The Republicans have determined not to call a convention for the nomination of candidates for local officers until Sepan unusually quiet state of affairs and no Prothonotaryship, the term of the present inpresent year. FATAL ACCIDENT AT DAUPHIN.—A sad accident happened yesterday morning, about eleven o'clock, to one of the workmen employed on the Northern Central Railroad bridge which crosses the Susquehanna near that place. It appears that Mr. George Poffenberger, the per-Ballroad, had his leg broken between the knee son who was killed, was engaged in screwing and ancle, while endeavoring to replace some up timbers on the bridge, when a piece of timber, accidentally dropped by a person working above him, struck him on the head, and killed pieces of Grey Goods at 10, 121 and 20 cts. 100 dozen Linen Pocket Handkerchiefs for 3, 5 and 6 cts. den and violent death.

These were furnished by our State authorities to-day, and the regiment will leave for Washington this evening. A finer-looking set of men never sported uniforms or handled muskets. They are equipped in a style similar to the other regiments from Wisconsin which have preceded them to the seat of war.

RUFFIANISM.—This morning a soldier named RUFFIANISM.—This morning a soldier named Israel Stringfellow, a member of the Carlisle Infantry, now absent from Camp Wayne on furlough, was arrested for ruffianly conduct at the Bomgardner House. It appears that the fellow "spread" himself in the hall leading to the dining room, and when requested to get up and go away, became excited and assaulted the bar-keeper. Mr. Bomgardner interfered, when Stringfellow made a rush at him with an open third, swearing that he "would cut his d—n dutch heart out." JOHNS & CROSLEY'S

47 Well Street, New York, Dec. 20th, 1858.

GRETLEMEN: Your note of the 15th linet, has been reclieved, saying that you had heard that I had been benefited by the use of Weol's Hair Restorative, and requesting my certificate of the fact if I had no objection to

I award it to you cheerfully, because I think it due.--I award it to you cheeriully, occause I think it due...
My age is about 50 years; the color of my hair abourn, and it climed to carl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its senticility and dandraft to form upon it. Each of these cleagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me baid.

In this unplessant predicement, I was induced to tree.

failing off the top of my head and threatoning to make me baid.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the fabling off of my hair, for I had realy no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to fast after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and seasibility to the scalp, and dandruff ceased to farm on my head, very much to the graiffication of my wite, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all hubands who value the dimiration of their w.v.s to profit by my example, and use tif growing gray or getting baid.

Very respectfuity, BEN. A. LAVENDER.

To J. Wood & Co., 444 Broadway, New York My family are absent from the city, and I am no longer at No. 11 Carrol place.

Stamaston, Ala, July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIO its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at leat this is my experience—Believe It all!

Yours truly, WM. H. KENEDY. Believe it alt! P 3.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercary a strong Southern paper.

WOOD'S HAIR RESTORATIVE.

PROP. O. J. Wood: trear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1881, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.
