HARRISBURG, PA. Thursday Afternoon, August 1, 1861

THE Dog LAW .- Two more citizens were ar raigned before the Mayor last evening for vioagainst a number of others for the same offence.

Nuisance.-Mr. James Espy was before the Mayor last evening charged with maintaining a nuisance, in the shape of a filthy hog pen, or his premises. He was fined the usual amount. Similar nuisances exist in other sections of the city which should receive the attention of the Chief of Police and his assistants.

His Condition.—It affords us much pleasure to announce that Mr. Ellis Lewis Eck, of the Cameron Guards, who was brought home seriously ill, is now gradually improving, and that for the seat of war. hopes are entertained of his speedy recovery. He is lying at the house of Lieut. George W. Davis, where he receives the kindest attention and most judicious nursing.

ROBBED ON THE CARS -Mr. Benjamin Buch, a robbery was committed between Lancaster and Downington, on the Pennsylvania Railroad. on the Lancaster county Bank, including seventy-five fives, three fifties, and the balance in ten and twenty dollar bills. The rest of the money was in small notes on different Pennsylvania banks. Mr. Buch being a poor man, the loss falls very severely upon him.

Justice Beader thereupon formally committed Corcoran for trial. We presume the case will be disposed of at the August term

GONE HOME.—The second Michigan regiment, which made such a noble fight at Bull Run, and lost a large number of men, passed through this city last evening homeward bound. Three hospital cars were attached to the train filled with sick and wounded men, to the number of one hundred and forty. During their brief stay here some of the men related many stirring incidents of the great battle, which were listened to with interest by crowds of citizens who gathered around the returning heroes, anxious to glean additional information with regard to that engagement and the unaccountable "panic" which seized our troops when just on the eve of vic tory. Many of the men expressed a determination to re-enlist for the war immediately on their return home.

The fifth New York regiment, composed principally of German citizens, arrived here this morning from Harper's Ferry en route for home, their term of enrollment having expired.

THE MASSACRUSETTS THIRTEENTH. This splendid regiment passed through our city last evening en route for Harper's Ferry. The officers and men, who represent the best society in it Boston and the surrounding towns, are intelligent and healthy, and in their feelings in reference to the war, they go forth a resolute body conscious of having a lofty cause for their their appearance in this city is intended as their fatigue dress; it consists of a dark blue loose be sent to them dark blue uniform coats, and intelligent correspondent: United States Rifle hats. Complaints have been made mers and gardeners in this region, whose corn and potato crops were languishing from the effects of drouth.

> PENNSYLVANIA ARTILLERY.—The commanderin-chief of the army has ordered all the available batteries of artillery now at Harrisburg and elsewhere in this State, to the line of the Potomac. Several batteries have already left for that destination. Capt. Campbell, for some time past stationed at Camp Curtin, has been entire artillery force now here will soon leave

The same course will be pursued with all the new regiments accepted from this State.

BACK AGAIN.—The regiment commanded by Colonel Simmons, of this city, returned last night from western Virginia. The men are in good health and spirits, as is also their gallant George Whittinger was before Alderman Kline commanding officer. This regiment, and that last evening, charged with striking his wife, of Col. SICK SOLDIERS.—Several of the returned volunteers are now lying sick in this city, most of them with typhoid fever. They are all under with a musket inflicted by John Corcoran, (the the care of private families, and could not be more tenderly nursed at home. Our physicians promptly respond to the various calls made upon them, and seem to take pleasure in doing all in their power for the relief of the suffering, soldiers, making no charge for professional services. Our highly esteemed friend Mr. Rowe, one of the editors of the Indiana Register, for several days the guest of the local editor of this paper. returned home last night, having almost entirely recovered from his late illness, superinduced by exposure during a three months' campaign in the service of his country.

> COMPLIMENTARY.—The fourteenth and fifteenth Pennsylvania regiments, with one of which the best ladies hose for 12½ cts. in town; brilliants, brill are to be paid off and mustered out of service. The American of this morning contains the following complimentary notice of these regiments:

The conduct of this large body of men has been marked by the strictest propriety and elicited general admiration, whilst our citizens in return have extended to them the most gen erous hospitality. The fifteenth on Tuesday morning favored our citizens with a regimental dress parade on the public square. The commander, Maj. Bradford, put the "boys" through various evolutions which were performed in a manner evincing a high degree of describing. Everybody was delighted with the performance and expressed the opinion that the fifteenth would have done some considerable damage if had had a show at the rebel forces at Winchester.

THE ELIZABETH SHOOTING AFFAIR.—The unfortunate affair which occurred near Elizawatchword. The uniform in which they made bethtown a few days ago, an account of which we printed yesterdag, has been variously reported by different parties. We find in the jacket, light blue pants and army cap. When Laucaster Express of last evening the following they have reached their destination there will version of the affair, furnished by a reliable and

They also have a complete camp equipage. One young man who goes with this regiment had just arrived from Germany two weeks since, where he had been residing for two years, and when, a week ago, the intelligence of the Bull Run affair arrived in Boston, he determined to rest no longer, and at once enlisted, and is now on his way to the once enlisted, and is now on his way to the field of battle. > SMALL Notes. - Statements have been made that a number of these have been counterfeited. This, we presume, is not correct, as our banks have no knowledge of any; and the Counterfeit Detector of this date has no notice of any.

In BLAST AGAIN .- The order of the Mayor suspending the liquor traffic was revoked this morning, and the rum mills are again in full blast. As a consequence crowds, of drunken men may be seen staggering along the streets, some of them riotously disposed. A few free fights occurred, but no violent breach of the dispatched to get ambulances and wagons for public peace has taken place up to the hour of the conveyance of ordnance and men, and the penning this item. It was the general desire that the drinking shops should be kept closed for at least one day longer.

> SPECIAL POLICE.—Several special police officers have been on duty the past week, to assist in maintaining order. Not one of them was visible in State street last evening, where a brutal fight took place between a Welshman and an Irishman, lasting fifteen or twenty minutes, and at one time threatening to culminate in a general riot. The combatants appeared in a state of almost entire nudity, and the whole affair was the most beastly exhibition we have ever witnessed on the streets of this city. The drunken pugilists fought twelve or fifteen rounds. and both left the field in a damaged and bloody Eitz, M
