HARRISBURG

Monday Afternoon, June 3, 1861.

GRASS BUTTER.—We are blessed with most delicious grass butter just now, the yellow rolls looking like lumps of gold. It is abundant and sells at reasonable rates.

COMMENDABLE.—A meeting of the Friendship fire company will be held this evening, when a movement will be inaugurated looking to the organization of a military company. This is right. In these times of "wars and rumors of wars" all good citizens should familiarize themselves with military tactics and the use of fire arms.

TRAVELING BEGGARS are on the increase. Several able-bodied foreigners, of recent importation, are now parading the city, exhibiting "passes" manufactured and purchased in New York, and soliciting alms. Money given to these lazy mercenaries is never worthily bestowed. They should be turned away unalmsed from every door they approach.

SELLING BEER ON SUNDAY.—One of our Teutonic citizens, Henry Snyder, was arrested this morning by officer Cole, charged with selling lager beer on Sunday. He was bound over to appear at Court. This man Snyder is not the only beer seller who violates the Sunday law. His arrest should be a warning to others guilty of similar offenses.

OUR BEAUTIFUL CAPITOL PARK is daily becoming, as it should, a favorite resort for ladies and gentlemen, and many an hour is now whiled away in the evening, by a respectable class of our citizens, among its cooling and refreshing shades. This is as it should be. Let decent people make it a resort during the hot hours of summer, and all rowdies and improper characters will soon find no attraction there, for they intuitively shrink from contact with all else save their own cherished companionship.

SHOWERS.—Several "sweet refreshing showers" of rain have fallen recently, bringing into still bolder relief the green trees and the fragrant flowers which have added beauty to our homes and our landscapes for a few weeks past. Vegetation is now growing beautifully, and the purified atmosphere is redolent with the perfume of bursting buds and opening flowers: "Fragrant the fertile earth After soft showers."

NATIONAL HYMN.—A committee of prominent citizens of New York announce that a prize of five hundred dollars will be awarded for a National Hymn, which must be, not a war song, but purely patriotic; to consist of not less than sixteen nor more than forty lines, exclusive of a chorus or burden, which is regarded as essential, and to be of marked rhythm and popular melody. For the words and music from the same hand, five hundred dollars will be paid, or a gold medal of that value will be awarded. For the hymn alone, or for the music alone, (if original,) two hundred and fifty dollars will be given.

SCOUNDRELS.—Several little girls, children of highly respectable citizens residing on Front street, were grossly insulted yesterday by three human brutes, who enticed them into the park between Market and Chestnut streets and made the most infamous propositions to them. Information of the fact was sent to the Mayor's office, and officers were at once despatched to arrest the scoundrels. One of them was captured, but the others fled, and after a spirited and exciting chase the officers were obliged to abandon the pursuit. We hope the ruffians may yet be found and arrested. Such scoundrelism ought not to go unpunished.

SPOT THE TRAITORS.—The fact cannot be disguised, that there are in this community men who sympathize with the secessionists, and who would, if they could with safety to themselves, give aid and comfort to the traitors now in arms against the government. These men cannot expect that an indignant community will long continue to bear with them, or that they will be permitted to shield themselves under the cry of persecution for opinion's sake. We are of those who have constantly urged moderation and forbearance toward this class of men, nor would we ever consent that our community should imitate the conduct of the traitors in the south toward Union men, by mobbing and hanging them. But this much we do say, that our own safety demands the secession sympathizers in our midst to be closely watched. The time has passed when any man with a true loyal heart will find fault with this caution. Let those complain who feel that they are hit. We repeat the caution, spot the traitors, and carefully note all their movements.

WHAT TO SEND.—A member of one of the companies that left this city writes to us that the friends they left behind are "killing them with kindness." He says the volunteers are constantly receiving supplies of provisions consisting chiefly of rich food, cakes and pies, preserves, etc. The natural consequence is, that in the morning after a company has thus been feasted, many of the men have to be sent to the hospital with cholera morbus, diarrhoea or dysentery. Our correspondent writes that while the soldiers appreciate and feel grateful for the kindness of friends at home, they would prefer to see it demonstrated in some other way. He says the troops are sufficiently well fed; they have plenty to eat of good wholesome food, and generally try to have it as well cooked as possible. Therefore these "fancy" dinners are not required by them, however grateful may be the idea that they are so well remembered at home. We suggest that a much better way of testifying our interest in the comfort and welfare of the soldiers will be to get shirts, socks, soft felt hats, or "haverlock" cap covers, and send them. All these are articles really needed by them, and which will do them some service. In the extreme hot weather they experience, the need of some cool style of hat, or a cover of the style recently described in the TELEGRAPH, is very keenly felt. A large supply of substantial socks is also very desirable.

