metals of all Kinds when exposed to the Action of the Weather, and
FOR PRESERVING AND REPEARING METAL ROOFS OF ALL KINDS.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to coats of ordinary paint, costs much less and will LAST THREE TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent upon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

Leaky Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT, and prevented from further corrosion and leaking, thereby ensuring a perfectly tight roof for many years.

This Cement is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRICULTURAL IMPLEMENTS, &c., also for general manufacturers use.

GUTTA PERCHA CEMENT
For preserving and repairing Tin and other Metal Roofs of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

These materials are ADAPTED TO ALL CLIMATES, and we are prepared to supply orders from any part of the country, at short notice, for GUTTA PERCHA ROOFING in rolls, ready prepared for use, and GUTTA PERCHA CEMENT in barrels, with full printed directions for application.

AGENTS WANTED.

We will make liberal and satisfactory arrangements with responsible parties who would like to establish themselves in a lucrative and permanent business.

OUR TERMS ARE CASH.

We can give abundant proof of all we claim in favor of our Improved Roofing having applied them to several thousand Roofs in New York City and vicinity.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

AND for the speedy cure of the subjoined varieties of Diseases:

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind, 6th June, 1856

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and face with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact the disorder grew worse. At length I was recommended, read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that anything you made must be good. I went to Cincinnati and got it, and use it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. A new healthy skin soon began to form under the scabs, and after a while fell off, my skin is now clear, and I have my feelings that the disease has gone from my system. You can well believe that I feel what I am say in g when I tell you, that I hold you to be one of the greatest blessings of the age, and remain ever gratefully. Yours,
ALFRED P. [illegible]

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., Sep., 1859, that he has cured an inveterate case of Erysipelas, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of it. He says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Bottles of your Sarsaparilla cured me from a Goitre or serious swelling on the neck, which I had endured for over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most valuable alternative in the numerous complaints for which it is employ such a remedy, but especially in *Female Diseases* and the Scrofulous diathesis. I have cured many hopeless cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the uterus, the operation itself was soon cured. Nothing within my knowledge equals it for these female derangements.

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy there is now no symptom of the disease remains."

Syphilis and Mercurial Disease

NEW ORLEANS, 25th August 1856

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the cures I have realised with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Diseases.* One of my patients had Syphilitic sores in his throat, which were consuming the roof of his mouth. Your Sarsaparilla, steps, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulcers were eating away a considerable part of it, so that the disorder would soon reach his brain and kill him. It yielded to my administration of your Sarsaparilla, the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was relieved from this poison in her bones. They had become sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a potent remedy; consequently, these truly remarkable cures fill me with it have not surprised me.

Fraternally yours,
G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than when I was attacked. I think it a wonderful medicine.
J. PERRY

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the liver, which destroyed my health. I tried every thing, and was finally led to relieve me; and I have been a feeble man for some years from no other cause than *derangement of the Liver.* My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla. I replied, I said to knew you, and anything you made was worth trying. By the blessing of God it has cured me, and a young again. The best that can be said of any medicine is half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported where cures of these formidable complaints have been effected by the use of this remedy, but one space forbids us to admit them. Some of them may be found in our American Almanac, which the agents below named are supplied to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia

Many remarkable cures of these affections have been made by the alternative power of this medicine, which invigorates the vital functions into vigorous action, and thereby overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that it will do for them all that medicine can do.

Ayer's Cherry Pectoral

FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, **Croup, Bronchitis,** Incipient Consumption, **and for the** Relief **of Consumptive** Patients **in advanced** Stages **of the Disease**

This is a remedy so universally known to surpass other for the cure of throat and lung complaints that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and the many wonderful cures of pulmon
