

Daily Telegraph

HARRISBURG Tuesday Afternoon, June 18, 1861.

TO ADVERTISERS.

The circulation of the DAILY TELEGRAPH is FOUR TIMES LARGER than any other daily published or circulated in this city, and it therefore presents greater inducements for the patronage of advertisers than is offered to them through any other medium.

THE MORNING TELEGRAPH is issued every morning and contains THE LATEST TELEGRAPHIC DISPATCHES received during the night.

DECISION POSTPONED.—The butchers recently returned for creating a nuisance in the market house, had a hearing last evening. The Mayor postponed his decision in the case until Saturday next.

HOG PEN NUISANCES.—Three more citizens were before the Mayor last evening, returned by officers Cole and Wickert, for maintaining nuisances in the shape of filthy hog pens. They were all fined the usual amount.

TROOPS FROM NEW YORK.—Last night two car loads of soldiers, with several pieces of artillery, arrived here from New York city via the Lebanon Valley road, and proceeded to Hagerstown to join Gen. Cadwalader's division.

THE FUNERAL OF MR. GEORGE HAMMON took place this afternoon and was attended by the surviving old soldiers of the second war of independence, the Hope fire company, and members of the fire department generally.

ATTENDED THE MEETING.—The gentlemen composing the committee of arrangements for the fourth of July celebration, should not forget to attend the meeting this evening. There is but little time to complete the preparations for a proper demonstration on that occasion, and the work ought to be commenced at once.

THE FIRST CITY ZOUAVES drilled last evening in Capitol Park, in presence of a large number of admiring spectators. We predict that on the occasion of their first public parade in equipments the Zouaves will do credit to themselves and their accomplished commanding officer. The uniforms will be completed next week.

SWORD PRESENTATION.—Some of the officers at Camp Curtin have ordered an elegant sword for presentation to Col. George A. C. Seller, late commandant of the camp, as a slight testimonial of their regard for him as an officer and a man. Notwithstanding the frequent complaints of soldiers with regard to the management of affairs at Camp Curtin, we believe the Colonel tried to do his duty.

MAIL AGENT APPOINTED.—Our young friend Mr. Isaac W. Hoffman, of this city, has been appointed mail route agent between Harrisburg and Lock Haven, in place of Perry H. Fox resigned. Mr. Hoffman is a worthy young man, and fully competent for the position. He entered upon the discharge of his duties to-day.

TWO PICTURES come off this week—one to-morrow and another on Thursday. Now is the time to rusticate in the woods, and children should be allowed the largest liberty in this respect. An occasional trip to the country and a romp in the grass-carpeted and shady groves, will be found highly beneficial to the boys and girls who are daily confined in crowded and improperly ventilated school rooms. The picnic is a glorious summer "institution." May it increase in popularity.

A FOOT RACE took place yesterday afternoon in the rear of the Capitol, which afforded considerable amusement to those who witnessed it. Two intoxicated soldiers attempted to force an entrance into one of the institutions peculiar to that locality; and a constable of aldermanic proportions who happened to be in the vicinity was called upon to arrest the storming party. The soldiers, noticing his approach, beat a rapid retreat, and the foot race started in pursuit. After a short, spirited and exciting run in the direction of Camp Curtin, the constable failed in wind and limb, and was obliged to abandon the chase. He returned panting, sweating and swearing, while the "bold sojer boys" continued their flight towards camp, amusing the spectators with some astonishing feats of pedestrianism.

IMPORTANT RAILROAD ARRANGEMENT.—We understand that properly authorized representatives of the Pennsylvania Railroad Company and of the Philadelphia and Erie Railroad Company have united in a mutually satisfactory arrangement for permanently leasing the work of the latter named company, in its present incomplete and unfinished condition, to the Pennsylvania railroad company. Three millions of the Philadelphia and Erie bonds are to be endorsed by the Pennsylvania railroad company, which, it is estimated, will realize more than sufficient to finish and equip the road. Existing contracts for construction, etc., made by the Erie railroad company, are to be carried out, but payments are to be made under authority of the Pennsylvania railroad company from the three millions of endorsed bonds.—The Philadelphia and Erie railroad company has, over and above the three millions named, between three and four millions of bonds, the proceeds of which are to be applied to the payment of the company's debts. The rent under the lease is a percentage of receipts. So far as the negotiations have progressed they are represented as entirely satisfactory to the managers of both companies, and would be consummated by them, but a matter of so much importance it is deemed advisable to have the approval and authority of the stockholders, whose sanction will no doubt be obtained as soon as meetings can be called for the purpose.