WHAT DOES IT INDICATE?—The forest trees have a heavier foliage than they have borne for many years. Does this promise a prolific season in vegetation generally?

CAMP CURTIN.—There are now about three thousand volunteers in Camp Curtin, all enlisted for three years or during the war. The companies will be formed into regiments this week.

SOLDIERS will do well to make a note of this: A little musk wrapped up in a piece of paper and carried in the vest pocket is a sure safeguard against vermin of any kind infecting the clothes or body.

PHYSICAL TRAINING OF GIRLS.—Without this there can be no lasting progress. The Sandwich Island proverb says: "If strong be the frame of the mother, Her sons shall make laws for the people."

MORE TROOPS COMING.—The two companies of the Fort Sumter garrison will reach here tonight over the Lebanon Valley Railroad en route for Chambersburg. Several companies of the first regiment United States Cavalry are expected to pass through here in a few days from Leavenworth.

THE CITY TOMBS contained only three or four occupants last night, worshippers at the shrine of Bacchus. One of them, whose spiritual manifestations were somewhat violent, was sent to prison for forty-eight hours. As a general thing our city was unusually quiet and orderly yesterday, but few soldiers being permitted to leave camp.

A GOOD HIT.—"Will you permit a lady to occupy this seat?" said a gentleman to another, the other day in a railroad car. "Is she an advocate of woman's rights?" asked the gentleman who was invited to "vacate." "She is," replied he who was standing. "Well, then, let her take the benefit of her doctrine, and stand up."

THE CAMERON GUARDS reached Bridgeport at twelve o'clock last night, and were met by a large delegation of persons from this city, many of them ladies, who furnished the "boys" with an ample supply of good and wholesome "fodder," which proved very acceptable. They seemed to be in good health and fine spirits, as did the entire regiment. The train reached Chambersburg about six o'clock this morning.

STRAWBERRIES of large size and delicious flavor, grown on the Keystone farm near this city, will be offered in market on Wednesday morning by Mr. Mish. These berries are far superior, in every respect, to those brought here by hucksters from the South, and should be purchased in preference by all loyal citizens. We should not send our cash to rebel States to pay for fruits and vegetables which can be furnished by our own farmers and gardeners in sufficient quantity and of good quality.

PASSAGE OF TROOPS.—This afternoon two regiments from Camp Johnson passed through this city on their way to Chambersburg. Three car loads of dragoons from Carlisle barracks, mostly new recruits, also arrived here, and passed over the Pennsylvania railroad westward. Their destination is said to be New Mexico, to relieve older and more experienced troops now stationed there. The latter will be ordered east to take an active part in the war.

ROW IN A BEER SHOP ON SUNDAY.—A row occurred yesterday in Snyder's beer shop, resulting in the prosecution of Snyder's wife for assault and battery upon Henry Maues. She was arrested this morning by officer Cole, and taken before alderman Kline, who bound her over to appear at the next Court. We have noted in another item the arrest of the husband of Mrs. Snyder for selling beer on Sunday. All discreditable institutions of this kind (and our city is cursed with a number of them) should be crushed out.

A SIGNIFICANT WARNING.—During the excitement attending the discussion of the resolution of fealty to the government, by the General Assembly (Old School Presbyterian) at Philadelphia last week, some individual, who had not the fear of the clergy before his eyes, suspended a stuffed figure from one of the trees, with this significant inscription: "I was removed by the police, but not until all had an opportunity of admiring the graceful figure and easy position of the representative of the doom of traitors. We shall hear magnified statements of this on the return home of some of these clerical Union-haters. The resolution was finally accepted by the Assembly, some forty of the delegates (mostly southerners) voting in the negative."

RESOLUTIONS OF THANKS.—We have already noticed the bountiful supply of good things sent to the State Capital Guards by a number of ladies of this city, and the enthusiastic reception which their special "commissariat" was honored on his arrival at camp. A meeting of the company was subsequently held, and the following resolutions unanimously adopted and forwarded to us for publication: Resolved, That the thanks of this company are hereby tendered to the ladies of Harrisburg who have so kindly and generously sent us a lot of provisions, consisting of delicacies that "Uncle Sam" does not serve us with. The motives through which they were furnished are duly and most gratefully appreciated by us. Resolved, That we will ever hold in kind remembrance the many acts of kindness that the citizens generally of Harrisburg have so generously bestowed upon us, and they can rest assured that when the hour comes for us to strike a blow against the rebels who are trying to destroy our country, we will endeavor to sustain the patriotism of the city we represent.

