LATER FROM BALTIMORE.
The Military Occupation of the City. Rumored Arrest of the Mayor. Other Prominent Secessionists to be Arrested. MORE ARMS SEIZED.

The military still remain posted through the city. Col. Lyle's regiment and a detachment of Boston Artillery occupy Monument square; a detachment of Col. Morehead's regiment is near Greenmount cemetery; and a guard is also stationed in the Custom House. The latter is said to be to protect the large amount of specie there, designed for Washington, to pay the troops.

There have been rumors of an intention to arrest the Mayor, but they are incorrect, as no such design is entertained. It is rumored that other prominent secession leaders are to be arrested, but nothing definite is known. A small quantity of muskets have been found secreted at the Eastern Police Station, and search is still going on.

IMPORTANT FROM MISSOURI.
The Rebel Governor Surrounded. A REBEL PLOT FRUSTRATED. St. Louis, July 1.

Reliable information from Springfield says, that the Third Regiment, Colonel Sigel, and a part of the Fifth, Colonel Solomon, reached there Sunday last, and Colonel Brown's regiment, (the 4th Reserve Corps,) and a battalion of the Fifth, would arrive the next day. Colonel Sigel's regiment had just been sent to cut off Governor Jackson, who was last heard from at Stockton, with 2,000 men, only partially armed.

It is understood that the Kansas regiment has guarded all the outlets of Missouri on the border of Kansas and the Indian Territory, which with Col. Sigel's outposts west from Springfield, will entirely surround Jackson, and doubtless result in the capture of his whole force. J. P. Knott, Attorney General of Missouri is now a prisoner at the Arsenal.

LATEST FROM THE PLAINS.—THE PACIFIC TELEGRAPH.
St. Louis, July 1.
W. R. Stebbins of the Missouri and Western Telegraph, arrived here this morning with the following news: The various trains sent out by the Pacific Telegraph Company are progressing satisfactorily. The first few hundred miles section beyond Fort Kearney is being constructed rapidly. The advance trains of the Pacific company are probably by this time very near Fort Kearney.

Mr. Stebbins reports having met some 200 emigrant wagons bound for California and 400 to 500 going to Pike's Peak, many of the latter being freight wagons. The California overland emigration is much larger than it has been any year since 1857. The Overland Mail Transportation Company have doubled their stations, which are now numbered from twelve to fifteen miles apart and are prepared to make a steady business. They commence daily service to-morrow, the pioneer coach leaving St. Joseph at that time.

ANOTHER SKIRMISH NEAR THE CITY.
Two Zouaves and Five Rebels Killed. Extent of the Federal Army. PROCLAMATION BY GEN. BEAUREGARD. CLERKSHIP OF THE SENATE.

Reports have reached the city from good authority, stating that a skirmish took place across the river during last night, between the Federal Zouaves and the rebels, in which four or five of the latter and two of the former were killed, and several wounded. Gen. Beauregard has issued a proclamation announcing that after to-day no one shall enter or depart from his lines without a pass from the President of the Confederate States.

A high officer of the Government declares that the relations of our Government and Great Britain were never more amicable than they now are. The Government has discovered that rebel spies are in the habit of leaving the city by the Baltimore and Chesapeake Bay boat up the Patuxent river, and go thence into Virginia. The army of occupation, here and in the vicinity, is regarded as the largest body of men ever assembled on this continent.

LATE SOUTHERN NEWS.
Movements in the Rebel States. Louisiana, July 1. Col. Roseman's regiment will go into camp to-morrow. Recorders have been very successful. A company of artillery has been formed for the regiment.

Some Winkles, Grider, Mallory, Harding and Jackson members elect to Congress, left here yesterday noon, for Washington, via Cincinnati. The Tennessee Senate passed a resolution authorizing the Governor to take possession of a portion of the Nashville Railroad in this State. The House laid the resolution on the table, and also chartered the American Letter Express of Jenkins and McGill, of this city.

