HARRISBURG, PA.

Wednesday Afternoon, August 14, 1861.

CAMP MEETING.—A camp meeting commences near Hightstown, this county, to-morrow.

RECRUITS FOR THE ZOUAVE REGIMENT.—A company from Allentown, forming part of Colonel Goods Zouave regiment, arrived here last night.

RECRUITS FOR THE "BUCKTAILS."—Forty-six recruits from the "wild cat district" for Col. Kane's Rifle regiment arrived here last night, and will leave this evening to join their regiment.

GOING TO WASHINGTON.—Gen. E. C. Williams, and his aid Col. T. J. Jordan, left here this morning for Washington city on official business. It is said that Gen. Williams will soon be assigned to an important command.

DEATH OF A SOLDIER.—Thomas J. M'Allen, originally a member of the Cameron Guard in the city of Baltimore on Saturday morning. His remains were brought home last night to his widowed mother, and from thence interred this afternoon. Mr. M'Allen left this city with the Cameron Guard and was stationed for several weeks in and around the city of Baltimore while that place was placed under their care; but the company leaving that city rather unexpectedly the caretaker without him. As soon as Mr. M'Allen discovered this state of affairs he re-enlisted at once for the war in a military company formed in that city and was serving in that capacity when he was called from this stage of action. Mr. M'Allen was well known in this city, where he leaves a widowed mother, a sister and a large number of friends and acquaintances who mourn his early death whilst serving his country.

A WELL MERITED COMPLIMENT.—Lieut. Frank Davies, U. S. A. who was selected by the Secretary of War to act as aid to the gallant and lamented Col. James Cameron, of the New York Seventy-ninth (Highland) regiment, seems to be as highly esteemed and beloved by the officers and men of that regiment, as he was confided in and esteemed by the Colonel who led them to battle. He was the idol of the rank and file—their hero, in fact, in whom they had centered their affections as men and their confidence as soldiers. Since the bloody encounter at Bull Run, this esteem on the part of the non-commissioned officers and men has shown itself in the presentation of an elegant sword, belt and sash, all of the most costly material and perfect finish. This gift was designed as much to testify the regard for the man as it was to evidence their estimation of the soldier, and as such our gallant young townsman intends to preserve the blade only to be wielded in defence of a country for the love of which he secured the confidence of its donors. Our regard for young Davies amounts to the sentiment that, we are proud of him.

CAMP CAMERON.—We recently paid a visit to the encampment of Col. Sam. Black's regiment, and were highly gratified with the appearance of things generally. The camp is beautifully situated on a rolling tract of land belonging to our present worthy Secretary of War, about one mile east of the city, and near the county poor house. The tents are of good material, afford ample protection against rain, and are situated just west of a fine woodland of stately forest trees. Further to the west, running due north and south, are a number of trees that seem to have been left on account of their singular beauty. On the north runs the road, and just beyond it the Lebanon Valley Railroad. Southward is a large stream of water winding through a ravine of fine appearance. To this stream the soldiers go to do their bathing and to wash their clothes. The streets are laid out in city-like order, and are called quite a variety of names. Company A (the Federal Guards) have their East and West companies, Federal and Liberty streets, as well as Pittsburg, to which city they belong.

Col. Black's orders are very strict and of the right stamp. No obscene language or swearing whatever is tolerated. Discipline of a very strict character is enforced, and six or seven men are detailed every morning to clear away all rubbish, "level the grounds," pull up roots, &c.

The neighborhood is remarkably healthy, none of the men being unable to stow away their share of "pork and beans." On the first night of the encampment, Capt. Hull, alluded to in last evening's TELEGRAPH, in accordance with the unanimous desire of the men, introduced religious exercises, and offered up an eloquent prayer for our success, for help from above, and for the friends all left behind. Every evening these meetings are growing more interesting, and the result—how could it be otherwise?—is that everything goes on harmoniously. One of the companies have a choir of really first-class singers; also a band, composed of a guitar, violin, banjo, accordion, etc., and the leisure hours are well improved in this respect.

Last Sunday, being the first in camp, was appropriately observed, the regiment being formed about four o'clock p. m., and marched into the grove, where the Rev. Mr. Moore, of the Methodist Church, delivered a most eloquent and impressive address from the text to be found in the 11th chapter of St. Matthew, "Come unto me, all ye that labor and are heavy laden, and I will give you rest." The remarks of the good man were listened to attentively by both soldiers and spectators, and all appeared to fully appreciate the solemnity of the occasion.

Col. Black is now in Philadelphia, making arrangements for overcoats, uniforms, etc., for the regiment. In his absence the camp is in command of Lieut. Col. Lehman, a true gentleman and model soldier.

The regiment will remain in its present encampment until the men receive their uniforms and have acquired a thorough knowledge of military tactics.

