Daily Telegraph.

HARRISBURG, PA.

Tuesday Afternoon, August 6, 1861.

NEW CIDER.—Some of the farmers have commenced making cider, and this healthful and palatable beverage will soon again be offered for sale in our market.

VIOLATING AN ORDINANCE.—Last evening five citizens, residing in various localities, were before the Mayor, charged with maintaining nuisances in the shape of filthy hog-pens. They were all fined the usual amount.

ELECTION OF OFFICERS.—Captain Keim and Lieutenant De Witt, of the First City Zouaves, having resigned, a meeting of the company will be held this evening to elect new officers to supply the vacancies thus occasioned. We hear it rumored that Captain Keim has been appointed to a position in the regular service.

COMPLETED.—The three spans of the Northern Central railroad bridge near Dauphin, which were destroyed by a storm last spring, have been rebuilt and the track is again ready for the passage of trains of cars. The whole structure has been much improved and strengthened with additional braces, so as to prevent the recurrence of similar accidents.

A REVOLVER.—A regular female "revolver," named Cal. Harris, whose name has figured in our police reports almost weekly for two or three years past, was discharged from prison yesterday morning, and went back to that institution last evening, in a highly "obfuscated" condition, a disgusting spectacle to look upon. Alderman Kline committed her for thirty days. A large crowd of boys and soldiers formed her escort to prison.

MAN SHOT.—About two o'clock this morning a man came into the press-room of our establishment in a bleeding condition, and stated that he had been shot in the arm, but did not tell a satisfactory story as to how or where the affair occurred. Upon inquiry to-day we learned that the fellow was released from prison yesterday, having just served out a term for the crime of larceny. The probability is that he had resumed his old occupation, and received the wound while attempting to invade somebody's premises on a burglarious mission.

TROUBLE AT CARLISLE.—The two three months' regiments now at Carlisle had not been paid off up to last evening. Great indignation and excitement is said to pervade the ranks, and when our informant left the men were threatening to seize a railroad train, come to Harrisburg, and raise a general riot here. We presume the delay is owing mainly to the failure of the officers in making out their pay rolls promptly and accurately. It was the intention of the Paymaster to go to Carlisle this morning and commence payment, and we presume he did so; in which event we may look for the return of the Verbeke Rifles this evening or to-morrow.

EXECUTION OF ARMSTRONG.—Governor Curtin has declared his firm intention not to interfere with the course of the law in the case of Thomas J. Armstrong, convicted of the murder of Robert Crawford, and now in prison at Philadelphia awaiting execution, which will take place on Friday next. The prisoner still maintains his apparent unconcerned manner, and he makes no display of anguish at the near approach of the time at which he must pay the penalty of his crime. He expresses a wish that the Governor would grant him a respite; but he seems to entertain no hope of a pardon. He denies striking a blow or firing the shot which destroyed the life of Crawford.

RUFFIANISM.—A few ruffians who, by some means or other, smuggled themselves into the volunteer ranks, only to disgrace our soldiery, have perambulated the streets of this city for two or three nights past, in several instances entering private dwellings to annoy and insult the female inmates. One of these fellows met with a rough reception on Chestnut street the other night, and others should be treated in the same way. In these times, when the city is overrun with soldiers, some of them of the rowdy class, and we are without an effective police force to preserve the public peace and protect life and property, it is the duty of all citizens to adopt such self-protective measures as will guard their homes from invasion and their families from insult.

SICK SOLDIERS.—Several of the returned volunteers are lying sick in this city. They are comfortably quartered with private families, and receive kind attention and faithful medical attendance. One who died on Sunday morning was buried in the cemetery last evening. Two others, lying at the same house, are now in a fair way of recovery. Lieut. J. Wesley Awl, of the Cameron Guards, is now confined to his room by a severe attack of camp fever. We learn from Carlisle that considerable sickness prevails among the soldiers of the two returning regiments encamped at that place, and that several deaths occurred during the past week. A member of the Mount Joy company was buried there on Tuesday, and the remains of another sent home for interment.

THE HEATED TERM.—We are having a touch of the tropics. No pulse in the daylight air, no coolness in the darkness. The flowers scarcely get dew enough in the arid nights to keep them alive during the burning days. The eye of the lidless sun scorches all that it glares upons Cattle pant in the fields; dogs, with palpitating flanks, hang their tongues out to cool in the shadow of the door-yard trees; fat babies break out in "prickly heat" as if they had been sown with fire, and the crop was just coming up; drouthy flies drive even the gentleat horses to the verge of lunacy; all the biters and stingers of the insect world are in a state of preternatural activity and exasperation; drinks taken into the stomach are promptly returned—with a slight infusion of salt—through the undershirt.

A STATED MEETING of the Paxton Hose Company will be held this evening at eight o'clock. A full turn-out of the members is desired.

