SELLING LIQUOR ON SUNDAY .--- It is said that the keepers of certain grog-shops on Ridge Road continue to do business "on the sly," on Sunday. The police officers should watch these suspected institutions.

BANDS ENGAGED .- The committee of arrangements have engaged the services of the Union Band of Lebanon and the Brass Band of Hummelstown, for the parade on, Thursday next.-The procession will be a very long one, and one band was deemed insufficient. The military from Camp Curtin will be accompanied by martial music.

New FLAGS WANTED .- The flags which have been floating for a long time over some of our hotels and private buildings, look decidedly shabby, and should be replaced by new ones before the fourth of July. A large flag should also be placed on the cupela of our new and beautiful Court House, and one on the State Arsenal—the only military building in the city.

DISORDERLY FEMALES ARRESTED.-This morning four colored women, named respectively

Crabb, jr., of the State Capital Guards, was this morning sworn in by Alderman Kline as a second Lieutenant in the fifth regiment of United States Artillery, now being raised by Colonel Sherman, who arrived here yesterday for that purbook store, who has a large and varied stock pose. Lieutenant Crab is an intelligent young man, and a member of the typographical fraternity. He will soon qualify himself for the

position.

THE FIRE ON SATURDAY, which occurred about the time our paper went to press, resulted in Marshal. Members of sub-committees who the total destruction of Mr. John Lingle's carhave not yet made final report, are requested to penter shop, in River alley below Mulberry street, and a frame stable on the Female College lot adjoining. been liberated by the keeper of the prison.-These fellows deserved punishment, and we are the expiration of the term for which the Mayor committed them.

AN ITEM FOR HOUSEKEEPERS, -In hot weather it is almost impossible to prevent sinks becoming foul unless some chemical preparation is used. One pound of copperas dissolved in four gallons of water, poured over the sink three or four times will completely destroy the offensive odor. As a disinfecting agent to scatter around premises affected with any unpleasant odor, nothing is better than fine charcoal. All sorts of glass vessels and other utensils may be effectually cured from offensive smells, by rinsing them with charcoal powder, after the grosser impurities have been scoured off with sand and

soap. OUR NOBLE SOLDIERS .- Thousands of maternal hearts beat with quick pulsation at the latest news by the DAILY TELEGRAPH, for those brave sons whose outraged country has bid them go forth to stay the parricidal hands aimed at the salvation of human freedom. Our country ! Can we deem the natural expression of those natures weak, who drop a tear for the hardships and perils of those they love? Herr, delivered this afternoon, was an eloquent and patriotic effort, and seemed to give great satisfaction.— The party will continue until six or seven o'clock this evening. CAMP CURTIN.—There is now one seganized f regiment at Camp Curtin, and another will be formed this week. The men will be fully equipped in the course of a few days with uni-t forms of the best material. We noticed on the ground yesterday ten or twelve large field pieces, in excellent order, intended for the new artillery regiment to be raised here under the late order of the Secretary of War. Several of these pieces will be in the line of parade on the fourth of July. THE MICHIGAN REGIMENT, which encamped here for three or four days, received their arms on Saturday afternoon, and made a parade through the city in the evening, presenting a fine any part of the seganature of S. IMPORTANT FROM BALTIMORE STATRLING PROCEEDINGS !!

THE POLICE COMMISSIONERS ARRESTED AND SENT TO FORT M'HENRY.

PLOT FOR AN OUTBREAK.

PROCLAMATION OF GEN. BANKS

BALTIMORE. July 1.

Since two o'clock this morning startling proceedings have been going on here. Detach-ments of artillery and infantry were sent to various parts of the city, and are posted in Monu-ment Square, Exchange Place, the Eighth ward, Broadway and other points. Before daylight all the members of the Board of Police Commissioners, except the Mayor, were arrested and sent to Fort McHenry. Multidudes of rumors are afloat as to the cause of this sudden movement, but nothing definite is yet known. It is is said that a plot has been discovered of an intended outbreak.

General Banks has just issued the following proclamation :

HEADQUARTERS DEP'T. OF ANNAPOLIS, } Fort McHenry, July 1st, 1861. } In pursuance of orders issued from the head

quarters of the army at Washington, for the preservation of the public peace in this Depart-ment, I have arrested and do now detain in custody of the United States the late members of the Board of Police, Messrs. Chas. Howard, William Gatchell. Charles Hinks, and John W Davis. The incidents of the past week afforded full justification for this order.

The head quarters under the charge of the Board, when abandoned by the officers, resem bled insome respects a concealed arsenal. After public recognition and protest against the suspension of their functions, they continued their sessions daily upon a forced and unwar-rantable construction of my proclamation of rantable construction of my proclamation of the 28th ultimo. They declared that the po-lice law was suspended, and the police officers and men put off duty for the present, intend-ing to leave the city without any police pro-tection whatever. They refused to recog-nize the officers or men necessarily selected by the Provost Marshal for its protection, and hold subject to their orders, now and hereafter the old police force a layer body of hereafter, the old police force, a large body of armed men for some purpose not known to the Shelby, a distinguished Union man, just arrived government and inconsistent with its peace or from Texas, that a movement is on food government and inconsistent with its peace or from Texas, that a movement is on foot security. DESERTERS FROM THE REBEL CAMP.

Twelve Hundred Rebel Troops at Yorktown.