A DEAD LAW.—Some time ago the Legislature enacted a bill making the profession of astrology, divination and fortune-telling, or the publication of announcements of such nefarious trades, punishable with fine and imprisonment. The object of the bill was generally commended, and for a time the public prints no longer teemed with the ridiculous and blasphemous cards. We notice, however, that they have revived, both the trade and the announcement, and the Philadelphia papers are again teeming with advertisements of "the lady with the natural gift" promising "to tell your very thoughts, and cause speedy marriages, to give lucky numbers and cure drunkenness." The "teacher of all now advertising astrology" is out again, promising to help all in "sickness, business, matrimony and trouble." The places of residence of these people are boldly given, and they carry on their nefarious business as if the Act of Assembly prohibiting it, had never been passed. Approas of fortune telling, it is said that Armstrong, who was recently hanged for murder in Philadelphia, was extremely credulous, and made these hags frequent visits to read the will of the oracles. May not his great crime have been in part suggested by some of these weird sisters?

POLICE AFFAIRS.—The city lock-up made up for its previous shortcomings last night by having a "full house." Thus, Regle—an old stager, who appears to have enlisted for the war in the ranks of Capt. Whisky—was the first customer to make obeisance to the Mayor. Thomas looked for all the world as if he had recently gone through a first-class threshing machine. He was discharged on a promise to leave the city instanter. Reuben Shade next answered the roll call. The charge against him was drunkenness. He was fined \$1 and costs.

Charles Carson, another "drunk," was discharged on a promise to leave the city. James Hamilton and William Collins, more "drunks," were each fined \$1 and costs. Two countrymen named Poffenberger and Wagner, had a hearing before the Mayor, charged with violating a city ordinance by refusing to hitch their horses at market. They plead ignorance of the law, in consideration of which the Mayor discharged them upon the payment of the constable's fees.

Jno. Fagley, a rough looking customer, was before the Mayor charged with drunkenness and threatening mine host of the Seven Star tavern. From all accounts John is a desperate fellow, and wouldn't be a very desirable personage to meet in a lone by-way after night. It is said he has been for some time subsisting on the raw meat of chickens, owned by Mr. Wagner. In consideration of all which, his Honor the Mayor sent him over the way for ten days.

THE PAY OF OUR ARMY.—No question is oftener asked than what is the compensation paid to the rank and file of the volunteer and regular army of the United States? As the recent acts of Congress have modified the terms of enlistment and of pay, we give a statement as follows: All volunteers are hereafter to be mustered into the service for "during the war," except volunteers in the regular army, whose term of enlistment is to be for three years. The pay of both volunteers and regular army is the same, and the bounties are the same to each. All non-commissioned officers and privates receive \$13 per month regular pay, with rations and clothing extra. They may commute for clothing, receiving \$8.50 per month in lieu of clothing in kind, and they may commute for rations when not received in kind, at the cost. Every volunteer receives fifty cents, in lieu of subsistence, for every twenty miles of travel from his place of enrollment to the place of muster; and when honorably discharged, an allowance at the same rate from the place of his discharge to the place of his enrollment. His transportation is in all cases paid by the Government. In addition to these regular items of pay, every volunteer, if he shall have served for a period of two years, or during the war, if sooner ended, is entitled to receive the sum of one hundred dollars bounty. Any volunteer who may be wounded in the service is entitled to pension or bounty land; and the widow or heirs of such a die or are killed in the service, receive the sum of \$100, in addition to all arrears of pay and allowances.

IMPORTANT MILITARY MOVEMENT.—We learn that Capt. Hambricht of Lancaster returned from Washington on Saturday evening last, with full authority from the War Department to raise a regiment of riflemen to be ready to march as soon as it can be organized. The mere announcement of this fact will bring to the standard of their country many young men who have not as yet enlisted, because they have the most implicit confidence in Captain (now Colonel) Hambricht as a superior commander. We are informed that the Colonel has had eight companies tendered him from different counties in the State. Colonel Hambricht brought the "documents" with him, and will enter at once upon the organization of the regiment. It has been accepted for three years or the war, to be mustered in by companies as soon as they are ready. The acceptance contains the following provision:—

"This acceptance is with the distinct understanding that the Department will revoke the commissions of all officers who may be found incompetent for the proper discharge of their duties."

As soon as one or more companies are ready the men will be mustered into the service of the United States, and subsisted by the Government from that date. Tents, clothing, arms, etc., will at once be furnished, and a camp of instruction for the regiment formed near Lancaster, where it will remain until ordered into active service. One battalion will be armed with the Enfield Rifle, and the other with the Sabre bayonet, and it will be the aim of the officer commanding, as it is the desire of the War Department, to have this one of the best drilled, most thoroughly equipped, and in all respects one of the most efficient regiments in the service. Taking the proficiency to which Colonel Hambricht has brought the Jackson Rifles of Lancaster, of which he was commander, as the criterion by which to judge, we can safely aver that the public expectation will be fully realized in his extended and more important sphere of action.

