DR. JOHNSTON. Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the mest eminent Colleges of the United States, and the greatest part of whose life has been spont in the Hospitals of London, Paris; Philadelphia and elsewhere, has effected some of the most astonishing ourse that were ever known. May troubled with ringing in the ears and head when select, great nervousness, being alarmed at sudden sounds, bashfulves, with frequent blushing, attended sometimes with derangement of mind were curved immediately.

TAKE PARTICULAR NOTICE.

These are seme of the sad and melancholy endets produced by early habits of youth, viz.: Weakness of the Back and firmbs, Pains in the Head, Dimness of Skyl, Loss of Muscular Power, Paipitation of the Heart, Dyspensia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, a becoming weak, pale, dervous and emaciated, have a singular appearance about the eyes, cough, and symposis of consumptions.

YOUNG MEN

who have injured themselves by a certain practice, in delyed in when alone—a habit frequently learned from evil commanicus, or at sehool, the effects of which are signily felt, even when saleep, and if not certed, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequences

of deviating from the path of nature, and indulging in a certain scored habit. Such persons must, before contemplating MARRIAGE.

effort that a sound wind and body are the most necessary requisited to promote connubiat happiness. Indeed while these, the journey through life becomes a weary pilgrimage, the prospect heartly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes highed with our own.

TO STRANGERS.

The many thousands cured at this Institution within the last twelve years, and the numerous important Surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, relices of which have appeared again and again before the public, besides his standing as a perfection of character and repossibility, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRIDENCE.—When the misguided and imprudent vokary of pleasure finds he has imbibed the seeds of this painful disease, it has often happens that an ill-dimed sanks of alane or dread of discovery determined the many principal to those who, from education and respectability are along the federal him. into from applying to those who, possection and respeciability can alone befriend him, delaying till the consituational symptoms of this horrid disease make their
appearance, affecting the head, throat, nude, sixte, dec,
progressing on wisal-wightful repidity, till death pute a
period to his dreadful sufferings by sending him to "time

disease, owing to the unskillulness of ignorant pretendare, whe, by the use of that deadly potters, sucrosry, rule