INTENDED ATTACK ON NEWPORT NEWS

FORTRESS MONROE, 1 P. M., June 30. VIA BALTIMORE, July 1. The celebrated steam gun arrived last night and Professor Lowe was expected to-day with his monster balloon to reconnoiter the position of the Rebels. The Union gun is not yet mounted.

Mr. Carneige, assistant of Thomas A. Scott arrived this morning from Washington, to superintend the erection of the proposed railroad and telegraph. It was originally intended to connect Fortress Monroe with Newport News by means of a submarine cable, but the line will extend overland via Hampton, and be in operation within a week. The railroad will be built to facilitate the transportation of stores at the Fortress to Hampton, and ultimately, it may be

hoped, to Yorktown. The gun-boat Mt. Vernon has just arrived from Newport News, with two deserters from the rebels and two prisoners, all belonging to the Louisiana Zouaves. The former came into camp at Newport News yesterday morning. They are intelligent Germans, and state that having been impressed into the service they escaped on the first opportunity. Most of the company to which they belonged serve unwil-

lingly. Their uniforms so closely resemble that of Dwyer's Zouaves that the deserters came into camp without being stopped by the guard.— In the least however long it may be contin-ued, and the ill effects of Bad Dyes remedied; the Hatr The other two were taken prisoners about five P. M., and were stragglers from a scouting party of 200 within three miles of Newport News. The four agree in the statement that an attack upon Newport News was intended the night before last and was only prevented

by the incessant rain. About 4500 men, including a strong body of cavalry, with some twelve pieces of artillery, advanced from Yorktown, where there are over 12,000 troops from Louisiana, South Carolina, North Carolina and Georgia. The cavalry is made up of the elite of Virginia, and exceed-ingly well mounted. The infantry is not well equipped, and provisions are scarce at York town.

The two prisoners were originally for New Yord and Boston. They were at Pensacola and the regiment having almost mutinied the men were paid five dollars each, the only money yet received by them. They then went to Rich-mond and lastly came to Yorktown. In conaquence of these movements of the enemy the Fourth Massachusetts regiment still remain at Newport News, and the Third Massachus etts and naval brigade still remain here.

A COHRESPONDENT of the Siecle Paris, the government organ of France writes from Tunis, Aiglers, as follows :--"Our college of Philosophers at home, may, and pro-bably do accomplish a great deal for the cause of sciences but the Americans are the people to turn these discover-ies to practical account. Many of the modern inventions, in use here are American and one American chemist, Dr. J. C. AYSE, of Lowell, supplies much of the medicine consumed is this country. RowDXISM.—On Saturday night officer Fleck arrested a young man for behaving in a very disorderly and riotous manner, while under the influence of liquor. Alderman Kline committed him to prison. We suppress his name this worthy citizens. Should he be arraigned hereduty to let his name appear in our report.

MORE MINNESOTA VOLUNTEERS .- Company A, of the first regiment Minnesota volunteers. Captain Alexander Wilkins, passed through this city on Saturday, en route for Washington. The company was out on the frontier when the regiment, which passed here on Tuesday evening, started for Washington, and did not return in time to accompany it. They are a splendid looking body of men, chiefly germans, and are fully armed and equipped.

THE NEW ARTILLERY REGIMENT. --- Colonel Sher man, of the United States Army, is now in this city, by order of the War Department, for the purpose of enlisting recruits for the new artillery regiment to be formed here. An office for this purpose will be opened in a few days. Col. Sherman is an accomplished gentleman and experienced officer, and will no doubt succeed in rallying around him a host of intelligent and active young men of the old Keystone, State for the artillery service.

DISCHARGES FROM PRISON .- Almost daily men are committed to prison by the Mayor and the various Aldermen, for ten or twenty days, and in the course of twenty-four hours 'they may be seen on the streets again. Whether these discharges are made by the keeper of the prison on his own responsibility, or by authority of the Inspectors, we do not know. In a recent letter to the Mayor on this subject, Judge Pearson distinctly stated that men committed for vagrancy, drunk enness and disorderly conduct, and similar offences, cannot be legally discharged before the expiration of their terms of commitment, except by a majority of the Board of Inspectors, in session at the time, after a caremanagement of the prison.

The review on Second street, in presence of Governor Curtin and thousands of our citizens, was a splendid

affair, and passed off with great credit to officers and men. At seven o'clock this morning the regiment left for Washington, having pre viously been supplied with ammunition.

PATRIOTIC SERMON .- The sermon by Rev Franklin Moore, last evening, in the Locust street Methodist church, on the subject of our present national difficulties, and the duty of all Christian men to sustain the Government in crushing out rebellion and enforcing the laws, is said by those who heard it to have been one of the most eloquent and patriotic delivered in this city since the commencement of the war. We learn that some gentlemen con-

template soliciting a "copy of the sermon for publication. PASSAGE OF TROOPS .--- Another New York regi-

ment passed through this city yesterday en route for Washington. The men were all armed and uniformed, and well officered. The military force in the vicinity of the Federal Capital now cannot be less than eighty or ninety thou sand. A Massachusetts regiment arrived here this afternoon over the Lebanon Valley Railroad, accompanied by a long train of baggage wagons, with all the necessary camp equippage. The regiment is composed of large and able bodied vankees, all armed and equipped, and anxious to meet the rebels on the field of battle. The regiment is fully equal, in every respect, to the other Massachusetts regiments now in Washington city.
