DR. JOHNSON

BALTIMORE

LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedy in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs.

A CURE WARRANTED, OR NO CHARGE, IN FROM ONE TO TWO DAYS.

Weakness of the Back or Limbs, Strictures, Pains in the Loins, Affections of the Kidneys and Bladder, Organic Weakness, Nervous Debility, Decay of the Physical Powers, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Stomach, Affections of the Head, Throat, Nose or Skin—those terrible disorders arising from the indiscretion or Solitary Habits of Youth—those dreadful and destructive practises which produce constitutional debility, render marriage impossible, and destroy both body and mind.

YOUNG MEN.

Young men especially who have become the victims of solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talent and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

ORGANIC WEAKNESS

Immediately cured and full vigor restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Office No. 7 South Frederick street, Baltimore, Md., on the left hand side going from Baltimore street, 7 doors from the corner. Be particular in observing the name or number, or you will mistake the place. Be particular for *Ignorant, Trifling Quacks*, with false names, or *Paltry Humbug Certificates*, attracted by the reputation of Dr. Johnson, lurk near.

All letters must contain a Postage Stamp, to use on the reply.

DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.

Mentally, the fearful effects on the mind are much to be dreaded:—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, nervous and emaciated, have a singular appearance about the eyes, cough, and symptoms of consumption.

YOUNG MEN

who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school, the effects of which are slightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

effect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DR. JOHNSON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, Weakness of the organs are speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated who had lost all hope, have been immediately relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion of the most fearful kind, speedily cured.

TO STRANGERS.

The many thousands cured at this Institution within the last twelve years, and the numerous important Surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notice of which have appeared again and again before the public, *besides his standing as a gentleman of character and responsibility*, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, attacking the head, throat, nose, skin, &c., progressing on with frightful rapidity, till death puts a period to his dreadful sufferings by sending him to that bourne from whence no traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that *deadly poison, mercury*, ruin the constitution and make the residue of life miserable.

To STRANGERS.—The Doctor's Diplomas hang in his office.

Letters must contain a Stamp to us on the reply.

DAVIS AND WIGFALL IN THE FIELD

EINSTEIN'S REGIMENT IN VIRGINIA.

Fairfax Still in Possesion of the Confederate Troops.

WASHINGTON, June 19.

Speaker Allen and Hon. Albert J. Potter have succeeded in procuring a requisition for four additional three year's regiments from Indiana, to be raised in the southern part of that State. It is stated that almost companies enough to complete them are already raised and organized. Thus will Indiana have twenty regiments, which entitle her to a Major General, in which case Brigadier General Morris, now serving so gallantly with the three months volunteers, will probably be appointed to that position.

The War Department has also accepted, or authorized to be raised, four additional regiments from Wisconsin, and the same number from Iowa. One of these from the latter State to be cavalry, the rest infantry.

The two companies of the New York Seventy-first, who went to Port Tobacco, Md., several days ago, have returned to Washington. Although unsuccessful in their search for concealed arms, &c.; they obtained much valuable information for the government. The opinion is that a military company who had been drilling weekly in that neighborhood have gone to the relief of the Secessionists at Aquia Creek. It seems that Port Tobacco has been a head quarters for such recruits.

The steamer Mount Vernon to-day received orders to get under weigh immediately for some point down the river and to be well manned and ammunitioned. It is evident that the secessionists intend to interfere with the navigation of the Potomac, by erecting batteries on its banks.

The announcement is officially made to-day, that the President, in consequence of the pressure of public business, is obliged to decline receiving any visitors from this time until the opening of the session of Congress.

John Bradshaw, of Indianapolis, has been appointed a Brigade Quarter Master.

It is estimated that there will be five thousand additional troops here before Friday next.

The Richmond correspondent of the Charleston *Courier* says that President Davis and Wigfall were to take the field this week.

The Twenty-seventh Regiment of Pennsylvania Volunteers (Col. Einstein's German Regiment from Philadelphia) went over to Virginia to-day about noon.

ALEXANDRIA, June 19.

The reports relative to the occupation of Fairfax Court House by the Federal troops, are probably premature. A gentleman who left a town six miles this side this morning, reports all quiet there.

The Confederate troops were still in possession. The secession account of the affair at Vienna says that only thirty-four men were in charge of the guns, besides two companies of South Carolinians lying in ambush a quarter of a mile distant.

THE NEW JERSEY TROOPS.

Six Thousand Well Equipped Soldiers for the War.

TRENTON, N. J., June 19.

The three years volunteers from this State are still encamped at Camp Olden, three miles from this city. They are being drilled eight hours each day, and are supplied with an abundance of wholesome food. They seem perfectly satisfied with their quarters, although they are anxious to be sent to the seat of war.

