HARRISBURG, PA

Friday Afternoon, August 9, 1861.

THE UNION PRAYER MEETING will be held in the Presbyterian church, corner of Market square, to-morrow (Saturday) afternoon, commencing at four o'clock, as usual.

MAN KILLED. — Samuel Dunlap, a brakesman on the Pennsylvania Railroad, was instantly killed a few nights ago, at Derry Station, while in the act of coupling cars. His remains were conveyed to the residence of his parents at

LECTURE BY A LADY. -- By reference to our advertising columns it will be seen that Miss Lessier, of Pittsburg, who has been sojourning in this city for several weeks, proposes to deliver a lecture on "Our Republic," in the Methodist church, next Tuesday evening.

THE HARVEST HOME of the Cumberland County Agricultural society will be held on the fair ground near Carlisle to-morrow, commencing at eleven o'clock. A large turn-out from the rural districts is anticipated. Farmers, above all other people, have reason to be thankful

BARN BURNED .- On Tuesday evening last the barn of our friend Dr. Jacob Shope, near Hummelstown, was consumed with all its contents. consisting of several hundred bushels of wheat, rye oats, a threshing machine and other implements. It is supposed that the fire originated from the machinery, as men were employed threshing during the day.

GEN. JAMES S. NEGLEY, of Pittsburg, has leen authorized by the Secretary of War to raise two regiments of infantry, to be mustered into rivice as soon as formed. The General notifies counteers that he will devote special attention to the organization and equipment of these rements, and his well known tact and energy ale a sufficient guarantee on that score.

WELCOME SHOWERS. -The anxiously waited for bowers which bedewed us in tears last evening. were both seasonable and refreshing. The earth which had been thoroughly baked under the action of the sun, was thus enabled to give sustenance to the parched and dried up vegetation, and the prospect of a good crop of corn and a plentiful supply of potatoes is thus made a suched per cent. better than before.

RAILROAD ACCIDENT .- FAISE REPORT .- It was numered here last evening that the passenger min. containing the "buck-tail" regiment, run of the track and upset shortly after leaving the stat in on the west side of the river, and that one man was killed and several others injured. No such accident occurred. The rumor grew running over some cattle on the track. No person was injured, nor were the cars materially

FATHUSIASTIC WELCOME.—The members of the Washington Rifle company, of Lykenstown, in this county, were honored with a public reception on their return home. The Journal says the whole town participated in the demonstration, and all the houses were gaily decorated with wreaths and banners. Fun and frolic were improvised and kept up until a late hour.

ROBBED ON THE CARS .- Two soldiers of the fourteenth regiment, who came from Carlisle last evening, were robbed on the cars. One of them lost his entire three month's wages, and the other ten or twelve dollars. No doubt many more were victimized at the same time, of which we have no report. At the various points where volunteers have been paid off, pick pockets have operated extensively and successfully, reaping a rich pecuniary harvest. Disguised in uniforms, these light-fingered rascals mingle freely among our soldiers without exciting suspicion, and avail themselves of every favorable opportunity to rob the brave men of their hard carned wages.

"THE FORMER DAYS."-The degeneracy of our times, especially in the matter of honesty and integrity in public affairs, is most sadly marked. A gentleman in middle life furnishes to one of the papers the following incident of his boyish days:

Having occasion to write, he thought to supply himself with a sheet of letter paper from the desk of his grandfather, who at the time held an office under the Federal Government. "What are you doing there?" said the old

gentleman.
Getting a sheet of paper, sir."
Put it back, sir, put it back; that paper betoms to the Government of the United States."

How exceedingly old-fashioned that sounds in these days of wholesale speculation, fraud, robbery and plunder! Well may we sigh for the return of "Auld Lang Syne."

