YOUNG MEN.

Young men especially who have become the victims of that dreadful vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talent and brilliant intellect, who might otherwise have entranced listening senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

ORGANIC WEAKNESS

Immediately cured and full vigor restored.

He who *places himself* under the care of Dr. J., may confidently confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, frequent blushing, attended sometimes with derangement of mind were cured immediately,

TAKE PARTICULAR NOTICE.

He addresses all those who having injured themselves by private and improper indulgencies, that secret solitary habit which ruins both body and mind, unfitting them for either business or society.

There are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY,

The fearful effects on the mind are much to be dreaded:—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, nervous and emaciated, have a singular appearance about the eyes, cough, and symptoms of consumption.

YOUNG MEN

who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school the effects of which are sadly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DR. JOHNSON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, Weakness of the Organs are speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated who had lost all hope, have been immediately relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion of the most fearful kind, speedily cured.

TO STRANGERS.

The many thousands cured at this Institution within the last twelve years, and the numerous important surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, *besides his standing as a gentleman of character and responsibility*, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, &c., progressing on with frightful rapidity, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that *deadly poison, mercury*, ruin the constitution and make the residue of life miserable.

TO STRANGERS.—The Doctor's Diplomas hang in his office.

REPORTED STORAGE OF ARMS AT HAVANA FOR THE REBELS

Letter from the American Consul.

WASHINGTON, June 6.

The Secretary of War has appointed the following named gentlemen as Paymasters in the army: Thomas B. Allen and Charles T. Larned, of Missouri; John H. Kinzie, James H. Phinney and J. D. Webster, of Illinois; Robert P. Dodge, of District of Columbia; Will Cumback and Wm. P. Gould, of Indiana; Arthur W. Fletcher, of Maryland; David Taylor, John H. Groesbeck, Robert C. Kirk and Dwight Bannister, of Ohio; Thos. W. Lard, of New York; Samuel Townsend, of Delaware; Joshua Howard, of Michigan; Andrew M. Sallade, A. M. D. Lyon and Robert E. Patterson, of Pennsylvania; G. L. Andrews, of Massachusette; Thos. J. McKean, of Iowa; E. S. Paulding, of Minnesota; Josiah Nunes, of California; Thos. J. Halsey, of Vermont, and William R. Gibson.

No battle is reported as yet in this region, and the heavy rain of last night and to-day makes it likely that there is none on hand.

There seems to be no doubt of Beauregard's being at Manassas Junction, where the rebels are preparing themselves for a stout resistance to the Federal arms. They are said to be badly off for water, what they have being brought there in tanks. They are sinking wells now.

Dr. Causten, a physician of this city, was captured by Virginia secessionists in Maryland, on Tuesday. His seizure causes some excitement here.

Several of the Virginia prisoners at the Navy Yard have petitioned to be allowed to take the oath of allegiance to the United States.

The Government has seized $80,000 in specie on the Baltimore and Ohio Railroad, as contraband of war. It is rumored that it was intended for the pay of the rebel soldiers at Harper's Ferry.

A lady started to go out of the city yesterday alone in a buggy. She was stopped, and her trunk, on being opened, was found to be full of caps—percussion caps. They were captured as contraband, of course.

Alexander Cummings, formerly of the Philadelphia *Bulletin*, now of the New York *World*, has been appointed a Brigadier General, with a view to being made Quartermaster General in the army.

It is stated that the Government has information that Austria declines to receive our new Minister, Mr. Burlingame, on account of the prominent part he acted in procuring the prompt recognition of the new Italian Kingdom. As Austria is understood to favor our Government in its dealings with the Southern rebellion, she may consistently reject a Minister who has favored what she regarded as a rebellion in her own dominion.

It having been reported that a large number of arms had been stored at Havana under the protection of the British flag for the Confederate States, Consul Shufeldt was directed to enquire into the subject. A letter has just been received from him in which he says that the matter had previously engaged his attention. He had found that all the munitions of war brought there must be immediately deposited in the government warehouse, and are sold from thence only by express permit from the Captain General himself. It would be impossible to land the number of rifles specified,—namely 25,000,—without the knowledge of the Government; and the authorities, on their own account, would be extremely unwilling to permit the importation of such large amounts of arms to the Island of Cuba; besides, he had the assurance of the Captain General that it would not be permitted. A Spanish house had ordered in Belgium 70,000 rifles, with a view to speculate in the present crisis. As this has failed, he presumes the order will not be filled. He is under the impression that a few of the rejected muskets of the Spanish army have been sold there at public auction—say 10,000—and that these are the only arms which have gone from Havana to our southern ports for secessionists.