Their clothing, consisting of shirts, drawers, trousers, great coats, socks, shoes, &c., will all have been distributed to them by Saturday evening next, excepting the uniform coat, which the authorities desire to hold them when the cold weather may demand its use.

The brigade have been supplied with the Sibley tent. New percussion muskets, smooth bore and bright barrels, of Springfield make, of 1847, have arrived here and with the necessary accoutrements will be given them before leaving.

The United States Government has not signified its desire that the brigade shall be supplied here with wagons, ambulances, &c. They will not be furnished by the State authorities unless they are requested to do so. It is the determination of Gov. Olden that these troops shall not move to the field of action until they are fully equipped. It is a matter of pride to Gov. Olden, Quarter Master General Perrine and Adjt. General Stockton, that New Jersey has been so prompt in so speedily bringing into the field 6000 well equipped troops. All the clothing and equipments are inspected by an army inspector.

The Telegraph.

KEPNER FENCIBLES.—A number of recruits arrived here yesterday to join the Kepner Fencibles of this city, now at Camp Curtin. Young men who intend going into service, and desire to be connected with a first class company, should join the Fencibles. The Captain is an experienced soldier and a courteous gentleman.

RECRUITS FOR MCMULLIN.—Last evening fifteen recruits from Philadelphia, under command of Mr. Wm. Haviland, arrived here en route for Virginia to join Capt. McMullin's Independent Rangers. There were two printers in the party, and the whole squad had the appearance of men who possess the will and the ability to fight bravely in defence of the flag that protects them.

THE BALLOON RECONNOISANCE.

On Tuesday afternoon the long promised balloon ascension for military purposes took place at Washington. The elevation attained was not very great, though it was perfectly satisfactory as an experiment. The æronauts were Prof. Lowe, Gen. Burns, of the Telegraph Company, and H. C. Robinson, operator. The balloon was connected with the War Department by telegraph. The first message ever telegraphed from a balloon was then sent to the United States by Prof. Lowe. It was as follows:

BALLOON ENTERPRISE, WASHINGTON, June 17.

"*To the President of the United States:*

"SIR:—This point of observation commands an area nearly fifty miles in diameter. The city, with its girdle of encampments, presents a superb scene. I take great pleasure in sending you this first dispatch ever telegraphed from an aerial station, and in acknowledging my indebtedness to your encouragement for the opportunity of demonstrating the availability of the science of æronautics in the military service of the country.

"Yours respectfully,

"T. S. C. LOWE."

Mr. Lincoln was very much pleased with the experiment, and indorsed it as certain ultimately to prove of great value in military movements.

Prof. Lowe made a second ascension this morning from the grounds of the President's House, in his balloon, and got a view of the rebel encampment at Fairfax.

THE CASE OF CHARLES H. COLE.—In a recent issue of the TELEGRAPH we noticed the arrest of the above-named individual, a son of Dr. Cole, of Baltimore, for "bridge burning and treason." It now appears that the report, which originated in the Baltimore papers, was unfounded. The father of young Cole, in a letter requesting us to correct the false report, says: "It would have given me great pain if my son had been guilty of treason against the government which is the pride of my heart." We cheerfully reprint, from the Baltimore *Sun*, the following correction:

CHARLES H. COLE.—A few days since, the arrest of Charles H. Cole, of Baltimore county, by the military at Cockeysville, was noticed, and it was said he had been taken to Fort McHenry, which was not the case. It now appears that Mr. C. was at Cockeysville, and made use of language offensive to the military, when Major Hay ordered his arrest. He was taken down to Melvale, where he was placed in charge of Col. Cameron. The father of Mr. Cole on Thursday visited the camp at Melvale. Without asking for his release, though he regretted the cause which led to the arrest of his son, Col. Cameron at once released him. There was no charge of treason against him.

SHARP LETTER FROM GOV. HICKS.

We print below the spicy letter of Governor Hicks, sent to the House of Delegates of Maryland, a few days ago:

STATE OF MARYLAND, EXECUTIVE CHAMBER, June 17, 1861.

Gentlemen of the House of Delegates:

In response to your order of this date, informing me that certain arms, shipped by the Adjutant General on board the schooner S. B. Nelson, were seized on the 14th of May by General Butler, and inquiring "whether said arms were seized with my knowledge and consent," "for what reason they are kept from the possession of Captain Moore and Company," and "whether any action on my part has been taken to cause said arms to be delivered up to the State authority, in order to be given up to Captain Moore?" I have to say:

To the first inquiry—That it is impertinent.

To the second—That I refer you to Gen. Butler for an answer.

To the third—That chapter 188 of the Acts of 1860 makes it the duty of the Adjutant General to distribute the arms in accordance with the requirements of the Code of Public General Laws, and that the inquiry should be addressed to him.

THOMAS H. HICKS.