TIMBER.—Several flotillas of lumber passed by this city on the Susquehanna yesterday.

MORE CAVALRY.—A company of cavalry from Huntingdon, commanded by Capt. Hamilton, arrived at Camp Curtin to-day.

THE PEACH CROP.—Peaches are now abundant in this city, and cheap. The present is a bearing year, where favorably situated, every tree yielding fruit.

THE MARKET this morning was well attended by our "country consins," and the supply of produce was unusually large. Vegetables, particularly, were abundant and sold generally at the lowest prices.

THE CADETS OF TEMPERANCE will hold a regular meeting this evening at their hall, commencing at half past 7 o'clock. A full attendance is very desirable. The D. G. P. for this district from Philadelphia will positively be in attendance.

MILITARY RELIEF FUND.—An adjourned meeting of the Committee will be held this evening at the Exchange, in Walnut street. It is expected that members will be punctual as business of importance will be submitted. O. EDWARDS, Secretary.

PASSED THROUGH.—The First City troops passed through here at one o'clock p. m. yesterday, on their way home in Philadelphia. The "Troops" formed an important arm of General Patterson's column of three months' volunteers. Extensive arrangements have been made in Philadelphia to give them a cordial reception.

PRESIDENT LINCOLN'S LADY arrived here at noon to-day in a special car from Washington city en route to Long Branch, New Jersey, at which fashionable watering place she purposes remaining for several days. She was accompanied by several of her friends, including three of her children. The car containing the distinguished party was detained here only long enough to permit it to be transferred from the Baltimore Central to the Lebanon Valley Railroad over which latter road it left with the noon train for New York.

MANY ELOQUENT and truly poetical tributes have been paid to the memory and the services of the lamented Col. James Cameron, among which we regard the following as superior in truthfulness, pathos and energy:—

A TRIBUTE TO THE BRAVE.  
Dedicated to the Memory of the late Col. James Cameron.

A plain, substantial Farmer,  
Whose years of thrift and toil  
With peace and plenty crown'd him,  
As monarch of the soil:  
One of the "solid people,"  
Whose works of brain and hand  
Build up our nation's riches,  
And dignify our land.

But when his outraged country  
Cried on her sons for aid,  
He dropped the spade and ploughshare  
And drew his battle-blade.  
Amid the cannon's thunder,  
That shook the summer air,  
Where iron hail fell thickest,  
His stalwart form was there!  
The best war-blood of Scotland  
Was burning in his veins;  
His fiery deed seemed conscious  
A Cameron held the reins!  
The light of glorious battle  
Gleamed from his master's eye,  
As, with the "bairns of Scotland,"  
He swore to "do or die!"

A true man to his country  
Unto his latest breath,  
He heard the call of duty,  
And died a hero's death!  
The memory of his virtues  
Shall bloom far and wide,  
And Scotland's name be known  
To all our nation's pride!  
Washington, 1861. H. CLAY PERCIE.

SURGEON GENERAL'S OFFICE, AUG. 9, 1861.  
THE following act of Congress in relation to the Corps of Medical Cadets is published for the information of all concerned:  
"Sec. 7. And be it further enacted, That there be added to the Medical Staff of the Army a Corps of Medical Cadets, whose duty it shall be to act as dressers in the general hospitals and as ambulance attendants in the field, under the direction and control of the medical officers alone. They shall have the same rank and pay as the military cadets at West Point. Their number shall be regulated by the exigencies of service, at no time to exceed fifty. It shall be composed of young men of liberal education, students of medicine, between the ages of eighteen and twenty-three, who have been reading medicine for two years and have attended at least one course of lectures in a medical college. They shall enlist for one year, and be subject to the rules and articles of war. On the fifth day of the last month of their service, the near approach of their discharge shall be reported to the Surgeon General, in order, if desired, that they may be relieved by another detail of applicants."  
Application must be made to the Surgeon General for admission into the corps, in conformity with the above-mentioned act, and the following conditions:—Age, not less than 18 years, place of residence, period of medical studies, and enclosing the certificate of the dean of the college (or, when not obtainable, other satisfactory evidence of the fact) that the applicant has attended one full course in a medical college.  
Those applications must also be accompanied with testimonials of the good moral character and sound physical condition of the candidate. When an application is favorably considered the candidate will receive a letter authorizing him to appear before an Army Board of Medical Examiners, who will make a special report in each case. From among those approved by the board the Surgeon General will select such a number as the service may require.  
As the services of this class of medical and surgical assistants are at once required, applications, to be successful, should be promptly made to the Surgeon General, who will direct the candidate to appear before one of the Army Medical Boards now in session in Washington and the city of New York.