The Postmaster at Memphis having refused to distribute the mail matter sent to his office, the Postmaster General has directed the following order to be issued:

"The Post Office at Memphis, Tennessee, is discontinued. The Postmaster General orders all Postmasters to forward to the Dead Letter Office at Washington all mail matter which is directed to that office."

Change of Sentiment—The Union Feeling Predominates.

MORE TROOPS MOVING TO PHILIPPI.

Union Companies Forming at Various Points in Western Virginia.

WHEELING, VA., June 6.

There are now some six thousand Federal troops concentrated at Grafton (the Junction of the Baltimore and Ohio and the North Western Virginia Railroads) and at Philippi, twenty miles distant. More are constantly crossing the river from Ohio, at Bellair and Parkersburg, for the seat of war.

Colonel Kelley has been brought from Philippi, where he was wounded, to Grafton. His wound is not considered morral, but it is very severe and dangerous. He was shot in the right breast below the collar bone.

The *Intelligencer* of to-day publishes a list of the papers captured by the Federal troops in the rout of the rebel camp at Philippi. Among them is one from Governor Letcher, giving instructions for the burning of the bridges on the Baltimore and Ohio Railroad.

The leading bridge burners have all been arrested.

It is surmised that the Federal troops in Western Virginia will be moved slowly on to Harper's Ferry.

CINCINNATI, June 6.—A special despatch from Grafton to the *Gazette*, says that the Union flag is waving along the whole route between that place and Wheeling. The Ohio troops are guarding the road.

Major Loring, of Wheeling, has been brought to Grafton, having been arrested on the charge of treason. A large number of Secessionists have been arrested, but released on taking the oath of allegiance. They all say that they expected a war of devastation, and were deceived by their leaders. The best feeling is prevailing between the troops and the Virginians.

Volunteers are being raised for the Government at Martinsburg and throughout the western section of the State. Several companies went down to Wheeling last evening for drill.

Col. Kelly is much better but not out of danger. He has been brought to Grafton from Phillippi.

There are twenty companies of infantry and several of artillery stationed at Philippi as a garrison. A wonderful change has taken place, and the Union feeling predominates.

There are nearly 7000 troops at Grafton and Phillippi, named the Sixth and Ninth Indiana regiments, and the first Virginia regiment, with Colonels Irvine, Andrews and Stodman's Ohio and Cleveland Artillery. Gen. Morris, of Indianapolis, is in command.

It is not known how many rebels were killed at Phillippi. They were commanded by Col. Porterfield, of Eastern Virginia. Many Union men had been impressed into their ranks.

Col. Dumont's Seventh Indiana Regiment led the attacking column at Philippi.

Col. Crittenden's Regiment did not get up in time to participate.

The march made during the night preceding the attack, was really wonderful. In looking over the ground one is astonished that they could travel the distance in the time it was accomplished in. It was never exceeded in the history of the country.

The troops were moving to Philippi last night.

FROM ALEXANDRIA.

How Rebel Prisoners are Treated.

The Captured Virginia Cavalry take the Oath of Allegiance,

ALL QUIET AT ALEXANDRIA.

The Projected Newspaper Publication Prohibited.

ALEXANDRIA, June 6.

Capt. Ball, of the Virginia Cavalry Company captured on the occupation of Alexandria by the Federal forces, has received permit to go beyond the lines in order to bring his family to Washington. It is thought that his account of the good treatment he received while a prisoner, will have an influence on the rebels in his neighborhood. The oath administered to him was not merely that of a parole, but one of allegiance to the Federal Government, both of which were also administered to all his men in Washington this morning.

An attack by the rebels was apprehended last night in some quarter, and the necessary precautions were taken, but the town remained quiet.

The northeaster still continues and the atmosphere is quite cool.

The projected publication of a newspaper here by the soldiers has been prohibited by an order from the Provost Marshall.

TROOPS FROM THE WEST.

PITTSBURG, June 6.

The Pennsylvania Railroad generously offered to forward Captain John P. Glass' company of Zouaves, consisting of one hundred men, free of charge, from Pittsburg to Philadelphia. They left here this afternoon at four o'clock, and will pass through Harrisburg *about midnight, en route to New York*, to join Gen. Sickles' brigade.

COUNTERFEIT NOTES.

PITTSBURG, June 6.

The public is cautioned against a new and dangerous counterfeit. They purport to be tens on the Blue Hill Bank of Dorchester, Mass. The vignette has a blacksmith at his anvil, with a railroad train; on the upper left hand, a farmer with a sickle and a sheaf of wheat.
