Saturday Afternoon, July 13, 1861.

THE CITY TOMBS contained some lodgers last night, but what disposition was made of them we are unable to state, the Mayor declining to give us the information solicited. We presume the offenders were of the class usually arraigned before His Honor, street drunkards and vagrants.

CAPT. W. HARVEY BROWN, of this city, assigned to the fourteenth regiment United States Inpartry, (regular service,) which is ordered to jendezvous at Fort Trumbull, is now at New London on his way to that station. Harvey is a good fellow and will make an excellent officer.

REV. I. R. GATES, of Williamsport, was in ed for that position.

More Troops. -The New York thirty-fifth regiment passed through this city at noon to day en route for Washington. The men are armed with muskets, and equipped in United States uniforms. A full corps of drummer boys accompanies the regiment. Another New York regiment, now on the road, will reach here some time this evening.

PULLED AGAIN. -In our last issue we reported the arrest of a Philadelphia soldier, in connection with others, for abusing a horse and breaking a wagon belonging to Mr. Locher. The fun" proved rather expensive, as the participants were obliged to pay damages to avoid going to prison. Robert, failing to profit by the lesson taught him on that occasion, was again before Alderman Kline last evening for drunkentess and disorderly conduct, and went to prison. Another soldier, named James Williams, was put up for the same offence.

THE RETURNING VOLUNTEERS -A number of patriotic ladies in this city are busily engaged in making preparations to welcome our gallant volunteers on the day of their return home. The mainteature of the reception, so far as the ladies are concerned, will be a sumptuous banquet served up in Capitol Park, and the singing of "Heme Again" and the "Star Spangled Banner" by twenty or thirty little girls. From pres nt indications the boys will get the "biggest feed" on that occasion which they have indulged in since leaving Harrisburg. It is expected that they will return about the 20th of this month.

A LOVER IN PERIL.-A few nights ago a friend of ours, whose suburban residence is half hidden in a little forest of shrubbery and shade trees, shortly after midnight heard the soft tread of steps down the garden walk, and looking out saw a human figure winding softly around toward the gate. This was a very improper or at least suspicious hour, for a stranger to be prowling about his house, and to ascertain the meaning of the intruder's presence, our friend commanded him, in a loud voice, to stop or tell his business there. But no answering voice came from the departing figure. Our friend then raised his rifle and fired at the man, half seen among the leaves and branches. The shot, instead of bringing him to a halt, only frightened him into a swifter retreat. It subselate visit.

MILITARY PRINTERS HAVING THEIR JOKE. -A delegation of printers from the Twentieth Ohio regiment, now stationed at Fairmont, Va., have taken possession of the True Virginian printing office, in that town. Their first leading article was an invitation to the late editor, to come back -thus

' Men with military trappings now occupy the identical chair in which your peaceful body once sat. They write Union articles with your seesesh' pen; they drink Union whisky out of your old bottle, Drinkard; and the devil wears vour cont; and the pike you kept as a relic of John Brown at Harper's Ferry, the boys use how to cut your rules, and the paper and ink you prepared for secession purposes are now used to print army blanks upon. O, Drinkard! you ought to be here. How can you stay away? Your types are set up for Union articles; your press prints them. And more than this, the Stars and Stripes float from your window; and we all know, from the files lef. in your sanctum, that this doesn't suit you. Come back, then, and take possession. Bring all your friends-Henry A. Wise, John Letcher, and the restwith you.'

THE BOOK OF PSALMS. - One of our religious exchanges, alluding to the Book of Psalms as and received, 480,610 illustrated by and adapted to the present times, "How sublime a liturgy for the war have we in the book of Psalms. The battlesongs of Homer can not stir our souls for the the same effect in later times. But the Psalms the printing office made to do loyal work. The are not for David, Palestine, Israel, alone. They speak to the heart of universal man. They exalt not kings, nations, governments,

Rev. T. H. Robinson will preach a sermon to church, Walnut street, near Front, to-morrow o'clock in full uniform, for parade and drill, The Original and Best in the World evening at six o'clock.