THE ELLSWORTH CADET is the title of another military company recently formed in this city, composed of boys between the ages of fifteen and eighteen. We met the cadets on parade the other night, and were pleased to observe their soldier-like bearing and the accuracy with which they marched and drilled.

WHIPPED HIS WIFE.—Another member of the modern order of wife beaters, named James Elliot, was before the Mayor this morning.—As usual in such cases whiskey was the cause of his brutality. He was sent to prison, where he will have time and opportunity to reflect upon his inhuman treatment of those whom it is his duty to cherish and protect.

IMPROVEMENTS IN CAMP CURTIN.—The Silver Guards, Capt. T. Chamberlin, yesterday floored their tents and erected a substantial cooking shanty, tables, benches, shelving, &c. This shows a commendable spirit of industry, worthy of imitation by members of other companies who wish to promote their comfort and preserve their health.

ONE WEAPON ENOUGH.—All experienced writers upon arms for soldiers continue to discountenance the use of pistols for private, and they ridicule the idea of knives. In a close fight the bayonet must be the means of attack and defence; and say the officers, the skillful use of one weapon is quite as much as the volunteers are likely to become perfected in. The bayonet is the favorite weapon of the French. As against the Mexicans the bowie knife is powerful and efficient; but in this war nobody need expect to fight with Mexicans, and before the knife can be of any use, the soldier must climb over pointed bayonets.

ARMY CLOTHING FRAUDS.—True bills having been found against Messrs. Frowenfeld and Morganstern, of Pittsburg, charging them with fraud in furnishing clothing to the State, processes were accordingly issued, and the defendants were arrested and held to answer in the sum of \$5,000 each. A process was placed in the hands of Sheriff Graham, for the arrest of a "Bucky" Neal, of Philadelphia, charged with a similar offence. We learn that Neal dodged the Sheriff who went to Philadelphia to arrest him, and passed through this city to-day en route for Pittsburg, to enter bail for his appearance at the next Court.

SERIOUS RAILROAD ACCIDENT.—This afternoon an old lady from Churchtown, named Mrs. Leidic, met with a very serious accident while attempting to get on the Cumberland Valley cars. She was struck by the moving train and knocked down, the car wheels passing over one of her legs and almost severing it in two. The unfortunate lady was carried into the Cumberland Valley Railroad office, and Dr. Rutherford summoned. The injury to the limb was of such a nature as to require its amputation above the knee. She was accompanied by a little girl, who narrowly escaped serious injury.

THE NEW COMMANDANT OF CAMP CURTIN.—We have already announced the change at Camp Curtin by which Col. Charles J. Biddle, of Philadelphia, succeeds Col. Seller in command. It will be remembered by our readers that the "wild cat regiment," recently organized, elected our gallant friend Thomas L. Kane, Colonel, and Major Biddle Lieut. Colonel. The former, appreciating the superior military qualifications of Major Biddle, with a magnanimity that did him credit promptly proposed a change of positions and insisted upon Major Biddle taking command of the regiment. After repeated and urgent solicitation the generous proposition was accepted, and the arrangement heartily approved by the entire regiment, which is now one of the best officered in the State.

