BRUTAL ASSAULT .- A colored man named John Prime was assaulted by a soldier from Camp Curtin, and one or two other persons. They struck him with stones inflicting a severe wound on his head, from which the blood flowed profusely. Prime made information before Alderman Kline, who issued warrants for the arrest of the assailants, none of whom have yet been captured.

The latter is said to be a sober and orderly citizen. John Stigler, and not John Dengler, was one of the party arrested and bound over to answer a charge of riotous conduct.

DESERTERS. -Two privates of company B, Capt. A. E. Lewis, were arrested at York, on the charge of having deserted from their company now stationed at Camp Curtin. Their names are Henry Robinson and George Lafayette. Lafayette was arrested on Saturday night, and Robinson at three o'clock on Sunday morning in a barn about three miles in the country. They were brought to this city yesterday morning, and delivered over to their officers.

CAMP CURTIN, July 8, 1861. The undersigned, Colonel Commanding the 6th regiment of the "Pennsylvania Reserve Corps,"on behalf of company F, of his command, acknowledges the receipt of a full set of "Havelocks" for that company, made and presented by the ladies of Kishacoquillas Valley, Mifflin county. The practical value of the gift cannot fail to be estimated; and the knowledge that fair hands have so immediately busied in providing for their comfort will be gratefully re membered by the soldiers amid the hardships and exposure inseparable from the service they have voluntarily entered for the defence of the

Instead of that peaceful Union under which

we have so long prospered, naught is heard throughout this broad land but discord and distraction, the gathering of armies, the clashing of arms and the roar of battle. Treason has destroyed our nationality, and the traitors have derided our national anniversary, insulted and discarded our national banner, ridiculed our national songs and airs, claim no portion in our national history, and even proclaimed that the olorious and world admired instrument by which the founders of the republic declared that we were free, sovereign and independent of the British crown, was nothing but a glossory of glittering generalities, false in principle, false in history, and false in fact. Under all this injury and insult the general government ex-ercised the most christian forbearance, until forbearance ceased to be a virtue. The measure of the traitor's cup of iniquity is full; thenorth-ern States have arisen in their might as one man, and a few short months will behold the model republic again composed of a firm and united people, great in their power, their num-bers and their unity; and we have a firm conviction that with the aid of a propitious Heaven and the arms of our brave soldiers. the next national anniversary will see this most toul and unnatural rebellion suppressed, all opposition to the laws overcome, the States living together in unity, peace and concord, and the traitors who have advised, planned and instigated this cruel and unjustic manufacting the merited

SHOOTING AT AN OFFICER-NARROW ESCAPE .-This morning Chief Radabaugh and officer Wickert visited the sixth ward to arrest a ger man named Henry Berrier, for drunkenness and riotous conduct. The latter made violent resistance and discharged a large horse pistol at Mr. Radabaugh, a portion of the contents of which-a heavy charge of buck shot-passed through the crown of his straw hat! Finding that the shot did not take effect, Berrier then attempted to knock Mr. Radabaugh down with the pistol, but while in the act officer Wickert struck the ruffian on the cheek with a stone, breaking his jaw and bringing him to the ground, when he was secured and iron bracelets placed upon his wrists, put into a wagon and conveyed to the lock-up. Berrier is a large able bodied german, and a desperate man when intoxicated. Had he shot a couple of inches lower, the Chief of Police would have been very seriously if not fatally wounded. Several persons who witnessed the affair were called upon to assist the officers, but refused to do so. A hearing of the case will take place before the

All receipts and other papers have been placed by the committee in the hands of the Mayor, where they can be examined by any one disposed to learn the details of their acts. PRESENT TO SOLDIERS .--- This morning Kepner Fencibles, Capt. Wilt, were presented with seventy-eight neatly made havelocks, and the same number of needle-cases, provided with needles, pins, thread, buttons, &c. The havelocks, which are the neatest and most substantial we have seen, were furnished by Mayor Kepner and lady, and the needle-cases by a number of patriotic ladies of our city. These are the kind of articles that soldiers can appreciate, and the Fencibles were highly pleased with their presents. The presentation was made by Mayor Kepner in person, and the boys gave several hearty cheers, clinched with a "tiger," for the generous donors.
