

Daily Telegraph

HARRISBURG:

Wednesday Afternoon, July 3, 1861.

TO ADVERTISERS.

The circulation of the DAILY TELEGRAPH is FOUR TIMES LARGER than any other daily published or circulated in this city, and therefore presents greater inducements for the patronage of advertisers than is offered to them through any other medium.

THE MORNING TELEGRAPH

Is issued every morning and contains THE LATEST TELEGRAPHIC DISPATCHES received during the night.

THE POST OFFICE will be open to-morrow from half-past seven to half-past eight o'clock in the morning, and three to four in the afternoon.

BLACK'S INFANTRY, of Pittsburg, will pass through this city on Friday evening en route for Philadelphia to join Col. Black's regiment.

FRIENDSHIP FIRE COMPANY.—The members are requested to meet at the engine house at seven o'clock to-morrow morning, fully equipped for parade.

ATTENTION! MOUNT VERNON.—A stated meeting of the Mount Vernon Hook and Ladder company will be held at the truck house, at eight o'clock this evening.

EQUIPMENTS ARRIVED.—We noticed several wagons bound for Camp Curtin last evening, loaded with boxes said to contain equipments for the volunteers. We may therefore expect to see a number of uniformed companies in the fourth of July parade to-morrow.

WHO IS THE OWNER?—A black oil cloth sack filled with clothing, and a crutch and cane, were picked up on Monday morning at the foot of Chestnut street, and taken to the Mayor's office, where they remain for identification.

THE OLD SOLDIERS.—The association of the soldiers of the war of 1812 will hold their annual meeting, for the election of officers, at Brant's Hall to-morrow morning at seven o'clock. After the parade a dinner will be served up in the hall on the second floor between one and two o'clock.

THE NEW BUTTON ENGINE.—The new fire engine ordered by the Good Will company arrived this morning. It is a second class machine, differing in some respects from the Citizen engine, but finished in the same elegant style, and calculated to throw a powerful volume of water.

MARK THE TRAITORS.—It is rumored that the "peace" men of this city, alias traitors, are secretly circulating petitions in favor of a compromise with the armed rebels of the south.

THE GLOUCCIERS.—The anniversary of American independence will be observed with more than ordinary pomp and circumstance in this city to-morrow.

ARRIVAL OF BANDS.—The Hummelstown Band will arrive this evening at eight o'clock, and the Lebanon Band at three o'clock to-morrow morning.

EXCURSION TICKETS are now issued over the Lebanon Valley and Reading Railroads, good until Monday next, affording our citizens an opportunity of enjoying a cheap and pleasant excursion to Philadelphia and seeing the sights on independence day.

RETURNED.—Capt. Campbell's artillery company returned from Bedford last evening, and went to quarters at Camp Curtin. The men are all neatly and substantially equipped, and on their march through the city presented a fine appearance.

FRAUDULENT SMALL NOTES.—Beware of one, two and three dollar bills on the Farmers' and Drivers' Bank of Waynesburg, Greene county, Pennsylvania. That bank has, as yet, issued no small bills, and all that are in circulation are forgeries.

NO PAPER ON THURSDAY EVENING.—For the purpose of allowing all hands in our office an opportunity of participating in the festivities incident to the celebration of independence day, the TELEGRAPH will not be issued to-morrow evening.

THE OLD COURT HOUSE BELL was sold at auction this morning, and purchased by the Citizen fire company for the sum of eighty-eight dollars. The bidding was quite spirited between the Citizen and Paxton boys.

FIREMEN'S FLAG RAISING.—A large and handsome American flag will be raised at half past seven o'clock to-morrow morning, over the truck house of the Mount Vernon Hook and Ladder Company, in Locust street.

SHADE TREES.—We are just now in the very season when the beauty and usefulness of the shade tree can be properly appreciated.

RAILROAD ACCIDENT.—This morning the baggage car of the main train bound east on the Lebanon Valley Railroad, was thrown off the track and upset a few hundred yards this side of Robeson station.

TO FIREMEN.—The firemen of Harrisburg are respectfully invited to participate in the ceremonies incident to the raising of an American flag over the truck house of the Mount Vernon Hook and Ladder company, at half-past seven o'clock to-morrow morning.

MILITARY TRAINING IN SCHOOLS.—Gymnastics have been introduced into many schools on the ground that the training of the muscle is almost co-equal in importance to the discipline of the mind.