WEST HARRISBURG M. E. CHURCH.—The usual services will be held in this church to-morrow. Paul would know '-for the evening, "What no comment—it speaks for itself: Moses would not do." The Sacrament of the Lord's Supper will be administered at the close of the evening service.

A GOOD EXAMPLE.-The Fourth New Jersey regiment, at Washington, were paid off last bear witness that better treatment in camp, week, and the men, instead of squandering and by the citizens of Harrisburg, never can or their money in riot and licentiousness, sent it ought to be looked for by soldiers anywhere; home to their families.—Exchange Paper.

A great many of the soldiers at Camp Curtin instead of saving or sending their money home, squandered it for whiskey, upon which they got drunk and disgraced themselves.

THE CASE OF PATRICK BURNS. -- A few days ago REV. I. R. Gates, of Williamspore, we noticed the arrest and binding over for trial Best quality of English Gingham from 12½ to this city last evening en route for Washington, we noticed the arrest and binding over for trial Best quality of English Gingham from 12½ to Calbath and add of Patrick Burns, fireman at the State Lunatic 25 cents. Beautiful assortment of Dress Goods where he expects to spend the Sabbath and ad. of Patrick Burns, fireman at the State Lunatic dress several of the regiments. It is probable Asylum, charged with stealing and selling a lot that Mr. Gates will be appointed a Chaplain in of old copper and brass. The boy subsequently the army, and a better man could not be select- stated that his employer, Wm. McKibben, engineer at the Asylum, had induced him to sell the articles and received a share of the proceeds. Yesterday the father of Burns had McKibben arrested as an accomplice, and Alderman Peffer bound him over to appear at the next court for trial.

> dier named James Valiant, belonging to the Wavne Guards of Philadelphia, was shot near the military store house. It appears that a of the best Calico ever sold for 61 cts. 50 guard was sent to the city to arrest and take to pieces Broche Bordering very cheap. A large camp all drunken stragglers, of whom this man was one. After his capture he broke away from the guard and attempted to make his escape when one of them fired at him while running, the ball taking effect in his leg, inflicting a severe wound, and bringing him to the ground. The man was conveyed to camp where the ball was extracted. The wound is not considered dangerous, although it will disable the man for duty for several days.

A GOOD APPOINTMENT.-Mr. Wm. A. Tarbutton, of this city, has been appointed Drill Master at Camp Curtin, with the pay of a captain, and entered upon his duties this afternoon. Mr. Tarbutton has had much military experience, and we have the authority of competent judges for saying that he is admirably qualified for the position. It affords us sincere pleasure to announce his appointment. Major General M'Call has done himself credit, and the service a great benefit, by the selection of so estimable and competent a gentleman. We learn that Major Hershberger, who is succeeded by Mr. Tarbutton, voluntarily absented himself from his official duties and went away with the fifth regiment.

AN Ex-Constable in Prison. -- Some weeks ago George Garman, former constable of the fifth ward, was arrested on a charge of larceny, at the instance of Mr. Snyder, a lager beer seller. Mr. George S. Kemble went security for his appearance at Court. Recently Garman enlisted in the Kepner Fencibles, and Mr. Kemble fearing that the company might be called into service before term-time, yesterday surrendered Garman, who was committed to prison. The circumstances connected with the larceny are as follow: A girl who was stopping with Snyder stole a considerable sum of money out of his bureau drawer, and Garman volunshot, instead of bringing him to a halt, only frightened him into a swifter retreat. THE KOORDENT OF HEALTH.—This busy nation of Americans have 12,000,000 working peuple, whose services may be estimated at \$2 a day, and their annual loss by sickness at an average of ten days each in the year.—This gives a total loss of \$240,000,000 a sum three times as large as the whole cost of the General Government indiculing the Army, Navy, Post offices, Legislitors, Foreign Ministergand all. The amount weighs over six hunred tons in pure gold.

A large proportion of this costly suffering might be a verted by attention to dies, cleanliness, and above all, by the proper use of the right remedy in season.
