INDEPENDENCE DAY!

TOWN MEETING.

A meeting of the citizens of Harrisburg will be held at the Court House on THURSDAY EVENING next, at 7 o'clock, to devise means for celebrating the Fourth of July in an appropriate manner, and to appoint committees to carry the plan into execution.

MANY CITIZENS.

Y. M. C. A.—A stated meeting of the Young Men's Christian Association will be held at their room this evening at eight o'clock.

CHOKED HIS WIFE.—A libel upon humanity, named Jacob Stiner, was arrested by officer Cole for abusing his wife. He was bound over for his appearance at the next Court to answer the charge.

APPOINTED.—We learn that the Hon. John S. McCalmont, President Judge of the Clarion Judicial District, has been appointed to a Colony by Gov. Curtin. Col. McCalmont is a regular graduate of West Point.

ON DUTY AGAIN.—The Chief of Police, who was confined for several days by a severe attack of inflammatory rheumatism, is now convalescent. The Chief is one of our most efficient officers, and we are glad to see him on duty again.

COMING TO CAMP CURTIN.—A Philadelphia company of Zouaves, commanded by Capt. Simpson, have been ordered to Camp Curtin, and will arrive here on Thursday at noon. They have been assigned to Col. Brady's regiment.

FRAMERS WANTED.—The government advertises for two hundred and fifty framers, at twenty dollars per month, to be furnished with rations the same as regular soldiers. All men employed in this capacity, when honorably discharged will be returned to their homes at the expense of the national government.

TOBACCO ADVANCING.—The lovers of the weed should begin to smoke and chew sparingly. The Philadelphia Gazette supposes tobacco will be dearer in Philadelphia, in a short time, as it is in London. It states that Richmond supplies the Philadelphia and New York markets with nearly a third of its whole stock of plug tobacco, and since the war commenced manufacturing is almost suspended.

Stilly Long before our present stock of tobacco runs out, the Federal flag will be flying in triumph over Richmond.

CREATING A NUISANCE.—Complaint was made to the Mayor yesterday against four fish dealers—Jacob Nicols, John Dingle, John H. Hense and John Wise—for creating a nuisance in the market place. Messrs. Nicols and Dingle had a hearing last evening, and were each fined three dollars and costs. The hearing of Messrs. Hense and Wise was postponed until this evening. The complainants are constables Cole and Wickert. As these officers seem to have turned their attention to the abatement of nuisances, we would suggest the propriety of their examining into the condition of certain hog-pens within the city limits, which are a source of great annoyance to persons residing in their vicinity.

THE TROUBLED CASE.—We stated yesterday that Capt. Hugh M. Donald, of the Elk Rifles, had made a confession before Alderman Kline against Capt. Lorain, of the Clearfield Washington Co. militia, for the utterance of treasonable language, to the effect that he "would never pull a trigger against the south." The information thus made was in writing, and sworn to by Capt. M. Donald, and was taken by him for the purpose, as he stated, of submitting it to Governor Curtin. There the matter rests, no warrant having yet been issued. If common rumor be true, there is good reason for suspecting Lorain's loyalty, and the affair should be investigated. The excuse made by his friends that he uttered the treasonable sentiments impudently to him when drunk, will not answer. It is an old and true saying that "when wine is in vit is out," and a drunken man generally expresses his real sentiments, when in that condition. This is no time to tolerate even the semblance of treason, and Capt. M. Donald will be held criminally accountable if he does not push this matter to a speedy and full investigation.

ANOTHER FLAG.—This morning Mr. George W. McCalla hung to the breeze a large and beautiful American flag, from the pole in front of his jewelry establishment. It was manufactured in Philadelphia out of the very best material of bunting, and is one of the finest specimens of the national emblem that floats in our city.

THE SCARLET FEVER prevails to a considerable extent in some sections of our city, and a number of families have been robbed of their household jewels by this aptly-styled "red demon of the nursery." Mr. Jacob Barnhart, of Verbetown, lost two children in quick succession, and the little ones were buried side by side in the same grave on Sunday last. "Isolate archer, would not one suffice!"

