THE SECRETARY OF WAR.

The Philadelphia Press says that several of its contemporaries are complaining about some of the military appointments of the Secretary of War. A few words will soon dispose of these criticisms, and prove that that distinguished gentleman, who has been acting in hearty co-operation, and, indeed, under the counsels of Lieutenant General Scott from the beginning, has been influenced by no other than the most patriotic motives.

Another flag raising demonstration at the Lancasterian school house last evening was one of the most interesting and enthusiastic of the kind we have yet witnessed in this city. Hundreds of people, many of them ladies, were present on the occasion.

How TO PAY THE EXPENSES OF THE WAR.—It is stated that the New York Tribune and the Herald agree in one thing, and that is in confabulating the slaves belonging to rebels as "contraband of war."

LOCAL ITEMS.

ANOTHER FLAG RAISING.—The flag raising demonstration at the Lancasterian school house last evening was one of the most interesting and enthusiastic of the kind we have yet witnessed in this city.

After music by the State Capital Band, the exercises were opened with a fervent and impressive prayer by Rev. Dr. Hay, the multitude standing reverently with heads uncovered.

A pupil of Mr. Burns' school, Oliver Bellman, a bright-eyed and intelligent lad of probably fourteen summers, was then placed upon the stand, and delivered a somewhat lengthy address prepared for the occasion.

ARRIVAL OF CONNECTICUT TROOPS.—One of the SOLDIERS ACCIDENTALLY KILLED.—The Fourth Regiment of Connecticut volunteers, under command of Col. Levi Woodhouse, arrived here yesterday afternoon en route for the war in western Virginia.

USING SEDITIOUS LANGUAGE.—In the case of Jacob Baiser, arrested yesterday for using inflammatory and seditious language to soldiers in Camp Curtin, a hearing took place last evening before the Mayor.

THE ELEVENTH PENNSYLVANIA REGIMENT, recently stationed at Ferryville, passed Bridgeport at eight o'clock last evening en route for Chambersburg, to join the brigade commanded by Gen. E. C. Williams.

THE PENNSYLVANIA FIFTH is the title of a new "campaign paper"—we use the word in a military and not in a political sense—which is now being printed by some of the enterprising volunteers in Alexandria, Virginia.

THE SLOOP OF WAR JAMESTOWN. Laws, Del., June 12. The U. S. Sloop of War Jamestown, Commander Green, from Philadelphia, passed here this morning, in tow of the steamer J. F. Starr.

FROM WASHINGTON CITY.

SIX MORE REGIMENTS ACCEPTED.

The Boston Irish Brigade to Come to Harrisburg.

THE VOLUNTEERS TO BE PAID.

Head-Quarters of the Department of the West Removed to Leavenworth.

Officers Stricken from the Rolls.

THE FIGHT AT GREAT BETHEL.

ONLY SIX UNITED STATES SOLDIERS KILLED BY THE REBELS.

Rebel Mail Matter Sent to the Dead Letter Office.

United States Troops to Occupy Frederick City.

WASHINGTON, June 12. The President having accepted the five Regiments of volunteers under Gen. Sykes, an order was today issued by the Secretary of War to muster the same into the service of the United States for three years or during the war.

The three months' militia and the three years' volunteers will be paid at once, to include the 31st of May. With this view the commanding officers of these troops will cause duplicate muster rolls to be made out immediately, which they will forward to the Pay Master General in this city; and upon these rolls the officers of the Pay Department will pay in full, leaving any stoppages to be deducted at a future payment.

The State of Missouri having been added to Gen. McClellan's Department, the Head-Quarters of the Department of the West are removed from St. Louis to Fort Leavenworth.

The War Department has ordered the following officers to be stricken from the rolls: Capt. Tyler, 2nd Dragoons, for abandoning his command and deserting his post at Fort Kearney; Lieut. Rundell, for continued disobedience of orders, for absenting himself from duty without leave, and failing to render his account as required by law.

The improbable rumor that Butler had renewed the battle at Great Bethel, with wonderful results, has caused intense excitement throughout the city. Lieut. Butler to-day brought official dispatches of the actual engagement under Pierce. They do not essentially vary from the published accounts.

There have been no military movements here to-day of any consequence.

The Secession element in the Maryland Legislature is discovered to be very strong.—United States troops will soon occupy Frederick.

Two wagon loads of mail matter have been received here from the South, all having on it the rebel postage stamps and United States stamps besides, which the Seceders thought would secure the delivery of the documents.

Among the letters thus stopped is one directed to "President Davis, Washington." It came here by way of Louisville, and will be retained at the Post Office for delivery to its owner when he calls for it.

The Post Office Department is busily engaged perfecting arrangements for carrying the mails in Western Virginia.

THE BODY OF LIEUTENANT GREBLE. BALTIMORE, June 12. The remains of the gallant Lieutenant Greble arrived here, by the boat, this morning, and were transferred to the train for Philadelphia.

FROM WESTERN VIRGINIA.

The Federal Army Assuming a Formidable Position.

CINCINNATI, June 12. The army in Western Virginia is beginning to assume a formidable position.

A special despatch from Grafton to the Gazette, states that a company of the rebel cavalry, 80 strong, came up from Huttonsville last night to Beverly, and committed various outrages on the Union men there.

The rebels at Huttonsville received a reinforcement of 800 cavalry, the other day, and more are said to be coming; also, some large guns from Harper's Ferry. Our troops are eager to attack them before they complete their entrenchments.

Dispatches from Cumberland announce that the people are delighted at the arrival of our troops. Col. Wallace left Cumberland with a part of his command on Tuesday morning, to attack a Secession camp twenty miles westward.