ATTENTION, HIVERS!—The members of the Hope Hose and Engine company, No. 2, are requested to meet at the Engine house, (to-morrow) Thursday morning, at seven o'clock, fully equipped for parade.

PASSAGE OF TROOPS.—The twenty-fourth regiment of New York volunteers, from Oswego, passed over the Northern Central Railroad this morning en route for Washington.

THE FIRST CITY ZOUAVES paraded last evening in full uniform, made a fine appearance, and marched and drilled with the accuracy of veteran soldiers.

AMERICAN CEMENT GLUE.—We invite the attention of all our readers to the advertisement of Messrs. Johns & Crosley, New York, in another column.

CLOSING OF STORES.—It affords us pleasure to announce that our merchants and shopkeepers generally have determined to suspend business to-morrow, to enable their clerks to participate in the festivities incident to independence day.

RELIQION AND PATRIOTISM.—Bishop Bowman has issued a circular to the Episcopal clergy of Pennsylvania, recommending that they should have prayers at their different places of worship on the fourth of July, in behalf of the government, and for a speedy return of peace and union within our borders.

THE PATRIOT AND UNION of yesterday contained a gross and unwarrantable personal attack upon Russell Errett, Esq., the clerk of our State Senate.

THE COMET.—A friend who had the pleasure of viewing in the northern heavens this morning, from two to half-past three o'clock, the comet which has been described as passing in the direction of the constellation of the Great Bear, informs us that it was not quite so large or brilliant as the last that appeared in nearly the same portion of the heavens.

SHADE TREES.—We are just now in the very season when the beauty and usefulness of the shade tree can be properly appreciated.

RAILROAD ACCIDENT.—This morning the baggage car of the main train bound east on the Lebanon Valley Railroad, was thrown off the track and upset a few hundred yards this side of Robeson station.

TO FIREMEN.—The firemen of Harrisburg are respectfully invited to participate in the ceremonies incident to the raising of an American flag over the truck house of the Mount Vernon Hook and Ladder company, at half-past seven o'clock to-morrow morning.

MILITARY TRAINING IN SCHOOLS.—Gymnastics have been introduced into many schools on the ground that the training of the muscle is almost co-equal in importance to the discipline of the mind.

HAIL COLUMBIA.

Hail! Columbia, happy land, Hail! ye heroes, heaven-born band! Who fought and bled in Freedom's cause, Who fought and bled in Freedom's cause, And when the storm of war was gone, Enjoyed the peace your valor won.

Immortal patriots, rise once more! Defend your rights, defend your shore! Let no rude foe, with impious hand, Invaide the shrine where sacred lies, Of toll and blood, and well-earned prize; Of toil and blood, and well-earned prize.

Sound, sound the trumpet of fame! Let Washington's great name Ring through the world with loud applause! Let every clime to freedom dear, Listen with a joyful ear!

Behold the chief who now commands! Once more to serve his country stands! The rock on which the storm will beat; The rock on which the storm will beat.

DECLARATION OF INDEPENDENCE OF THE UNITED STATES OF AMERICA.

In Congress, at Philadelphia, July 4, 1776.

When, in the course of human events, it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident—that all men are created equal; that they are endowed by their Creator, with certain unalienable rights; that among these are life, liberty and the pursuit of happiness.

We have refused his consent to laws, the most wholesome and necessary for the public good. He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended he has utterly neglected to attend to them.

He has refused to pass other laws, for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature—a right inestimable to them, and formidable to tyrants only.

He has dissolved representative bodies, at places unusual, uncomfortable and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative bodies repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of annihilation by the Governor, refused to acquiesce in a total suspension of the Government.

He has erected a multitude of new offices, and sent hither swarms of new officers to harass our people, and eat out their substance.

He has kept among us, in time of peace, standing armies, without the consent of our legislatures.

He has affected to render the military independent of, and superior to the civil power.

He has combined with others to subject us to a jurisdiction, foreign to our constitution, and unacknowledged by our laws; giving his assent to their pretended legislation.

A CARD TO THE LADIES.

DR. DUPONNO'S GOLDEN PILLS FOR FEMALES. These pills have been used by the doctors for many years, both in France and America, with unparalleled success.

These pills have been used by the doctors for many years, both in France and America, with unparalleled success. They are used by many thousands of ladies who used them, to make the pills public for the alleviation of those suffering from any irregularities whatever.