A CHRISTIAN REGIMENT is being organized in New York, composed of members of the various city churches without distinction of sect or creed. The design of the projectors of the movement is to enroll a body of men who will enter the battle-field under a deep conviction that they fight for principle and for the sole purpose of maintaining right. A number of recruits have already enlisted, and for two weeks past have been under drill.

WAR TERMS.—A battalion is a body smaller than a regiment—say two or four companies—and is commanded by a Major. A regiment is composed of ten companies, and is commanded by a Colonel, also a Lieutenant Colonel and a Major. A brigade is composed of two or more regiments, and is commanded by a Brigadier General. A division is composed of two or more brigades, and is commanded by a Major General. Lieutenant General is an office created in honor of General Scott, after the war with Mexico, and is in this country peculiar to him.

THE DOG LAW.—Lazarus Barnhart was "put through" last evening for permitting his dog to run at large without a muzzle, in violation of the ordinance. The Mayor fined him one dollar and costs. In the progress of our daily reportorial perambulations we notice packs of worthless canines roaming through the city, without any restraint upon the freedom of the bite. In every instance where the names of the owners can be ascertained they should be promptly returned. All offenders against the ordinance should be treated alike.

After writing the above, information was made against Henry Albright for letting his dog run at large unmuzzled. A hearing of the case will take place before the Mayor this evening at seven o'clock.

THE COMING NATIONAL ANNIVERSARY.—Throughout the country, beyond the pale of rebellion, extensive preparations are being made to celebrate the approaching anniversary of our National Independence. This year, of all others, it should be celebrated with more than usual "pomp and circumstance," and we regret to find our neighbors of the Patriot and Union throwing cold water upon the movement to that effect about to be inaugurated in this city. In all the cities and large towns especially, where wealth is concentrated, should money be expended in celebrating the Nation's birthday. Every possible effort should be made to recall the earlier heroic days of the nation, when, to secure the independence and the blessed privileges we still enjoy, our forefathers pledged their lives, their fortunes and their sacred honors. Now, indeed, should these soul stirring events, commencing at Lexington and ending with the acknowledgement of our independence, be revived in all their brilliancy and glory. We trust that all loyal and patriotic citizens will participate in the meeting to be held next Thursday evening. Let the work of preparation be commenced at once, so that we can say, as they do in Philadelphia, that "the coming Fourth of July will be a day long to be remembered by our people."

We have the material at hand for a splendid demonstration, without much expense to any class of citizens. By the fourth the several regiments of the State Reserve Militia now in Camp Curtin will probably be fully uniformed and equipped. These in connection with the various fire companies, Free Masons, Odd Fellows and other civic associations, will make an imposing pageant. With little trouble, and a trifling expenditure of money, we can get up a celebration that will be creditable to the city and worthy of the occasion. Let us do it!

DRUMMED OUT OF CAMP.—ATTEMPTED SUICIDE.—The report that a volunteer was to be drummed out of camp at six o'clock last evening, attracted a large crowd of people to witness the operation. Several days ago one Yohannes Stelmets, a member of the Iron Artillery company, of Montour county, was guilty of an act of insubordination, in disobeying orders and personally assaulting one of the officers. He was arrested and committed to prison, where he was confined for four or five days, and dieted on bread and water. This punishment having no salutary effect upon the fellow, he was ordered to be dismissed from the service and drummed out of camp. Accordingly at six o'clock last evening Yohannes, with his hair closely cropped, was escorted out of camp, in presence of the entire command, to the tune of the "rogue's march." Humiliated by this public exposure and punishment, and fully realizing the disgrace attaching to him, the man rushed to the river and plunged into the water with a view of ending his miserable existence by drowning himself. In this he would have succeeded, but for the timely intervention of some persons who happened to be close at hand and went to his rescue. He was taken to the lock-up and confined during the night. This morning, being in a more tranquil state of mind, from the effects of the cold bath, which superinduced a refreshing sleep, Yohannes concluded to live a little while longer, and gathering up his "traps" made a speedy exit from the city. The example made of this man was absolutely necessary for the good of the service, and made an impression upon the minds of all soldiers who witnessed it that will not soon be forgotten. We sincerely hope that Camp Curtin may not be disgraced by any more such exhibitions during the continuance of the war.