The proceedings of the East Tennessee Convention have been received here. All the counties of that portion of the State except Giles, were represented. The Declaration of Grievances quotes facts showing the right of free suffrage has been obstructed by the disunion Government; that they had been subjected to insults; that the flag of the Union had been torn down, houses suddenly entered; families insulted, women and children shot at by a mercenary soldiery, citizens robbed and assaulted, and in view of these facts, Resolved, That the action of the State Legislature by the passage of the "Declaration of Independence" and forming a military league was unconstitutional, and not binding upon loyal citizens; that, in order to avoid a conflict with our brethren, a committee be appointed to prepare a memorial, asking consent of the Legislature that the East may separate from the rest of the State.

FROM ALEXANDRIA.
More About the Late Skirmish. BRAVERY OF THE FEDERAL FIGHTERS. HEROISM OF A PENNSYLVANIA SOLDIER. Arrest and Discharge of Virginians.

A skirmish took place at Bowman's Ironworks on the Cheat river bridge, yesterday, between portions of the Fifteenth and Sixteenth Ohio and the East-Virginia regiments, and a company of rebel cavalry. The former were sent to protect the polls, and the latter mistaking their number attacked them, and were repulsed with a loss of several men. Among the Lieutenant of the company, sent to the aid of the Ohio troops, was John J. Jones, of the 15th Ohio, who was killed. It is reported that the rebels were then released on taking the oath of allegiance.

LATER NEWS FROM EUROPE.
ARRIVAL OF THE STEAMER ETNA. THE FIGHT FOR CHAMPAGNE. English Views of American Affairs. The Kingdom of Italy Recognized by France. SHIPMENT OF TROOPS TO CANADA. Commemoration of the Anniversary of Bunker's Hill. SUPPRESSION OF THE SLAVE TRADE. REVOLT IN NAPLES. Two Towns Taken by the Italians and Many of the Inhabitants Shot. SPAIN NEUTRAL IN THE AMERICAN WAR. A French Fleet About to Sail for America.

The steamship Etna arrived this morning, bringing 238,000 in specie. Her departure on the 19th ult. The political news is unimportant. The fight for the championship of England has taken place between Hunt, the St. Albans bridge infantry and Jim Maco. It lasted fifty minutes, when Maco was declared the victor, after only eight rounds.

The steamship Hammonia had sailed for New York with 225,000 in specie. The departure of the Great Eastern has been postponed till the 28th ult. The London Times opposes the shipment of troops to Canada, and says there is no special reason for it, and America is more likely to regard it as a challenge than a precaution.

The London Post defends the movement as a mere matter of routine and precaution. The troops were demanded by Sir Fenwick Williams. The special correspondent of the London Times writing from New Orleans, May 24th, says it is impossible to resist the conviction that the Southern Confederacy can only be conquered by means of a decisive and unrelenting struggle. The south proposes a termination to resist as long as they can command a man and a dollar.

In an article on the subject published in the La Patrie and copied by the Monitor, there is a paragraph which insinuates the belief that the southern States of America will succeed in establishing a separate republic. Hon. Geo. Frances Train gave a Union discourse at London, to numerous literary celebrities, to commemorate the anniversary of the battle of Bunker Hill. Non-intervention was generally approved by the speakers, but the sympathy was with the North.

An influential meeting had been held at the residence of Lord Brougham, relative to the suppression of the slave trade. The conduct of Spain was denounced, and the government recommended to suspend diplomatic intercourse with her while the trade continues. It was also resolved that the opportunity be taken to obtain the co-operation of the government of the Piedmontese States in the terms of the treaty to reconstruct Spain.

It is asserted that the recognition of the Kingdom of Italy by France is an accomplished fact, but there is no official announcement. A funeral dirge, in honor of Count Cavours, was celebrated at the Madeleine, in Paris. The Cabinet, Ministry and other men of note attended. The towns of Samarcand and Hergrano, in Naples, had revolted, and were taken by assault by the Italian troops. Many of the inhabitants were shot for having burned the houses of the Piedmontese. Both towns were subsequently burned.