GOOD APPOINTMENT.—Mr. John P. Rutherford, of Swatara township in this county, has been appointed an Assistant Quartermaster in the regular army with the rank of Captain. This is a good appointment. Captain Rutherford is an honest man and will make an efficient officer.

SINGULAR THEFT.—A spring wagon belonging to Robert Reed, residing on the Jonestown road, was stolen recently and has not yet been recovered. The wagon was traced for a considerable distance through Fishing Creek Valley, but was ultimately lost, in the neighborhood of Dauphin. It is supposed that the theft was committed by some one well acquainted with the premises of Mr Reed.

ZOUAVE COMPANY.—Lieut. J. Wesley Awl, of this city, is raising a company to be attached to Colonel Goods's Zouave regiment. The roll is now open for signatures at the Walnut Street Exchange. Young men who desire to join this regiment cannot go into service under a more gentlemanly and efficient officer than Lieutenant Awl. Such is the testimony of all who served with him in three months' campaign.

GOING HOME.—Several more members of the first Minnesota regiment, who were wounded at the battle of Bull Run, passed through this city yesterday en route for home. All of them spoke in the highest terms of the gallant and heroic conduct of our former townsman, Lieut. Colonel Miller, who is now in command of the regiment, Colonel Gorman having been promoted to the position of Brigadier General. Should Colonel Miller's life be spared we predict that he will come out of this contest with as many laurels as any man of similar position in the service.

SANITARY PRECAUTIONS.—During the past summer the health of our city has been unusually good, and we hope the same blessing may be continued; yet this consideration should not induce a neglect of the means for the preservation of health. One of the most prolific sources of disease and death is the unwholesome miasma arising from decaying animal and vegetable substances, and other filth exposed to the heat of the sun. By a little care on the part of the authorities of the city this cause of disease could be almost entirely removed. At present, however, some of the alleys are in a filthy condition, and in many places the gutters are filled with stagnant water, covered with a scum of filth, and filled with decaying animal and vegetable matter, distilling the most noxious vapors under the action of the sun's rays. Some of the vacant lots are in this condition, and the consequence is that the air, especially at night, is burdened with the most offensive and unhealthy effluvia. Most of these causes could easily be removed, and a large amount of sickness and suffering prevented.

CAUSE OF BISHOP BOWMAN'S DEATH.—In our last issue we announced the decease of this distinguished Episcopal Bishop. We have since learned that it occurred under the following circumstances. He had started from Pittsburg on Saturday morning on the Allegheny Valley railroad to visit Butler, but the Pocatas (usually called Puckety) bridge being down, and a heavy slide on the road, the passengers were forced to walk around to make the connection with the train above the slide. The Bishop had walked about two miles when he fell dead, and his body was found some time after, face downward. The cause of his death is not certainly known, probably appoplexy or sunstroke. The funeral, to take place in Lancaster this evening at five o'clock, will probably be the largest ever witnessed in that city. A number of the Episcopalians of Harrisburg left at noon to-day to unite with their christian brethren of Lancaster and other towns in paying a last sad tribute of respect to the memory of their beloved and lamented Bishop, whose loss will be deeply felt by the church in this State.

WARFARE OF THE REBELS.—The rebels doat on poison! They should be well versed in the secrets of the Borgias, so as to graduate their potions according to circumstances. But wholesale poison is in their line. They seek no victims and exhibit no partiality. Officers and privates are alike to them. Death and removal is their only ambition. We have just read a letter, written by a soldier at Camp Weston, Virginia, in which the writer states that near the camp is a beautiful spring of living water. It flows as freely as the waters of heaven. The soldiers resorted to it, and drank like thirsty travelers. But there was evidently something wrong. They were made sick, not beyond the skill of physicians, but with all the evidences of mineral poison. Those who drank not were healthy; those who did, retched their *innards* as though the compounds of an ignorant druggist had been administered. The spring had evidently been poisoned by the rebels, and a guard was placed over it. The sick are convalescent, and ready to fight the traitors "or any other man."

MARRIED BY AN ALDERMAN.—Yesterday afternoon a "bold soger boy," accompanied by a gaily appareled and tolerably good looking female, visited the office of Alderman Kline and desired to be "spliced," which pleasing operation was promptly performed by the accommodating Alderman, and the twain went on their way rejoicing. The woman "had a beaux for a soldier who'd go," and she determined to accompany him. The names of the parties are Henry Charles Standish, of Chicago, Illinois, and Sarah Johnson *alias* Clara Chambers, of this city. Unfortunately for the bride, a short time after the celebration of their nuptials her lord was arrested for desertion from his regiment, and confined in the lock-up until this morning, when he was taken under guard to Camp Curtin. An interview took place in the lock-up between the new-made man and wife, the character of which we did not learn, no spectators being allowed to witness it. A very inauspicious commencement of the honey moon. The fellow will probably be dismissed from the service in disgrace, and return to his bride shorn of the flowing locks which she so fondly caressed only a few brief hours ago.

