DISEASES OF IMPRUDENCE. RELIEF IN SIX TO TWELVE BOURS.
No Mercary or Noxious Drugs.

Weakness of the Back or Limbs, Strictures, Pains in the Loins, Affections of the Kidneys and Bladder, Organic Weakness, Nervous Debility, Decay of the Physical Powers, Dyspepsia, Langnor, Low Spirits, Confusion of deas, rail itation of the Heart, Timidity, Tremblings, Dimoces of Sight or Giddiness, Disease of the Stomach, Affections of the Head, Throat, Nese or Skin—those terrible disorders arising from the indiscretion or Solitary Habits of Youth—those dreadful and destructive practises which produce constitutional debility, render marriage impossible, and destroy both body and mind.

Be particular in observing the name or number, or you will mistake the place. Be particular for Ignorant, Trifing Quacks, with false names, or Paltry Humbug Certificates, attracted by the reputation of Dr. Johnson, lurk near.

DR. JOHNSTON. DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the mest eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astendahing cures that were ever known. Many troubled with ringing in the cars and head when asleep, great nervousness, being alarmed at sudden sounds, bushfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. so dresses all those who having injured them Or. J. be dresses all those who having injured themselves by 17 vate and improper indulgencies, that secret and solitary abit which ruins both Body and mind, outting them for either business or society.

These are some of the sad and melancholy elects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debilty, Symptoms of Consumption Ac.

MENTALLY.

MENTALLY, the fearful effects on the mind are much to be dreaded :—Loss of Memory, Confusion of Ideas, De-pression of Spirits, Evil Forebodings, Aversion to Socia-ty, Self-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, a personne, and empirical hours and empirised, have becoming weak, pale, nervous and emaciated, have singular appearance about the eyes, cough, and sympos of consumption.

YOUNG MEN

who have injured themselves by a certain practice, in dulged in when alone—a habit frequently learned from suil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

effect that a sound mind and body are the most necessary requisites to promote connubial happiness. DISEASES OF IMPRUDENCE. - When the misguided

and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-dimed sense of shame or dread of discovery deters an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, see, progressing on with frightful rapidity, till death puts a period to his dreadful sufferings by sending him to "than bourne from whence so traveler returns." It is a melancholy fact that thousands fall victims to this terribis disease, owing to the unskilluless of ignorant pretenders, who, by the use of that deadly poison; mercury, ruit the constitution and make the residue of life miserable.

Washington, Aug. 15.

It has been ascertained that the rebel Gen. Magruder, of Newport notoriety, left Yorktown few days ago with about seven thousand of the rebel forces there, and went in the direction of Richmond. It is supposed they were to join the column of Beauregard in front of Washington. There are many evidences that the rebels are concentrating between here and Richmond nearly all the troops they have in Virginia This is construed into a preparation on their part for an attack upon our lines here. Col. Murphy's regiment moved yesterday from Alexandria College to Hunter's Church,

a point two miles northeast of Bailey's Crossroads. This movement will place Col. Murphy's pickets in close proximity to those of the rebels. The army of the Potomac is almost entirely