RETURNED VOLUNTEERS. - Six more companies of the fourteenth regiment reached this city last night from Carlisle, accompanied by the field and staff officers. These are as follows:-Colonel-John W. Johnston, Westmoreland county; Lieutenant Colonel-Richard M'Michael, Reading; Major-Charles N. Watts, Carlisle; Adjutant-Joseph A. M'Lean, Reading; Quartermaster-William M. Seiler, Harrisburg; Surgeon—R. S. Livingston, Danville; Assistant Surgeon—Washington Nugent; Chaplain-J. M. M'Carter, Lebanon. The beautiful

ANOTHER HARRISBURGER PROMOTED. -Mr. Lieutenant in the regular army.

FILLING UP .- Some twenty-five or thirty young men have already signed the roll of Capt J. Wesley Awl's new company, which is to be attached to Colonel Good's Zouave regiment.-The Captain is still slightly indisposed, but we hope to see him on duty again in a short time.

THE FUNERAL OF MR. BOYER, to take place Library Association, to both of which the deceased belonged. We presume an invitation has been extended to the fire department generally to attend.

Another Bible and Bullet Canard. - A southern exchange says :

William P. Mangum, son of the Ex-Senator from North Carolina, had his life saved at the battle of Bull's run by a bible in his pocket, the gift of his sister.

As has been said before, this thing of the preserving powers of bibles in battles is entirely "played out." Let us have some new story, known to stop a bullet in battle?

It is said, also, that they are organized for no versed in the science of war, and proverbial for simple holiday purpose, but intend volunteer his kind and humane treatment of those under his command, cannot do better than join Caphis command. tain Waterbury's company.

An Indignant Young Lady. - Last evening Miss Catharine Hamlin went into a dry goods store to purchase a few yards of muslin. After paying for it, she thought she had given too much, and suggested the idea to the clerk, who was not aware of the mistake. But his denial store, and closed the entertainment by throw-She went before an Alderman and prefered a charge of assault and battery against the clerk, plaint was dismissed.

THIEVES AND PICKPOCKETS .- For two or three weeks past the light fingered fraternity have operated with astonishing boldness and success in this city. Scores of soldiers have been robbed and the pockets of travelers and citizens relievent of the upsetting of a freight train, caused by ed of large sums of money. Suspicion attaches to two or three "fancy" individuals hereabouts who have no ostensible means of livelihood, and yet live fast, sport any amount of jewelry, dress fashionably and extravagantly, and "splurge" extensively. > More Recruits.—A large company of recruits, to fill up regiments now encamped in this vicinity, arrived here this afternoon. All of them are stalwart and able-bodied men, in the prime of life.

Another Regiment Gone.—The regiment commanded by Colonel Simmons, of this city, to morrow afternoon, will be attended by the left at noon to-day, en route for the upper Po-Washington Hose Company and Washington tomac to join Gen. MISCELLANEOUS PIONIC.—From present indications the picnic to come off at Cold Spring tomorrow will be the largest and gayest of the season. Old and young, married and single, men and women, are making preparations to one that is not quite so thread-bare. These feminine Zouaves are represented to be "young and pretty." If so, in the event of their acceptance it is to be feared that before they remain long in the army they will need nurses themselves!

THE DIST OF THE SOLDIERS.—There are many only confirmed Miss Catherine's impression, and persons who would cheerfully aid in promoting she forthwith proceeded to kick up a row in the the health and comfort of the volunteers engaged in the service of the country without deing the bundle at the clerk's head. The office of the Democratic Standard was completely relieved of its contents this afternoon, by a mob composed of the soldiers returned, from the first regiments, and citizens. My age is about 50 years; the color of my hair anburn, and inclined to car! Some five or six years since it regan to turn gray, and the scalp on the crown of my he d to lose its sensituility and dandruff to form who it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair failing off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off or my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find for the use of two botles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruft ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligutions I owe to her sex, I strongly recommend all husbands who value the demiration of their way as to profit by my example, and use tif growing gray or getting baid.

Yery respectfully, BEN A. LAVENDER.