"THE POOR OLD MOTHER of Charles Wilkinson Vanderkist is anxious to hear from him. A letter to her from him, sent to the office of the *Pittsburg Dispatch*, would give her new life."

"ARMY REPORTERS."—Large quantities of cannon and munitions of war are passing southward every day by the Pennsylvania and Baltimore railroads. A splendid lot of rifled cannon went southward last night.

GOOD TEMPLARS.—A stated meeting of Washington Lodge, No I, I. O. of G. T., will be held at their hall this evening, at 7½ o'clock. An election of officers will be held, and a full attendance is requested.

A GOOD EXAMPLE.—About sixty of the business men of Warsaw have issued a paper which reads as follows:

Whereas, There can be in the present condition of our country, but two parties—"only patriots and traitors;" and

Whereas, Some of the citizens of Warsaw have sufficiently indicated by traitorous language their secession sympathies,

Be it resolved, That we deem it our duty to refuse such persons employment, support or patronage, in any shape or manner, and we will not countenance such persons in our social, public or private relations.

Amen! Amen! So mote it be, in Warsaw and all over the country.

DANGEROUS PRACTICE.—Every day and night drunken soldiers may be seen perambulating the streets armed with bayoneted and loaded muskets. The practice of permitting intoxicated and reckless men to leave the camp with loaded weapons is a very dangerous one, and should be reformed. If the officers in charge of Camp Curtin do not act promptly upon this hint, we shall feel it to be our duty to refer to the matter in such terms of censure as their official neglect and inefficiency deserves. If citizens are left at the mercy of drunken armed men by the military authorities, and obliged to resort to self protection, they will do it effectively and in their own way.

KEYSTONE REGIMENT.—We take pleasure in announcing the promotion of Major Peter Wise, of Williamsport, to the command of the Keystone regiment, recently accepted by the War Department, and now encamped at Philadelphia under marching orders. The regiment is about full, and the men will be substantially uniformed and equipped before leaving for the seat of war. Colonel Wise is a whole-souled gentleman, has the military knowledge and experience to constitute him a first-class commanding officer; and from our personal acquaintance with the man we feel safe in predicting that he will go into the field with one of the best drilled and most effectively disciplined regiments in the service, and come out with as many laurels as "any other man." The regiment will be mustered in and march in the course of a few days.

THE PICKPOCKETS continue to operate boldly and successfully in our city. This morning a gentleman was robbed on the cars in the Pennsylvania Railroad depot, of a purse containing one hundred and fifty dollars in bank notes. The thief managed to escape, and has not yet been captured. A stranger was arrested on suspicion, but the loser of the money stated that he did not answer the description of the thief, whom he thinks he would be able to recognize.

Since penning the above we learn that another gentleman was robbed of a leather wallet, while in the act of getting aboard the train. In this instance, however, the thief obtained no booty, the wallet containing no money, and only a few papers, of benefit to the owner alone. No doubt the thief is a confederate of the one who stole the hundred and fifty dollars.

GENERAL JEFFERSON DAVIS.—The Hon. Jefferson Davis, after the battle at Bull's Run, and his return to Richmond, he tells the assembled number that they had been successful, and the God of right was with them and would not permit the Northern hordes to desecrate the land of Washington. In his declamatory he put to shame the pirates of the gulf, and his duplicity made common sinners tremble. I think had one ounce of courage at that time marked his action, he would have got further toward Washington city than will be his fortune again (without it is as a prisoner.) While we speak of those things that are of vital importance to our whole country, it is no less a fact that individually and as a community, we are all interested in buying our dry goods at the lowest prices.—The place to do so is at the corner of Front and Market streets. URICH & BOWMAN.

WORTHY OF

Universal Confidence & Patronage.

FOR STATESMEN, JUDGES, CLERGYMAN,

Ladies and Gentlemen, in all parts of the world testify to the efficacy of *Prof. O J Wood's Hair Restorative*, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular or more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of the 15th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due—My age is about 50 years; the color of my hair auburn and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.

Very respectfully, BEN A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, New York

My family are absent from the city, and I am no longer at No 11 Carrol place.

Shamaston, Ala., July 20th, 1859.

TO PROF. O. J. WOOD: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the World its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience—Believe it all! Yours truly, WM H. KENEDY.

P S—You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the *Mobile Mercury* a strong Southern paper. W. H. Kenedy.

WOOD'S HAIR RESTORATIVE.

PROF O. J. WOOD: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer all the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON

The Restorative is put up in bottles of three sizes, viz: large medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.
