DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent College of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. What a pity that a young man, the hopes of his country, the derring of his parenus, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain scoret habit. Such persons must, before contents