MORE WAGONS GONE.—This forenoon thirty or forty more camp wagons left the government depot in this city for Chambersburg, to accompany the troops from that point on their southern expedition.

HIS CONDITION.—The soldier who was severely injured by falling off the roof of the Arsenal building yesterday, was removed to the boarding house of Mrs. Johnson, in Third street near Pine, where he is still lying in a critical condition.

MERCHANT TROOP.—This splendidly equipped body of mounted cavalry, recently organized in Philadelphia, have tendered their services to the Governor, a committee of the company having visited our city to-day for that purpose. They provide their own equipments and horses.

DEAD.—A few weeks ago, as our readers will recollect, a Mrs. Hawley, residing near the rolling mill, was seriously injured by the accidental burning of her clothing. The lady lingered in great agony of body and mind until yesterday, when death put an end to her sufferings.

ANOTHER MAN SHOT.—This afternoon a soldier in Camp Curtin, whose name we did not learn, was shot in the leg by the accidental discharge of a pistol in the hands of one of his comrades. He was brought to this city. The nature of the wound is such that the limb will probably have to be amputated.

THE GRAND LODGE of Good Templars of Pennsylvania meets at Duncannon to-morrow. Delegates left here to-day to represent the Washington Lodge of this city. The order is represented to be in a flourishing condition throughout the State, the membership and number of lodges having largely increased during the year.

VIOLATING THE MARKET ORDINANCE.—A German butcher, John Paulis, was complained against yesterday for selling meat before the hour designated by law for opening the market. A hearing was ordered for seven o'clock last evening, but John was too drunk to conduct his case, and it was postponed until three o'clock this afternoon.

CHANGES OF PROGRAMME.—On the occasion of the flag raising at the Lancasterian school house to-morrow evening, Col. A. J. Herr will deliver the address, owing to Mr. Lamberton having been called from the city. An address will also be delivered by one of the pupils, and the members of the State Capital Band have volunteered to furnish music for the occasion.

THE DUTY OF SOLDIERS.—The past month has been one of inactivity among our volunteers so far as active services concerned, and yet much has been done in the way of instilling into their minds the theory as well as the practice of discipline; and when discipline with its inexorable iron rule is fully enforced in an army, it is then ready for duty in the field and not before. The fact is, it is a difficult task to take free, intelligent men from the plough, from the workshop, from the desk and from the office where they have been as free to go and come as the winds above them, and then put on them and around them the stiff, unbending harness of military life, compelling them to walk on a line carefully laid down with square and compass, and to eat their meals, exactly weighed out to them, and to be permitted to go here or there, only by special permission; this seems hard, but the duty to be performed is a hard one and the soldier must first learn to "endure hardships" before he is fit for a soldier's duty. Order was "God's first law," and we see the sparkling words above us, the silent woods, the glassy river, and grand old hills about us, only because each atom and each world forever moves in its appointed place, firmly held by the hand of the Almighty. Only

"When the hurly burly's done,
When the battle's fought and won,"
can the soldier lay aside his cast iron garments and stretch forth his arms with the independence of a free man. Many of the boys, without looking philosophically at the matter, think it rather dull business to be shut up in camp, anxious, nay even spoiling for a fight, and yet "not in at the death." They even imagine that they are becoming rusty for want of contact with the rebels. Now all this is very proper and shows their hearts to be in the right place, but they must recollect that it requires as much bravery and more prudence sometimes to hold back than it does to go forward.

IT BEING all the rage at present to have every thing Philadelphia in our city, M. H. Lee, 69 Market street, has concluded to call his store the Harrisburg cheap umbrella and parasol store, where goods can be bought in his line cheaper than in Philadelphia both wholesale and retail. Prompt attention paid to the preparing and covering of umbrellas and parasols.

NOTICE.—JAMES R. WATERBURY, aid to Gen. R. C. Williams, from Camp Bluff, was in town yesterday, paying a flying visit to his family. The Col. looks gay and every inch the soldier, speaks cheerfully and confident, and thinks the Secession troops would be well satisfied to have the privilege of buying their goods at the cheap cash store of ULRICH & BOWMAN.