Another brilliant forced march was made by Captain Miller of the Fifteenth Ohio regiment, with forty of his company. He left Rowlesburg, in the Cheat River Valley, on Sunday night, and marched thirty miles, to St. Georges, Tucker county. He entered the town before four o'clock on Monday morning, took half a dozen prisoners, seized some important correspondence, and captured two secession flags.

Army wagons will arrive here to-morrow.—The Eighteenth Ohio Regiment arrived at Clarksburg to-day, and the Nineteenth is on the way here to-night.

THE VIRGINIA UNION CONVENTION.

WHEELING, June 12. The Union Convention met yesterday, and after effecting a temporary organization, adjourned till 10 o'clock this morning.

Arthur J. Boreman, of Wood county, elected permanent Chairman, delivered a patriotic address on taking his seat, reviewing the action of the Richmond Convention and the ordinance of Secession. He exhorted members to be firm and decided throughout their action.

The programme for the Convention seems to be a Provisional Government for the whole State and the deposition of the present State authorities, and the entire reorganization of the Government.

Mr. Canlie offered resolutions which were unanimously adopted, thanking Gen. McClellan for upholding the Union men of Western Virginia, commending the gallantry of the troops at Philippi; and complimenting the bravery of Col. Kelley and the first Virginia regiment.

REFUSAL TO WITHDRAW THE FEDERAL TROOPS FROM MISSOURI.

St. Louis, June 11. Another conference has been held in this city between the State and Federal authorities.—The State was represented by Gov. Jackson and Maj. General Price, and the Federal Government by General Lyon and Col. Blair. The State authorities demanded the removal or disbandment of the Federal troops from Missouri soil, and the State would disband the militia.

Gov. Jackson and Gen. Price returned to Jefferson City, by special train to-night.

BEN McCULLOCH EXPECTED.

PITTSBURGH, June 12. The Grafton correspondent of the Wheeling Intelligencer says: "Information has been received here from sources that entitle it to consideration, that Ben McCulloch has been ordered to this part of the State by Governor Letcher, to take command of the rebel forces now between Philippi and Staunton, and to raise recruits and carry on the war in Western Virginia. Although this bit of intelligence is not fully credited, efficient measures will be adopted to meet the exigency. Ben will find a good deal of work before him in this section of the State. He had better come well prepared."

ARRIVAL OF THE STEAMER NORTH STAR FROM ASPINWALL.

New York, June 12. The steamer North Star, from Aspinwall on the 6th, arrived this afternoon. She brings California mails and specie of the 21st of May.

Panama papers of the 4th of June contain advices from Carthagen, which report that Mosquera had beaten the troops of President Oplala in two battles, in the first of which, on the 25th of April, the latter lost 1,500 in killed and wounded. The second battle occurred near Bogota, and Mosquera was doubtless in the Capital.

THE BODY OF LIEUTENANT GREBLE.

BALTIMORE, June 12. The remains of the gallant Lieutenant Greble arrived here, by the boat, this morning, and were transferred to the train for Philadelphia.

LATEST FROM HAGERSTOWN.

Destruction of Bridges by the Rebels.

The Military Force at Martinsburg and Vicinity.

THE PEOPLE ANXIOUS FOR THE ARRIVAL OF OUR TROOPS.

Fourteen Thousand Rebel Troops at Harper's Ferry.

HAGERSTOWN, June 12. The telegraph operator stationed at Martinsburg, and a brakeman on the Baltimore and Ohio road, arrived here to-day, having left there yesterday.

Gen. Johnston ordered the Opegon bridge to be rebuilt. The telegraphic instruments taken from the office at Martinsburg are not fit for use.

Col. Edmundson commands the forces at Martinsburg. He has three companies—the Winchester Rifles, the Winchester Mounted Guerrillas and another company.

Col. Stewart commands Camp Hainesville, five miles north of Martinsburg, and has charge of all the forces stationed at Ford's ferry, on the Potomac, between Falling Springs and Hancock.

A large majority of the people of Martinsburg are anxious for the arrival of the Federal troops, and offer to give them beds, rooms, provisions and everything. Provisions are growing exceedingly scarce. The rebel force at Harper's Ferry at fourteen thousand.

FLUID LAMP EXPLOSIONS.—Fluid lamps continue to contribute their quota to the bills of mortality. They are much more destructive of life than gunpowder or Colt's revolvers.—Our exchange papers teem with accidents of the most serious character; and conflagrations involving loss of property and life are frequent attendants of the careless use of burning fluids.

It seems idle to urge that under the management of cautious persons these accidents need not occur, for the same reason might be urged in relation to the use of gunpowder, or keeping of poisons in our houses. Nor can it be urged in favor of the use of these explosive fluids that they have become necessities in our stores and dwellings.

Other substitutes are found which are utterly without danger in their use, and which minister to the same needs as those for which these dangerous fluids are employed, and which, at the same time, can be obtained at an equally moderate price.

To prohibit their use altogether would, therefore, work neither injustice nor inconvenience to the community. Ordinances exist in relation to the storage and vending of gunpowder, and why there is not equal authority to legislate against the use of an article so liable to abuse, and so full of peril to the careless and inconsiderate—for it is in this very class who are most exposed to its dangers—it is not easy to comprehend. We think provision ought to be made to guard against the evils which spring from an unregulated use of these dangerous fluids, so generally and (in consideration of the introduction of substitutes of equal usefulness) so unnecessarily employed by numerous classes of our citizens.