Those of our readers who have a desire to inform themselves with regard to the new and accomplished Commandant of Camp Curtin, will do well to consult the volume of official reports published by Congress relative to the Mexican war. Colonel Biddle appears to have been particularly distinguished in the actions of Contreras, Churubusco, Molino-del-Ray, Chapultepec and the taking of the city of Mexico. General Scott's report of the storming of Chapultepec names Captain Biddle as "one of the first in the assault." General Cadwalader's report of the battle of Molino-del-Ray mentions that "Captain Biddle of the Voltigier regiment left his bed when the fighting began and joined his company;" and Col. Andrews, the Colonel of the Voltigiers, giving an account of the storming of Chapultepec, which took place five days later, and in which the Voltigiers led the attack, says: "Captain Biddle was, I believe, the second officer who entered the works and acted with his accustomed bravery. He joined us in the morning from a sick bed against my wish and orders." An emphatic eulogium on his conduct appears also in the report of General Pillow, in whose column Capt. Biddle made the march from Vera Cruz, and took part in the operations incident to it, and in the decisive battles of Contreras and Churubusco. General Pillow speaks of him as "Captain Biddle, prompt, vigilant and daring." After Chapultepec, in the attack upon the city, Captain Biddle's company seems to have been selected from the regiment to occupy the position furthest in advance, and to drive the enemy out of it. The gallant services of the Voltigiers on this memorable occasion will not soon be forgotten. The advance of the regiment was led throughout by Capt. Biddle.—His celebrity as a disciplinarian is not due to any severity of character. Always genial and gentlemanly, he has never had the reputation in the army of being a martinet. The habits of precision and accuracy which have made him a man who succeeds in all he undertakes, win their way irresistibly with those around him. He is equally famed as a tactician and student in the field in 1848." Since the Mexican war he has resided in Philadelphia, and at Andalusia, the country place of his father, the late Nicholas Biddle. We feel assured that Col. Biddle will make an efficient officer, and rapidly win his way to popularity with the officers and soldiers under his command.

ANOTHER REGIMENT COMING.—Michigan is sending another regiment to Washington. They leave Adrian to-day, and will be here sometime during the week.

THE MAYOR OF THE CITY, in company with some other gentlemen, left this afternoon on a pleasurable excursion to one of the mountain streams in Blair county. May they have a good time, and capture lots of the "speckled beauties." The Mayor expects to return on Friday evening. During his absence the regular Mayor's Court will be held every morning by Justice Bader, for the disposition of offenders who find their way into the lock-up.

THE COTTON MILL.—We learn that operations at the Cotton Mill are to be temporarily suspended, owing to an advance in the price of cotton, and difficulty in procuring sufficient supplies of the article. The Conestogo Mills at Lancaster has already suspended, for similar reasons. All establishments of this kind, now idle, will be put in operation again when Jeff Davis and his treasonable confederates shall have been shot or hung, a consummation devoutly to be wished by all loyal and patriotic citizens.

LEFT FLANK, MARCH!—The soldier boys have fun as well as work. One of them writing home to a friend relates the following incident: A Dutchman, who keeps a lager beer saloon up town, a day or two since came to the Colonel of one of the regiments here, and made a complaint in the following style: "Garnet," said he "last night, you see, on my lager beer store, some gumpy, he march into mine store, and he gum in drump—drump—left—left—and dey goes on mine bar, and de principal soldier he say 'front, and den said 'Give me some lager.' Und I draw de lager, more as sixty glasses, und dey drink that lager, und den de captain ma he say 'Fall in, fall, und den I say 'Where is my gelt for de lager—my money.' Und de captain ma he don't gif no money, und I gif no money. I don't like such gits mit mine store und mine lager. Dat ish no good business to 'Left, left,' mit mine lager und mine money."

YOUNG AMERICA.—The other evening we saw a body of miniature soldiers at work with a zeal and display of military pomp which can only be imitated by this particular style of boys. Their battery consisted of two joints of stove-pipe, one end of which was planted in the mud against a brick wall, and in the muzzle a fire cracker was carefully sighted toward an enemy on the opposite side of the field, while one little chap not bigger than a pepper box was blowing vigorously at a coal fire preparatory to the discharge of the ordnance.—Surrounding this formidable battery were ten or a dozen "regulars," highly ornamented and caparisoned, stepping to time given upon a tin pan, and their file leader carrying about on a long splinter a small copy of the stars and stripes, while the hindmost boy in the ranks displayed a flag of truce from a rent in his garments behind! Go in young America!

WAR NEWS.—A shrewd old gentleman gets his paper every morning, and searches it carefully through, not to get the latest news, but to learn the exact truth of what he reads that day a week ago. The difference and advantage in what we say to those who have the interest of their families at heart, and who take pleasure in seeing their children comfortable, is confirmed by calling at the cheap dry goods store, corner of Front and Market streets.
