DISKASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has: imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery determing from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, so, progressing on with frightful rapidity, fill death puts a period to his dreadful sulferings by sending him to "that bourne from whence no traveler returns." It is a melanchely fact that thousands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that deadly poison, mercury, rula the constitution and make the residue of life miserable.

UNION FURNITURE DEPOT.— Every head of a family has a house to furnish, and, no matter whether rich or poor, every one wants the best Furniture his or her money will buy, and every heme can be WELL FURNISHED if the money intended for that purpose be carefully expended.

The safest way to purchase is to gend an order to a fair dealing firm, who have the facilities to manufacture and fair the lowest prices. But no matter how honest a firm may be, unless they have the best machinery te manufacture and the trade which will enable them to make large purchases of stock and materials at the lowest prices, it is folly to expect them to sell as lew as a larger establishment. The "UNION FURNITURE DE FOI?" combines, perhaps, the greatest advantages to be found any where by housekeepers; its extensive ware rooms, which occupy a front of Sixty feet on Second street, with one sundre feet in depth and sixty feet on Race street, with any entry five feet depth, are well stored with an assortment of the best made FURNITURE, of the latest and best styles, which cannot fail to satisfy any family want in that direction. Mesers, GOULD & CO., the proprietors, have every manufacturing facility known to the trade, and any order entrusted to them, whether a single article or a general assortment, at whole sale or retail is sure to be filled at the lowest price for which the same articles can be procured anywhere, and for much less than is paid at some places. There is some satisfaction, too, when sending orders to them, to know that you have a lair dealing firm to transact business with.
