EDUCATIONAL.
A CONTROLLING ELEMENT OF NA-
TIONALITY is the system of education. A coun-
try's prosperity as the welfare of a government
gives force to public opinion, that public opinion
should be enlightened. "Washington's Farewell Address" is
this and the people in general should be educated into
correct and familiar acquaintance with the nature and
principles of our government and civil institutions.
"OUR GOVERNMENT": An explanatory statement of
the system of government of the United States, as a MANU-
AL FOR SCHOOLS, ACADEMIES AND POPULAR USE, is a
work which, with proper historical notices, gives the
construction of the provisions of the Constitution of
the United States and of those of the several States, as
determined by judicial authority, or derived from stand-
ard writers, including some references to administrative
general system of government. It is free from specu-
lative opinions, conservative in its tendency, and calculated
to cultivate the love of our country. It has been used
as a text-book in the University of Pennsylvania, in
the Law School, and in the various Colleges of the
State and of the Nation, and is the property of
M. M'KINNEY, Harrisburg, Pa.

"OUR GOVERNMENT."
The unity of Government, which con-
stitutes you one people, is now dear to you. "Washington's Farewell Address." A nationality is
essential to the enduring prosperity of our country. True pa-
triotism must arise from knowledge. It is only a prop-
er understanding of our civil institutions that can induce
strong and settled attachment to their principles, and
impart ability for their maintenance.
