DR. JOHNSTON.

DR. JOHNSTON.

Dr. Johnson member of the Royal Estlege of Surgeons, London, graduatefrom one of the mest eminent Colleges of the United States, and the greatest part of whose lift has been spent in the Hospitals of London, Paris, Philadelphia and elsowhere, has effected some of the most astenishing cures that were ever known. Many troubles with ringing in the ears and bead when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derange ment of mind were cured immediately.

TAKE PARTICULAR NOTICE.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured them selves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy enterts preduced by early habits of youth, viz: Weakness of the Back and Limbs, Paius in the Head, Dimness of Sight, Loss of Muscular Power, Paipltation of the Heart, Dyepsia, Nervous Irritability, Derangement of the Digestive Functions, General Deblity, Symptoms of Consumption, &c. MENTALLY.

MENTALLY, the fearful effects on the mind are much to e droaded :-Loss of Memory, Confusion of Ideas, De-ression of Spirits, Evil Forebodings, Aversion to Socie-, Self-distrust, Love of Solitude, Timidity, &c., are some

of the cyl effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, norvous and emaciated, have a singular appearance about the eyes, cough, and sympms of consumption.

YOUNG MEN

who have injured themselves by a certain practice, in dulyed in when alone—a habit frequently learned from evil companions, or at school, the effects of which are sightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the daring of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a cortain secret habit. Buth persons must, before contemplating

effect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pligrimage; the prospect hourly darkens to the view; the four those, the prospect hourly darkens to the view; the d becomes shadowed with despair, and filled with the ancholy reflection that the happiness of another becomes blighted with our own.

DR. JOHNSON'S INVIGORATING REMEDY FOR OR, GANIC WEAKNESS.

By this great and important remedy, Weakness of the organs are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated whe had lost all hope, have been immediately rejeved. All impediments to Marriage, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion or the most fearful kind, speedily oured.

to strangers.

The many thousands cured at this Institution within the lest twelve years, and the numerous important Surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public besides has standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it toe often happens that an ill-timed sense of shame or dread of discovery detors him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, sc., progressing on with frightful-rapidity, till death puts a period to his dreadful suiferings by sending him to "that bourne from whence so traveler returns." It is a molancholy fact that thousands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that deadly poison, mercury, ruin the constitution and make the residue of life miserable.

CAPTAIN WARD'S REMAINS TO BE TAKEN TO NEW YORK.

Rebel States.

Washington, June 28. P. McQuillan, of Charleston, South Carolina, it is reported to the proper authorities, has been in New York making arrangements for sending both men and military equipments to the South. He has been also to, or was about to depart for, Europe, as agent for warlike supplies in the employment of the Confederate States. This morning he called at the State Department, with the passport of a British Consul, to obtain thereto the signature of the Secretary, in accordance with the war regulation of the department. He was requested to make a fill the secretary and the secretary in accordance with the war regulation of the department. for that purpose. He is in prison, awaiting further orders of the Government. Already practical measures of legislation are being prepared. Senator Wilson, it is under derstood, has been in consultation with Con gressmen as well as high officers of the government, and at an early day of the extra session of Congress will, as chairman of the committee on military affairs, introduce a series of bills proposing, first, to legalize the Executive action concerning the present defensive or warlike preparations; secondly, giving the sanction of law to the plan already announced for the permanent increase of the army; thirdly, retiring infirm and disabled army officers; fourthly, to organize from the militia a hundred regiments as a National Guard, to be all clothed and armed and the Zonave Captain, whose protracted abalike; fifth, to increase the number of cadets to the extent of sixty-eight, or to the two hundred millions of dollars to carry the defensive measures into effect. The above are

substantially the objects contemplated. Owing to the expeditious calling of so many troops into the field the Quarter Master's department has not been able to furnish uniforms so was engaged in picking cherries, and without as to immediately meet the demands. Measures have been taken, however, for adequate supplies at the earliest practical period.

fort and interests. Gen. Fremont probably arrived here to-night, as such was his intention.

The Adams Express Company were notified by the War Department late in May that it was intended to stop letter communication with seceded States. Orders were immediately given at all their offices to cease receiving letters. It was soon apparent that the only result of this movement was to start up numerous letter expresses of a character not easily reached by the authorities, and it was considered preferable to permit private and business letters to be forwarded through a responsible channel which the War Department, supplied them, went with

BLOCKADE OF THE MISSISSIPPI,

RICH PRIZES FOR PRIVATEERS

LOUISVILLE, June 28. A correspondence appears in this morning's paper between Gen. Buckner and the Quartermaster of the State Guards, being an attempt to prove that Collector Colton and W. P. Weller, the special agent of the Government here, had refused to allow supplies to the troops at

Columbus to pass by river or railroad.

Six hundred stand of arms and the necessary Letter Communication with the cartridges arrived here yesterday, and it is rumored that they are intended for the Union

men in East Tennessee. The Journal authoritatively denies that Colonel Rousseau is recruiting troops for the govrement. The Nashville correspondent of the Memphis Appeal, dated the 27th, says that the Legislature is endeavoring to conciliate East Tennessee, whose Commissioners, are at Nash ville, proposing to the Legislature a peacea-ble secession from the rest of the State. Their memorial will be presented on Wednesday. -

Harmony prevails at present, but a storm is expected vetore the end of the session. The blockade at this point, the same paper tinued. The same paper states that the India, China and English merchantmen will be rich