The guards are now comfortably quartered on the grounds of the Franklin County Agricultural Society. One of the "boys" writes that they are all well and in good spirits, and anxious to pitch into the rebels. From present indications they will not remain in a state of "masterly inactivity" much longer. May they go into the contest with the spirit of the Spartan sons, resolved to return with their shields upon them.

A STATED MEETING of the Paxton Hose Company will be held in their room to-morrow (Tuesday) evening, at eight o'clock. Business of importance is to be transacted, and a full attendance is desired.

NOTICE.—Having been unable to effectuate the numerous orders I received these last few days, I will extend my stay in this city until next Wednesday evening the 5th of June, when I will close my office positively here.

M. I. FRANKLIN, Optician. HARRISBURG, May 31, 1861.—4d.

THE RELIEF FUND.—The Judges of Court, who are constituted by law a board to disburse the funds that may be appropriated by the Commissioners for the relief of the families of volunteers now in the service of their country, met this forenoon. They approved the system adopted by the Relief Committee of this city, and directed the payments to be made, as heretofore, by the officers of that committee. An unsuccessful attempt was made to have the names of the commissioned officers of the several companies from this county stricken from the relief list. It is expected that a portion of the loan of ten thousand dollars, asked for by the Commissioners, will be taken during the present week.

FIRST PICNIC OF THE SEASON.—The Union Assembly Picnic which takes place on Thursday next at Haehleu's woods, will be a grand affair. The managers having taken great pains to furnish nothing but the best of refreshments and music for those fond of dancing. The music will be furnished by Weaver's String Band; the refreshments by Mr. Falk, and coaches by Mr. Frank Murray. The coaches will start from Fourth and Market at eight o'clock A. M., and will run at intervals of half hour during the day. The managers having placed the price of tickets at the low figure of 25 cents, will enable every person to take a day's recreation in the woods. Improper characters will not be admitted, and a sufficient police force is engaged to preserve strict order.

IN THE EYES OF THE WORLD, all the speeches, messages, proclamations, and issued by those who are in the conduct of our country, are filled with appeals to history, and posterity, and with attempted justifications of their treason, in the eyes of the World. If such appeals have any meaning, the world to which they are addressed must be the christian world of Europe, which has answered them with a unanimous verdict of condemnation. During the whole course of this century, with its frequent violent convulsions, no event has received such bitter denunciation from the European people, and the European press, as has been poured upon the treasonable deeds of the South. During the past two months, every foreign mail comes to us loaded with expressions of indignation called forth by the frantic Saturnalia of the South. And yet even down to the latest dates from the Old World they did not know where the whole extent of the madness, infamy and treason practiced by the so-called Southern Confederacy. We have noticed the above facts in connection with this advertisement for the special purpose of calling your attention to the large stock of dry goods, and other articles, in prices at UREX & BOWMAN'S, corner Front and Market streets.

AFFAIRS AT CHAMBERSBURG.

ARRIVAL OF GENERAL PATTERSON AND STAFF.

Large Reinforcement of Troops.

Arrival of the First Pennsylvania Regiment.

The Town Filled With Soldiers.

Scenes in Camp Life.

PREPARATIONS FOR AN INVASION OF REBEL TERRITORY.

A Row in Chambersburg—A Negro Man Shot Dead.

SMALL POX AMONG THE REBELS

CHAMBERSBURG, June 3. This town is completely overrun with Uncle Sam's men, and the cry is, "still they come." Last evening about six o'clock Gen. Patterson and staff arrived here, accompanied by Capt. M'Mullin's Independent Rangers. Passengers in the train who came with them from Harrisburg asserted that they had seen only a set of soldiers that they are the most orderly set of the line of the road they were greeted by the smiles and waving of handkerchiefs of the ladies. Gen. Patterson and staff is quartered at the old Chambers Mansion, and Capt. M'Mullin's company occupy the Court House.

The First Regiment of Pennsylvania Volunteers arrived here this morning at six o'clock, and were marched at once to Camp Chambers, some three miles above this place. The Regiment made a fine appearance as they marched through the streets. Capt. Eyster's Cameron Guards belong to this Regiment, and from a personal conversation with them I learn that they are all well and exceedingly glad that there is a chance for active service. They were tired of Baltimore, where there was nothing to do.

Camp Slier, about one mile east of this place, is well filled up with tents and soldiers. The State Capital Guards of your city are quartered there. Camp M'Clure, adjoining camp Slier, is occupied by a large lot of Texan Rangers, the Philadelphia City Troop and the Camp wagons formerly stationed in your city. They are encamped in a large clover field, which they took possession of during Col. M'Clure's absence, without leave or license. The location is a splendid one, but the men complain much of the want of water.

