NEW RYE. -- We have on our table a specimen of the new rye grown upon the farm of Mathew N. Mitchell and Isaac Nace, in Halifax township, Dauphin county, one head of which contained one hundred and eighteen full grown grains. If any of our farmer friends can beat this, it will afford us pleasure to announce the fact. The grain crops of this county never were better than they are the present season.

THE CITY TOMBS contained nine occupants last night, all drunken volunteers from Camp Curtin. Alderman Kline held Mayor's Court this morning, in the absence of Mr. Kepnerwho is ill, and discharged the soldiers upon promise that they would leave immediately for the camp. Two failed to keep their promise, for we saw them staggering out of a beer shop in less than two hours after their discharge.

ANOTHER MILITARY COMPANY .- Our rural friends in the vicinity of Locust Grove have formed a volunteer company, which meets every Saturday afternoon for drill, under the instruction of Mr. John J. Ball, of this city, an accomplished military tactician. The company was organized for home guard purposes, but its patriotic members will no doubt promptly enlist for the war should their services be required by the government.

THE DOG LAW.-Complaints have recently been entered against twenty-one dog owners for permitting them to run at large without muzales. The parties will be arraigned for a hearing as soon as the Mayor, now suffering from an attack of typhoid fever, recovers sufficiently to resume his official duties. A portion of the fine imposed in every case of violation of the dog law goes to the informer, and the balance into the city treasury.

THE ROBERTS GUARDS continue to meet regularly for drill exercise, and are making rapid progress in the acquisition of military knowlbeen adopted and are now being manufactured. We learn that it is the intention of the company to make a tender of their services to the government, as soon as the requisite number of love-making, doctoring, pettifogging and preachthe right kind of men can be obtained. This crack corps now numbers about sixty members, all of them sufficiently well drilled to go into immediate action.

To DESTROY ANTS.—In some gardens the ants of remedy has been resorted to without effect, ing their entire dislodgment. They are sometimes very destructive to a garden, and especially to flower borders. A good remedy is simply now transpiring on the "sacred soil." to dig out a portion of the ground infested by them, build a fire in the excavation, and allow do so, we are sure to be heartily thanked by many for printing it.

By strenuous efforts the child was saved and is now doing well.

THE THING GOES ON .- Somehow, the thing goes on, despite hard times and the war, and the general stagnation. When we say the thing, we mean life—the great tide of earthly edge, under the effective instruction of Dr. affairs—eating, drinking, buying and selling, Roberts and Mr. John J. Ball. IS THE ONLY KNOWN REMEDY FOR Rheumatism, Gout and Neuralgia

#### AND A SURE CURE FOR All Mercurial Diseases.

It is a conveniently arranged Band, containing a media cated compound, to be worn around the Waist, without injury to the most delicate persons, no change in habits of living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of powerful internal medicines which weaken and destroy the constitution, and give temporary relief only. By this treatment, the medical properties contained in the Band, come in contact with the blood and reaches the disease, through the pores of the skin, effecting in every instance a perfect cure, and restore the parts afflicated to a healthy condition. This Band is also a most powerful Arri-MexCHAL agent, and will entirely relieve the system from the permicious effects of Mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy in aggravated cases of long standing.