It is amusing to see the city boys cleaning their horses, but they are enjoying camp life; they are led on by old regulars who were stationed in Texas and who done their best to try their endurance. They have, however, discovered that the Pennsylvania soldiers are efficient and can stand a full share of endurance. A fracas occurred here on Saturday evening, by which a colored keeper of a grog shop was killed by an officer of one of the Pittsburgh companies. The officer has left the place, and I presume nothing further will be heard of the matter.

A regular march of troops is expected within a very short time, and the boys are in high spirits. They are tired of lying idle. General Keim and staff are making all the arrangements for an invasion of the sacred soil of Virginia. We hear from the rebels daily, "their ranks are diminishing fast by desertion and small pox." This disease is raging fearfully at Harper's Ferry. Two more regiments from Lancaster are expected here to-day.

From the Federal Capital.

The Maryland Commissioners.

Surgeons and Assistant Surgeons for the United States Army.

Two Lieutenants Stricken from the Roll of the Army.

Skirmish Between Rebels and the 28th N. Y. Regiment.

WASHINGTON, June 3. While there is no doubt that three of the six Commissioners appointed by the Legislature of Maryland have voted on President Davis, no information can be obtained here to show that their associates, as instructed, have yet officially visited President Lincoln.

The plan of organization for volunteer forces designated in the general order of May 4th, is so modified as to allow one surgeon and assistant surgeon to be appointed by the Governors of the respective States, for each regiment, subject to the approval of the Secretary of War. Lieutenants Chambliss and Stoxton having tendered their resignations to avoid being called upon for active service, their names have been stricken from the rolls of the army.

About twelve o'clock last night a squad of rebel cavalry made a dash at the out-post of the 28th New York regiment, and fired upon them. The alarm was immediately sounded, and the regiment turned out. A scouting party was dispatched in pursuit of the enemy. Their fire was returned by the outposts of the 28th, with what effect is not known, as the night was exceedingly dark. No damage whatever was done by the Rebels.

EAST TENNESSEE FOR THE UNION.

WASHINGTON, June 3. A letter from Tennessee states that East Tennessee will give a great majority for Union, and that ten thousand troops can be raised in that section and twenty thousand in the State. Messrs. Nelson and Andrew Johnson are taking a noble stand against the rebels.

ARRIVAL OF THE STEAMER PRINCE ALBERT.

St. Johns, June 3. The steamer Prince Albert from Galway, with dates to the 21st ult. has arrived here.—The Asia arrived out on the 20th. The political news is not important. The Queen of Spain has signed the decree for the annexation of San Domingo.

THE FORT SUMTER GARRISON ORDERED TO CHAMBERSBURG.

NEW YORK, June 3. Captain Doubleday has been ordered to Chambersburg, Pa., with the two companies of the Fort Sumter garrison, now at Fort Hamilton. They left this morning.

DEATH OF SENATOR DOUGLAS.

CHICAGO, June 3. Senator Douglas expired at nine o'clock this morning.

Those in attendance on Senator Douglas were Mrs. Douglas, Dr. Miller, J. Madison Cutts, Mrs. Cutts and J. M. Cutts, Jr., of Washington, D. P. Rhodes, of Cleveland, Dr. M'Vicar, Spencer C. Benham and Dr. Hay, of Chicago. The remains will be taken to Washington on Wednesday.

FROM FORTRESS MONROE.

THE NAVAL BRIGADE NOT ACCEPTED.

AN EMEUTE ANTICIPATED.

SERIOUS ACCIDENT TO COL. BARTLETT.

No Military Movements of Importance at the Fortress.

FORTRESS MONROE, June 2, 6 o'clock P. M., via. Baltimore.—By order of the War Department the naval brigade is not accepted, but returns to New York to-night by the steamer Coatescootles. Their arms and munitions of war are retained by order of Gen. Butler, who is placed in the most embarrassing position by the presence of the brigade.

Col. Bartlett in an unfortunate expedition to the Rip-Raps, fell from the parapet breaking his clavicle and receiving internal injuries, in consequence of which he is quite delirious. He is attended by his family and will remain here. The brigade is not aware of a return being decided on, and an emeute is feared when the news is announced. The unfortunate situation of Col. Bartlett excites the deepest sympathy. There have been no military movements of importance.

ARMS TAKEN FROM A BALTIMORE COMPANY.

MORE TRAITORS ARRESTED.

BALTIMORE, June 3. Governor Hicks this morning demanded and received the muskets of the Baltimore City Guards—159 in number—and had them carried to Fort M'Henry. Several men who were about to start for Harper's Ferry were arrested this morning and lodged in the Fort.

DEPARTURE OF UNITED STATES TROOPS.

CARLISLE, June 3. Two hundred and eighty dragoons left here at eleven o'clock, destined somewhere for the West.
